WOODIN'S RESIGNATION DEMANDED

Japan Demands New Naval Treaty Be Consummated

BRITISH AND U. S. OBJECT TO PROPOSAL

Geneva Delegate Demands Scrapping of Washington and London Pacts

PLANS ARE BLOCKED

Spain Asks Abolition of All Battleships Larger Than 10,000 Tons

GENEVA, May 25.—(UP)—Japan seeking her place in the sun, demanded before the disarmament commission today a new naval agreement, replacing those of Washington and London that halted naval competition.

Naotake Sato, chief Japanese delegate, said before the full commission, already far away from the rose tinted situation that followed President Roosevelt's peace letter, that a new agreement should be included in any future disarmament convention.

Capt. Anthony Eden, acting chief British delegate, rose at once and said:

"I would regret if the conference accepted the Japanese proposal. I must say frankly it is not of such a nature as to assist in our work."

Norman H. Davis, chief United States delegate, who last week offered for President Roosevelt to alter America's traditional diplomatic isolation in an effort to lead the world toward disarmament, followed Eden.

Opposing Sato's proposal, Davis appealed to the conference to accept a draft article under which signatories to the Washington and London treaties would remain bound to their pledges to reduce.

These treaties, he said, not only halted a race for naval armaments but "had a continuing influence on the peace of the world."

Salvador De Madariaga, Spanish delegate, brought a new complication into the meeting of the full commission when in behalf of smaller nation he asked the abolition of all battleships of more than 10,000 tons.

That is the size of the famous "pocket battleships" — officially cruisers, to which Germany is limited under the Versailles treaty.

"The five great naval powers have among them 4,276,000 tons of battleships," said Madariaga. "The rest of the world has but 940,000."

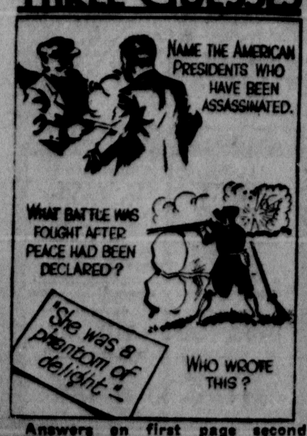

CONGRESS AGAINST WAR IS PROPOSED

NEW YORK, May 25.—(UP)—An American 'Congress Against War" was proposed today by three noted authors as final results of the "Participation in War" poll conducted by the Intercollegiate Disarmament Council showed that 39 per cent of the students voting would refuse to fight in case of war.

The anti-war congress proposal was addressed to al lorganizaztions and individuals opposed to war by Sherwood Anderson, Theodore Dreiser and Upton Sinclair.

"War, never far distant in this mad dog-eat-dog society of ours, is terrifyingly close these days," their statement said. "We have been depending on statesmen and diplomats to preserve peace. We can do so no longer. The time has come when we must ourselves act or face our defeat."

THREE GUESSES

Answers on first page second section.

Mother, 103, And Son, 83 Celebrate

BERKELEY, Cal., May 25.—(UP)—Mrs. Mary Jane Morrow celebrated her 103rd birth anniversary today with her "baby," James F. Morrow, 83, her only son.

"I'm enjoying every minute of this day," she said. "Birthday celebrations might be hard on old folks, but a young woman like myself can survive them without any trouble."

Mrs. Morrow was born in LeRaysville, N. Y., May 25, 1830, while Andrew Jackson was president. She came to California in 1876 and has lived in the same house for 47 years.

JAPANESE GUNS DENY REPORT TRUCE SIGNED

2 New Towns Captured by Invading Forces, While Third Evacuated

MUKDEN, Manchuria, May 25.—(UP) — Guns of Japanese troops spoke a brisk denial today of reports that a truce had been reached by their representatives at Peiping.

Two new towns were on the verge of capture and a third was purged of its last remnants of Chinese forces, according to advices received here.

One of the towns being assailed was Tangku, situated at the mouth of the Huen river which provides a seaport for ntsin, 15 miles inland. The town was surrounded by Gen. Ting Chi-Wang and his division of pro-Manchoukuo volunteers, reports said.

A Japanese detachment was reported preparing for a triumphal entry into Pamencheng, 40 kilometers north of Tientsin.

Japanese troops were said to have assumed complete occupancy of Tungchow, a suburb of Pieping, after a squadron of airplanes had bombarded the Chinese positions. The defenders fled.

Manchoukuo flags were hoisted atop the citadel in Ningho, northeast of Tientsin. The flags carried the insignia of the "National Salvation Army."

One instance of violence occurred here today as authorities accused foreign banking interests of fomenting discontent. A Japanese patrol was killed by a sniper firing at a powder magazine. The magazine failed to explode.

Foreign bankers were accused of furnishing funds to an anti-Manchoukuo "civilian army." The principal target of attack was the local branch of the Hongkong-Shanghai bank whose officials were charged with communicating with Hongkong and Shanghai by secret radio.

GANDHI IN FINE CONDITION

POONAN, India, May 25.—(UP)—Mahatma Gandhi was in excellent condition today, the 18th of his fast, a physician said after an examination.

Though Gandhi's voice was a mere whisper, the physician reported his heart and pulse were excellent, his weakness was not excessive and there was no slackening of his mental powers. His fast ends Sunday night.

STABILIZATION FIRST OBJECT OF CONFERENCE

Negotiation Started to End Fluctuation of Dollar, Pound and Franc

WASHINGTON, May 25.—(UP)—The first task of the London Economic conference, officials said today, will be to end fluctuation of the world's major currencies.

The federal reserve board, in collaboration with the Bank of England and the Bank of France, is studying methods of ending the acrobatics of the dollar, franc and pound. Officials said it was not yet certain whether there would be temporary stabilization in advance of the conference.

Special emphasis is being placed on stabilization because it appears to economic experts as a prerequisite to an agreement on tariffs.

Negotiations between the federal reserve board and the central banks of England and France are designed to lay a basis for stabilization when the governments decide to attempt it. Several methods have been discussed.

One is creation of a fund by the three powers to be used to manipulate values of currencies artificially by buying and selling operations.

Officials believed that if this method were adopted it would be necessary for the United States to obtain congressional approval.

Although less than a week remains before the American delegation to London is scheduled to sail, President Roosevelt still has not completed it.

Four members have been selected—Secretary of State Hull, Chairmen Pittman of the senate foreign relations committee, Chairman MacReynolds of the house foreign affairs committee and former Governor James M. Cox of Ohio.

Mr. Roosevelt is having difficulty in finding the two remaining members. He wants at least one Republican. Senator Johnson, Repn., Calif., last night rejected a place on the delegation.

Secretary of State Hull planned to entertain Viscount Kikujiro Ishii, Japan's special envoy to discuss economic subjects, and J. F. De Assis Brasil, representing Brazil, at luncheon today.

BANK REFORM BILL PASSED BY SENATE

WASHINGTON, May 25.—(UP)—The Glass bank reform bill, providing a government guarantee of small bank deposits for one year and a limited insurance for deposits on all sizes after that time, was passed by the senate today.

Where its predecessor last session was filibustered for three weeks in the senate, debate on the present bill lasted only one day.

The senate acted fast on the heels of the house, which approved a similar bill Tuesday. A conference to compromise differences probably will be necessary.

STEEL INDUSTRY IS SAID ON UP-GRADE

NEW YORK, May 25.—(UP)—The steel industry and American business in general are definitely on the up-grade, Charles M. Schwab, chairman of Bethlehem Steel Corporation, said today in a speech prepared for delivery to the American Iron and Steel Institute.

"I feel better about our situation today than I have for many months. The improvement which has come about has given us all new hope," Schwab, chairman of the institute, said.

He warned however, that a sharp increase in the volume of business must be the real cure for the depression.

NEWSPAPERMAN KILLED

LOS ANGELES, May 25.—(UP)—A middleaged, bespectacled janitor was held today charged with slaying E. Gail Patterson, 53, assistant publisher of the Los Angeles Illustrated Daily News, and seriously wounding J. W. McGuire, 66, purchasing agent of the paper.

Patterson, a former resident of St. Paul, Minn., was shot to death as he tried to shield McGuire from an attack by Edwin Davis, 58, the janitor.

McGuire, wounded in the abdomen and leg, underwent a major operation and was reported in a critical condition today at police emergency hospital.

REVEAL COOLIDGE FAVORED BUYER OF MORGAN STOCKS

Politics Is Rumored At During Quiz

Raskob Letter Declares He 'Hoped to Reciprocate' for Courtesies

WASHINGTON, May 25.—(UP)—The late Calvin Coolidge was revealed today as a favorite purchaser of J. P. Morgan and company, securities.

The name of the man who was president of the United States during the boom years was revealed on a list of nationally prominent persons who were given opportunities to make a quick turnover in securities offered through the famous banking house.

Ferdinand Pecora, committee counsel, told questioners at the luncheon intermission that former President Coolidge exercised "ground floor" privilege offered him.

Pecora said that the standard brands stocks, offered at $32 in June, 1929, actually was issued in September 1929, and in two weeks passed $45 per share.

The list was made public after the inquiry had developed an effort to establish whether the Morgan firm offered opportunities to make quick profits in the expectation that political favors would be offered in return.

J. P. Morgan, explaining testimony that he paid income taxes in England during the years he paiid no income taxes in the United States, said in a statement just before the luncheon recess that the taxes were under the British inland tax law and based on the rental value of property which he owned there.

Discards Vest

Morgan, who surrendered to the Washington heat today and came to the hearing without a vest, said the tax amounted to about 7000 pounds sterling in 1930, and about the same amount in 1931 and 1932.

A letter from John J. Raskob, former chairman of the Democratic National committee, was the basis of the attempt to connect Morgan favors with political returns. Raskob wrote that he hoped the future would give him "an opportunity to reciprocate" for the courtesies extended by the Morgan company.

The new list of preferred Morgan purchases were those who dealt in Standard Brands, Inc. A preferred list of those permitted to buy Allegheny corporation stock blow the market level was made public yesterday. Testimony since has shown there were at least five of these preferred issues, the others being United Corporation, General Motors and Johns-Manville.

The new preferred list included the name of Bernard Baruch. It also included the names of some who were shown yesterday to have bought Allegheny corporation stock on a ground-floor basis—Secretary of Treasury William H. Woodin, Charles A. Lindbergh, Sen. William Gibbs McAdoo and R. B. Mellon.

Partner on Stand

Ferdinand Pecora, committee counsel, at once asked George Whitney, Morgan partner on the stand, on whose recommendation the name of Calvin Coolidge appeared on the list.

"I should assume it was by Mr. Thomas Cochran. He was a close friend of his," Whitney replied.

The stock was offered preferred

LONDON QUIET ON JUNE DEBT PLANS

LONDON, May 25.—(UP)—The government will not reveal its decision regarding payment of the June 15 war debt installment to the United States until the day payment is due, it was said authoritatively today.

Chances for payment seemed slightly better than even, according to informed opinion here, though British newspaper correspondents at Washington predicted default.

MORGAN AT SENATE INQUIRY

Here is the beginning of the sensational testimony of J. Pierpont Morgan before the U. S. Senate's stock market investigation. Telephoto shows Morgan shaking hands with Sen. Duncan Fletcher of Florida. Ferdinand Pecora, counsel for the committee conducting investigation, also is shown.

WAR VETERANS GIVEN MEDALS AT CEREMONIES

National D. A. V. Head Talks Against Veterans' Economy Act

MEMORIES OF the stirring days of 1917 and 1918 when the youth of Orange county marched away to the battlefields in foreign lands, were revived last night in ceremonies and addresses accompanying the formal presentation of the Order of the Purple Heart, a military decoration awarded to veterans wounded in active service, to some 80 Orange county World war veterans, held in the auditorium of the Frances E. Willard junior high school

A packed audience, including distinguished guests and members of families of the men awarded the military honors, witnessed the presentation ceremonies, conducted by Jack Fisher chapter, No. 23, Disabled American Veterans of the World war, of Santa Ana.

Preceding the presentation of the medals and the principal address of the evening, was a brief entertainment program, arranged for the occasion, including instrumental selections by the Polk Burke orchestra, and vocal numbers. Particularly well received by the audience were three solos by Ivan G. Edwards, well known Hollywood lyric tenor, accompanied by Clarence Gustlin, of this city. The lion's share of applause, however, went to the Santa Ana Junior College quartet, made up of Mark Hare, Martin Bowman, Bill Fox and Rutherford Williams, accompanied by Duncan Harnois, whose sidesplitting parody on the

JUDGE LOUDERBACK FREED OF CHARGES

WASHINGTON, May 25.—(UP)—Federal District Judge Harold Lauderback of San Francisco, acquitted on impeachment charges by the senate yesterday, was looking forward today to a long rest after the grueling trial.

He was acquitted on each of five counts on the impeachment charges brought by the house last session. The allegations were based on his action in various receivership cases.

A two-thirds majority on any one count would have been necessary for conviction. On only one count, the fifth, based on his appointment of H. B. Hunter as receiver in the Russell Colvin bankruptcy case did a bare majority vote guilty. The vote on this count was guilty 45; not guilty 34.

MISSING CADET IS FOUND ON CAMPUS

WEST POINT, N. Y., May 25.—(UP)—Cadet John Steen Conner of Medford, Ore., who wandered about the West Point military reservation for two days apparently suffering mental strain from overstudy, was under observation in the cadet hospital today.

Conner disappeared Monday and was the object of a widespread search by the cadet corps. Last night Sergeant Jasse Roberts of the regular army detachment found him near the Hudson river.

The cadet was heavily tanned and in excellent physical condition, although suffering slightly from exposure and lack of food. He said he had eaten nothing since his disappearance but a piece of stale cake.

P.-T.A. OPPOSED TO LIQUOR ADS SENT OVER AIR

National Convention Plans to Endorse Enforcement of 18th Amendment

SEATTLE, May 25. — (UP) — Strict, impartial enforcement of the eighteenth amendment and opposition to advertising of alcoholic liquors by means of the radio were among resolutions proposed today for adoption by the annual convention of the National Congress of Parents and Teachers.

"We believe that the teachings of scientific facts about the effect of alcohol, devoid of emotion and propaganda, should be part of the curriculum of the public school," the resolution on alcohol read.

"We affirm our stand for strict and impartial enforcement of the eighteenth amendment and all acts regulating the sale and distribution of alcoholic beverages"

The resolutions committee, headed by Mrs. John E. Hayes, president of the Idaho congress, urged Parent-Teacher units to work toward preventing advertisement of alcoholic liquors over the radio.

Another resolution commended efforts of President Roosevelt to prevent wars among nations and build up a lasting peace.

Others urged that federal aid should be extended to all states during periods of economic depression, rather than only to those states able to match federal funds; participation in city, county and state planning for more effective means to meet the problem of wandering boys and girls; and that school budgets should not be reduced to affect the education of youth through shortened school terms, impoverished curricula and lowered morale of teachers and students.

M'ADOO MAKES STATEMENT ON TRANSACTIONS

Says He Made Purchases of Three Stocks Which Meant $2565 Loss

WASHINGTON, May 25.—(UP)—Sen. William G. McAdoo, Democrat, California, appeared before the Morgan banking committee today to explain the stock transaction by which he was permitted to purchase Alleghany corporation stock below the market price.

McAdoo disclosed two other stock purchases in addition to the one revealed in the investigation yesterday.

McAdoo said he had sustained a net loss on the three transactions.

McAdoo explained his receipt of Alleghany corporation by saying he had obtained them by reason of his long friendship of Russell C. Leffingwell.

Leffingwell was a former assistant of the treasury in the Wilson administration when McAdoo was secretary.

McAdoo denied he ever was a "preferred client" of Morgan and company. He said his losses aggregated $3565.

The Alleghany stock yielded him a profit of $4900, McAdoo said, but losses on the other two resulted in a net loss on the three transactions.

The text of McAdoo's statement:

ARREST THIRTEEN AT BROOKLYN PIER

NEW YORK, May 25.—(UP)—Thirteen members of a 'welcoming" delegation, composed, police said of 1000 communists, were arrested today at the Brooklyn pier where two representatives of the propaganda division of the German Nazi party were to have debarked for the liner Columbus.

The demonstrators, carrying banners reading "Wiedemann, bloody Hitler agent must go" and "The workers will answer Nazi murder and terror regime," sang and shouted at the pier.

They refused to budge when police ordered them to disperse and 100 officers, some mounted, charged into the crowd. Some of the demonstrants fought back and 13 of them, men and women, were arrested. An ambulance surgeon attended some of them and five policemen were bruised.

Sen. Robinson Calls on Senate to Repudiate Davis Consulative Pact Plan

WASHINGTON, May 25.—(UP)—Senate Morgan inquiry disclosures that Secretary of Treasury Woodin and Norman Davis "unofficial ambassador" to Europe were on the Morgan preferred investors list provoked attacks in the senate and house today.

Rep. Britten, Repn., Ill., demanded the resignation of the two and of Assistant Treasury Secretary Acheson.

In the senate, Senators Robinson, Repn., Ind., and Long, Dem., La., led the attack on the administration figures.

Robinson demanded the recall of Davis and asserted that Woodin's "usefulness as secretary of the treasury has ended."

Robinson referred to Davis in a speech against the proposed consultative pact as "our mythical ambassador who has never been confirmed by the senate and who has no authority to represent the government."

"Suddenly in the midst of his wild statements over there it develops he is on one of the two confidential lists of Mr. Morgan," Robinson continued. "And that he is today obligated to Morgan for a considerable sum. It would be interesting to know some of these things. It is generally admitted Morgan is the fiscal agent for the British government."

"What is he for the American government?" Long demanded. "It is barely possible he is over there representing Mr. Morgan."

Robinson called on the senate for repudiation of the consultative plan broached at Geneva by Davis, which he declared had "shocked" the entire nation.

Great Britain and France, Robinson said, "have so thoroughly mismanaged matters that they have ruined Europe," and might easily through "control of many great news sources" make it appear any war they were engaged it was defensive(thus involving the United States if it entered any such pact.

Senator Tydings, Democrat, Maryland, replied to the charges with a defense of Davis.

"The man who attacks his ambassador abroad," Tydings said, "when that ambassador is accomplishing signal successes toward better international feeling is attacking humanity because he is stirring international hatreds."

Another phase of the House of Morgan inquiry was brought into the debate when Senator Wheeler, Democrat, Montana, remarked that the British government "has not been as tender" with Morgan as this government.

It was revealed at the hearing yesterday that at the same time Morgan was paying no income taxes to the United States he was paying them in Great Britain.

WILL ROGERS says:

WASHINGTON, May 25. (To the Editor of The Register:) Back in here to see the "Morgan Follies." You know he has made himself a mighty pleasant and agreeable witness. This "preferred list" that they read yesterday, everybody that's not on it is knocking it. Some think the whole trial won't do much good, but any time one half learn how the other half live why it does us all good. You see there is a lot of things these old boys have done that are within the law, but it's so near the edge that you couldn't slip a safety razor blade between their acts and a prosecution.

Yours,
WILL ROGERS.

red clients at $32 a share, the price Morgan paid.

Today the stock is at $19.

Standard Brands, inc., opened at 46 7-8 for first trades on the New York Stock Exchange, on Sept. 6, 1929, and on Sept. 10 sold at 42 7-8.

Pecora sought to establish a connection between money favors and political favors. He was supported by Senator Couzens, Repn., Mich., who remarked.

"I hope we can find out whether Morgan and company is tied up in politics."

Pecora asked George Whitney, the witness, what was conveyed to his mind when Raskob spoke of being able to "reciprocate" the stock offering favor.

"I don't recall that it conveyed anything", Whitney answered.

"What position did he hold to reciprocate in return for favors?"

"My recollection was that he was no longer with the company."

"Didn't he have something to do with the Democratic National committee? Didn't you know he was chairman?"

"We don't follow such things."

"Was a similar invitation to subscribe offered Mr. Joseph R. Nutt?"

Two Shares

"I'm sure it was. As you all know he's been associated with the Van Sweringens for years."

"How many shares did he get?"

"Two shares."

It appeared that when Charles Francis Adams accepted a bargain rate buy in Alleghany stocks he knew he would be secretary of navy in the Hoover cabinet. Whitney identified a letter from Adams in which the latter said he could see nothing in his coming "position" to prevent his accepting the offer. Adams was sworn into office four weeks later.

"I notice Charles A. Lindbergh on the Standard Brands list. Was he put there by Mr. Morrow?" Pecora said.

Whitney: "No sir. On his return from Europe in 1927 Lindbergh was introduced to us by Dwight Morrow. We sort of helped him—advised him in his affairs ever since."

"Did Michael G. Herbert, who is on the list ever have any connection with the British diplomatic service?"

"His father was a counsellor of embassy here (Washington) at one time."

Whitney added that the younger Herbert had been associated with the Morgan house in London.

"How about Silas Strawn, wasn't he at one time head of the United States chamber of commerce."

Whitney was not sure.

"Do you know that during the past two days the United States chamber has appeared before congressional committees here in opposition to certain bills—the securities bill."

"I don't know that."

Collection For Morgan Taken By Harbor Club

Those hard-headed senators and others who pry into the affairs of such men as J. P. Morgan and his associates may have no sympathy with fellows like J. P. who have suffered such losses during the hard times that they have not paid any income tax for the past two years, but there are others with softer hearts.

Out here in the Far West, where men are men, and where a few have not been hit so hard, some even paying a few dollars to Uncle Sam as income tax, they feel differently.

This sympathetic feeling for the so-called "big shots" came to a head yesterday when the Newport Harbor Service club at its regular luncheon took up a collection for the head of the House of Morgan.

It amounted to only 85 cents, but enough to buy a few loaves and fishes for the needy financiers.

SUPERVISORS SEE STATE BEACH PARK

Supervisors Willard Smith, LeRoy Lyon, William Jerome and George Jeffrey and County Highway Superintendent Nat Neff inspected the new state park project at San Clemente yesterday, with Dan Mulherron, contractor, acting as guide.

Drives and trails have been completed and holes have been dug for ornamental trees being sent from the state nursery at Sacramento. Sheltered spots for picnic parties, barbecue pits and gas plates for cooking are planned. An underpass trail to the ocean is assured and rest rooms will be completed soon, according to present plans.

Eighty-five men are employed on the project under the direction of Charles Hight. It is expected that the work will be completed by July 1.

NEW AIRPLANE LINE TO BEGIN SERVICE

LOS ANGELES, May 25.—(UP)—Pacific Seaboard Air Lines, newly created company, will open a new Los Angeles-San Francisco airline service early in June, Carleton Putman, president of the organization, said today.

The line will establish the first regular costal air service between Los Angeles and San Francisco, other companies following an inland route.

The service will operate between the Grand Central Air terminal here and the San Francisco airport with stops at Santa Barbara, Santa Maria, San Luis Obispo, Paso Robles, Del Monte, Salinas and San Jose.

SELECT JURY FOR MARIJUANA TRIAL

Selection of a jury to hear evidence against Mrs. Ynez Lemos of Anaheim, accused of having marijuana or Indian hemp in her possession, was completed this morning before the noon recess of court. She is being tried before Presiding Judge G. K. Scovel.

Mrs. Lemos is being represented by Attorney Z. B. West and Preston Turner is in charge of the prosecution.

The woman was arrested several weeks ago, and entered a plea of not guilty at her arraignment. Mrs. Soledad Rivera, arrested on a similar charge, entered a plea of guilty at her arraignment and asked for probation, which was granted her last Friday.

MOONEY PLANS TO MAKE NEW APPEAL

SAN FRANCISCO, May 25.—(UP)—A direct appeal to the United States supreme court appeared today to be the next step in the fight of Tom Mooney for freedom.

Less than two hours after a directed verdict had acquitted him of an old indictment charging him with one of 10 deaths in the 1916 Preuparedness Day bombing, Mooney was back in San Quentin peeling potatoes.

Chief of his legal counsel, Frank P. Walsh, said aplication would be made to the U. S. supreme court for a writ of habeas corpus.

BILLINGS NOT TO ASK FOR FREEDOM

FOLSOM PRISON, Calif., May 25.—(UP)—Warren K. Billings, convicted with Thomas Mooney for the 1916 Preparedness Day bombing in San Francisco, held little hope today that he could take advantage of Mooney's acquittal on an old murder indictment.

"I don't see how I can apply for a pardon at this time. I have no money to employ counsel so I plan no immediate action," Billings said.

WAR VETERANS GIVEN MEDALS AT CEREMONIES

(Continued from Page 1)

famous Rigoletto quartet brought down the house.

Veterans Lauded

The formal presentation of the coveted decorations was made by Volney P. Mooney, Los Angeles attorney, national judge advocate of the D. A. V., who, extolling the services rendered by the recipients on the battlefields, took occasion to point out the injustice done them by recent legislation, and expressed the belief while some of the "high bracket" income taxpayers had apparently forgotten the sacrifices made by the veterans, they would not be forgotten by the common people of the nation.

Honoring the ceremonies with their presence were William Conley of Los Aneles, national commander of the D. A. V.; Mrs. Freida Mooney, national commander of the auxiliary; Mrs. Irene Pinney, recently elected state department commander of that organization; and John F. Burke, of Riverside, newly elected state commander of the D. A. V. Another visitor was Major W. Borden of Los Angeles, in charge of the veteran administration office in that city.

Commander Talks

The outstanding feature of the evening, aside from the presentation ceremonies, was a stirring address by National Commander Conley, devoted entirely to the effects of the recently enacted Veterans Economy act, and addressed in particular to the taxpayers in the audience.

Voicing his emphatic disapproval of the act, sponsored by the National Economy League, Commander Conley said that the effects of this sort of economy legislation will not only result in untold suffering to veterans and their dependents, but also add to the burden carried by local taxpayers through the necessity of taking care of disabled and destitute veterans deprived of their former allowances from the federal government.

"The National Economy League, representing the wealthy interests of the United States Chamber of Commerce, succeeded in accomplishing its objective—that of shifting the burden of caring for the veterans from the federal government to counties, cities, and community welfare agencies," the speaker asserted.

Loss to County

He went on to explain that as a result of this legislation, engineered by "Big Business," not only will Orange county lose in the neighborhood of $420,000 annually spent here in veterans checks mailed out by the federal treasury, but in all probability will be called upon to raise additional welfare funds for the caring of veterans.

Questioning the oft repeated argument of emonomy and the need of balancing the budget to maintain the credit of the nation, the D. A. V. commander called attention to the fact that in face of the alleged saving of $450,000,000 veteran money to the taxpayers, to balance the budget, congress following this economy measure, appropriated hundreds of millions for the so-called conservation army, and on top of that voted $500,000,000 for relief purposes.

Applause greeted the mention of the name of Congressman Sam L. Collins, representing this district, when it was announced that he voted "right" on the economy measure.

In closing, the national commander, summing up the situation, advised the members of the organization to abandon their present status as a non-political organization, and to enter politics in an effective and organized way so as to bring about the full restoration of all veteran rights.

"We have been forced into politics. If that is heresy, let us make the most of it," he concluded.

Among those to receive the decoration were John P. Clavarie, Robert M. Crawford, Claud M. Derden, Robert Cochran, F. J. De Sutter, Marshall F. Dunning, Maurice F. Enderle, Don P. Hildreth, John W. Keisley, Joseph LaLonde, John Leonardo, Olaf B. Lindquist, John M. Makely, Grover C. Murphy, Ivar E. Nelson, Paul Tucker, Harry S. Pickard, Edwin L. Redford, Cornish J. Roehm, Charles O. NEW YORK May 25—(UP—Finger prints on a wrecked sedan, the target last night of machine gun bullets from another car on a chase on upper Broadway, were compared with those of known criminals today to determine whether the shooting was connected with a feud between Dutch Schiltz and Waxy Gordon, rival beer racketeers.

Police News

Theft of car tools, a leather bill fold and a tire with an aggregate value of $25 from a garage at 301 South Main street operated by A. M. McGonagil, were reported today to police. A burglar picked a lock on the garage last night to gain entrance.

The Liggett Lumber company, 802 Fruit street, reported the theft of a vice which was stolen when a thief pulled a board off a fence on the east side of the mill and used a wrecking bar to pry the vice off a fence. The same fence was opened before when a number of tools were stolen from a truck.

Chanan Singh, Palace hotel, reported to police today tha he loaned his car to a friend, Dhani Ral, yesterday and that the friend failed to return with it.

Miss T. Musselman, 312 French street, reported the theft of a small rug from the employment office at the above address.

M'ADOO MAKES STATEMENT ON TRANSACTIONS

(Continued from Page 1)

New York to be counsel for the Liberty bond issues. He was a member of a prominent law firm in New York, versed in these particular matters. I had known him as a young man—his family and mine having lived across the street from each other at Yonkers, N. Y.

"Subsequently, because of Mr. Leffingwell's ability, I made him an assistant secretary of the treasury, a place he filled with great ability and distinction. When I left the treasury, in 1918, Mr. Leffingwell remained with my successor, Mr. Carter Glass, and also, I believe, with Mr. Glass' successor, David F. Houston.

"After leaving the treasury, he became a partner of the firm of J. P. Morgan and company.

"Ten years after I resigned as secretary of the treasury and four years before I became a United States senator from California, Mr. Leffingwell offered me the opportunity of making three investments through his firm, J. P. Morgan and company.

"(1) Februray, 1929, 500 shares of the stock of the Alleghany corporation, which I paid for in cash and which I sold at a net profit of $4900.

Loses $400

"(2) January, 1929, 250 shares of common and 250 shares of preferred stock of the United corporation, which was sold at a loss of approximately $400.

"(3) September, 1929, 1000 shares of Standard Brand, which was sold at a loss of $7065.

"The net loss on these three transactions was $2565.

"I have never been a 'preferred client' of J. P. Morgan and company. The participations to which I have referred came to me solely through my friendship with Mr. Leffingwell. Prior to this time I had never had a transaction with the firm of J. P. Morgan and company, nor have I had any transaction with that firm since. I have never borrowed from J. P. Morgan and company, and, therefore, have never owed them anything."

Denies Guilt On Violation Charge Of Handbill Law

Pleading not guilty to a charge of violating a city ordinance regulating the distribution of hand bills and circulars, M. M. Johnston, 44, 203 West Eighteenth street, demanded a jury trial when he appeared before Judge J. G. Mitchell in police court yesterday afternoon.

Judge Mitchell set the date of the jury trial for June 20 at 10 a. m. In the complaint, Johnston, who is the fifth man arrested in a drive to enforce the city hand bill ordinance, is charged with distributing advertising circulars put out by a Santa Ana market concern.

Garden Grove Man Gets Call

Funeral arrangements are being made by Harrell and Brown, funeral directors, Santa Ana, for Henry Wood Cone, 69, who died yesterday at his ranch home in Garden Grove. The deceased is survived by two sons, Everett M. Cone of Lemoore, and Carroll D. Cone of Gardena, Calif; three daughters, Mrs. Charles Moran and Mrs. Fred Montgomery, both of Garden Grove; and Mrs. Frank McKenzie of Oro Grande, Calif.; and two sisters, Mrs. Emma Davis, Costa Mesa, and Mrs. Narsie Kring, of Hereford, Texas.

CARRIERS TO BE GUESTS AT PLUNGE

Twenty husky youngsters, carriers of the Santa Ana Register, this evening will be the guests of J. M. Barlow, manager of the renovated Huntington Beach Plunge, for an evening's swim, following which the boys will be served refreshments and then treated to an evening's entertainment. The treat is being given to the group of carriers who carried off the honors in the recent Register contest staged by the circulation department.

The pool, which opens tonight to the public, has been undergoing a thorough overhauling, and is now being equipped with modern facilities for water treatment, permitting a high chlorine content without attending odors and causing burns, Barlow explained.

VARIOUS ANGLES OF CAMPAIGN TO BE CONSIDERED

Interest of dry workers and supporters in Orange county today was centering on the big mass meeting to be held at 7:30 o'clock tonight in the Santa Ana First Baptist church.

Representatives of the Law Enforcement League, the W. C. T. U., churches and many other organizations are expected to attend the meeting tonight, when definite plans will be made for a county-wide campaign to prevent the invasion of alcoholic liquor in the county.

A varied program will be presented at the mass meeting tonight. Horace Head, well known Santa Ana attorney and dry leader, will discuss the liquor election situation from a county and state viewpoint. He will discuss the election on June 27 when voters in the state will decide whether or not California will ratify the repeal of the eighteenth amendment.

Presentation of prizes to winners of the essay contest on why beer should not be sold in Santa Ana, sponsored by the Santa Ana Dry association, will be a feature of the evening. The presentations will be made by Thomas Pickerell, attorney, who was a member of the judging committee.

"Alcohol in a Machine Age" is a topic to be discussed by Robert L. Clingan, Santa Ana junior college student. Other brief talks will be made and plans for a county wide campaign to further the dry cause will be made.

Anyone in Orange county interested in the subjects to be discussed is invited to the meeting.

BEST BEARD FOR MERCHANTS FIESTA NEXT JULY TO WIN $25 PRIZE; OFFICES OPENED

"Fiesta del Oro," a name as colorful and glamorous as the event will be, has been adopted as the official name for the gigantic festival and carnival to be staged by the Santa Ana Merchants association in co-operation with the Fiesta association, it was announced today.

The Fiesta is to be given in the streets of Santa Ana and in the Santa Ana Municipal bowl on July 27, 28 and 29.

Definite plans for the event were being pushed today under the leadership of John Wilcox and Ralph McCutcheon of the Fiesta association and Ivie Stein of the Merchants association. Headquarters offices have been established in Stein's store, 307 West Fourth street.

Gay banners of every color will be hung in the streets of the city during the Fiesta, which will be an annual event for Orange county and which is expected to rival (in scope) the Pasadena Tournament of Roses and similar events.

Clerks In Costumes

Individual stores in the city will be colorfully decorated and merchants are expected to enter into the spirit of the Fiesta by having clerks dressed in pioneer and Spanish costumes reminiscent of the days of '49.

A prize of $25 will be awarded to the person who grows the best beard for the Fiesta, which will depict the glamorous and colorful days of '49 in California. The winner will be picked at the Municipal bowl July 27.

The entire city will be decorated and all merchants in the city will cooperate in decorating their individual stores and windows. Relics of the early days will be placed in windows of stores and the new offices will be used as a clearing house for those who desire relics or have them to loan.

Parade Entries

Any merchant or individual who desires to enter the big pioneer and Spanish parade to be staged through the city can make application at the offices. Parade entries will be limited to 100 and many applications have been received already.

Elaborate programs, including one of the best rodeos ever to be staged in the state, are in process of arrangement at the present time.

Fred Schweitzer has been named assistant secretary and will call on merchants within a short time to get assurance of their co-operation.

NAME WILLIAMS TO SERVE ON COUNCIL

W. B. Williams, first vice president and cashier of the First National Bank of Santa Ana, was elected a member of the executive council of the California Bankers' Association, at the annual meeting held yesterday at Huntington Inn, Pasadena. The council is the governing board of the association, each member holding office for a period of three years.

EDWARDS TO BE REGISTRAR FOR FOREST CAMPS

Word was received here this morning by Harry Edwards, director of Veterans' Welfare in Orange county of his appointment as registrar for ex-service men seeking assignment to government reforestation camps.

Edwards' appointment came from Maj. Ed. Borden, regional director of the Veterans' Bureau in Los Angeles. Borden has been appointed to handle all Southern California applications for assignment to the camps.

According to the new ruling 25,000 veterans will be given positions in the camps under Roosevelt's reforestation plan for the relief of unemployment. Edwards has not been notified as to what Orange county's quota in the camps will be.

He said this morning that application blanks will be available at his office in the courthouse annex Saturday morning. Veterans applying for assignment to the camps are advised to bring their discharges with them when they apply unless they already have a record in Edwards' office.

CONSOLIDATION ON ELECTION SAVES BIG SUM

Santa Ana will save about $600 by consolidating its special election on whether alcoholic beverages shall be sold in this city, with the state and county election on June 27, according to figures from City Clerk E. L. Vegely. The city expense will run about $500 Vegely said.

It will not be necessary to consolidate the 71 precincts in Santa Ana to a lesser number because the regular precincts used by the county will be used. Santa Ana will save the cost of paying election officers, however.

The city of Santa Ana will have to purchase election supplies, including separate sample ballots and ballots and ballot boxes for the election, Vegely said. A copy of the ordinance to be voted on must be mailed to voters with their sample ballots. Separate ballots for the special city election will have to be printed, in order to permit absent vote balloting for the county election, as absent voter ballots are not permitted at special city elections.

Vegely estimated previously that the election would have cost the city around $1200 if it had been held separately, even with precincts consolidated.

SMALE FOUND NOT GUILTY OF SLANDER

Deliberating slightly more than six hours, a jury last night returned a verdict acquitting Ernest J. Smale, manager of the Garden Grove Mutual Orange association, on a charge of slandering Edward M. Mahl, county building inspector.

Indications were that the jury based its acquittal on the belief of the members that when Smale protested the appointment of Mahl as building inspector, in a conversation with Supervisor John Mitchell, he was not acting with malice.

Smale, testifying on his own behalf, under the questioning of his attorney, W. M. Burke, told of an interview he had with Supervisor Mitchell following Mahl's appointment as county building inspector. He said that the interview was following the collapse of the packing house building during the earthquake.

Smale said that he questioned the appointment of Mahl and cited the building which had collapsed as a sample of his work. Mahl was in charge of construction of the building. He said that he had told Mitchell that contractors and others had condemned the mortar used in the packing house building as being just plain lime and sand, and admitted having said:

"I fell that any man that would put that kind of material into a building that people have to work out their lives in had just about committed criminal negligence and must be either incompetent, negligent or crooked."

Local Briefs

John D. Strahle, 33, and Josephine I. Hoffman, 23, both of Santa Ana, and Henry E. Blackford, 26, and Naomi F. Hance, 18, both of Fullerton, have filed applications for marriage licenses in Riverside.

• • •

An interesting program has been arranged for the monthly social of Sons and Daughters of Union Veterans of the Civil war, to be held tomorrow evening at 6:30 o'clock at the K. P. Hall, it was announced today by J. H. Mitchell, chairman of the entertainment committee.

STATE PATROL BENEFIT DANCE FRIDAY NIGHT

Members of the California highway patrol in Orange county were busy today selling tickets for the big benefit dance to be staged by the highway officers in the Valencia ballroom between Santa Ana and Anaheim tomorrow night from 8:30 o'clock on.

The entire proceeds of the dance will be used to swell the benefit fund for widows and orphans of members of the patrol. Widows and orphans whose husbands and fathers have been killed on duty receive the benefits of the money raised in the dance.

Music for the dance will be supplied by a large dance orchestra and arrangements were being made today for special entertainment.

WOMEN READY FOR LEGION POPPY SALE

Women of Santa Ana are responding enthusiastically to the American Legion auxiliary's call for volunteer workers to distribute poppies on Poppy day, Saturday, May 27, Mrs. Willard Swartout, poppy chairman of the Santa Ana unit of the auxiliary, said today as she was completing the enrollment of her Poppy day forces. She estimated that the auxiliary would have 30 workers to help it distribute the memorial flowers to the people of the city.

"The response to the Poppy day call reminds me of the World war days," said Mrs. Swartout. "Now as then the women of the city are eager to serve in patriotic work. They appear to realize that in the sale of the American Legion auxiliary poppies they will be helping to rekindle for peace-time service the spirit of patriotism which made the great war achievements of our country possible. They know, too, that they will be accomplishing much for the welfare of the needy veterans' families of our city.

"We hope that the public will recognize their unselfish service and when they appear on the streets on Poppy day, will respond to them in the same spirit that their service is given."

PERFECT RECORDS

ORANGE, May 25. — Fourteen members of the Lions club have perfect attendance records for the past nine months, it was brought out at the meeting of the organization yesterday. They are Ray Arguello, H. E. Chambers, C. W. Coffey, R. O. DuBois, R. J. Friedeman, Jack Lampert, C. Forest Talmadge, W. S. Lentz, Earl Phillips, Ivan Swanger, Dr. J. E. Riley, Martell Thompson, Burhl Wing and John Christianson.

ARREST MEXICANS FOR ILLEGAL ENTRY

Two Orange county Mexicans faced deportation from the United States today following their arrest yesterday by immigration officers on charges of illegal entry to the United States.

Jose Lune and Jose Robles, of La Habra, were booked at the county jail by Immigration Inspector John Jiles, who has offices in the Federal building here. Following hearings and action at Washington, D. C., the men will be deported if found guilty.

Twelve Chinese were booked at the county jail yesterday on charges of illegal entry.

Gilbert And Dale Form Partnership

Chester J. Dale, well known insurance broker, who entered the insurance business here some time ago, has entered into partnership with Guy J. Gilbert, operating the district agency of the Lincoln National Life Insurance company, of Indiana, an announcement stated today.

Dale was formerly president of the Union National Life Insurance company, of Kansas City, and previous to that time was agency supervisor in the middle west for the Lincoln Life. Gilbert, a brother of former Vice Governor Newton Gilbert of the Philippines, now residing in New York, has just completed 21 years with the Lincoln Life, 13 of which have been as district manager in Orange county.

Says Wife Moved Furniture Away

Alleging that while he was away at work his wife removed the furniture, furnishings, radio and other community property to Anaheim, John Sargeant Clarkson has filed suit for divorce from Mrs. Ruth Ellen Clarkson. The charge is desertion.

The Clarksons were married July 28, 1927, in Santa Ana, according to the complaint, and on the night of May 14 while he was at work in a downtown confectionery his wife moved all the household furniture to a vacant apartment in Anaheim, he charges.

TO ATTEND EXERCISES

FULLERTON, May 25.—Mrs. Antoinette Nenno and her daughter, Miss Faustina Nenno, plan to go to Exeter Friday to visit Mr. and Mrs. Maurice E. Clark, another daughter of Mrs. Nenno. While there they will see the graduation exercises of a son of Mr. and Mrs. Clark.

Farm Picnic Committees Are Chosen

Sub-committees to aid in preparing plans for the Farm Bureau picnic to be held June 3 at Irvine park have been announced by the general picnic committee. Members of the general committee are E. E. Campbell, chairman; Dr. D. D. Waynick and Holmes Bishop.

Sub-committees named were: guest, reception and transportation, John W. Crill, chairman, B. L. Chandler and F. B. Browning; tables and service, E. J. Menard, chairman, David Giddings and Henry Burdorf; recreation and sports, H. J. Hinrichs, chairman, E. E. Eastman and Richard Launer.

Women's comfort, Mrs. L. A. Bortz, chairman, Mrs. F. A. Benson, Mrs. F. B. Browning, Mrs. S. W. Stanley, Mrs. A. F. Schdoeder and Mrs. Richard Launer. J. T. Raitt will have charge of the office.

Walker Opens Law Offices In S. A.

With that of J. Eugene Walker a new name has been added to the membership roster of the Orange County Bar association, it was revealed today with the announcement that he had opened up offices in the Hill building on East Fourth street.

Walker is a graduate of the Santa Ana Junior college, and also of Stanford university where he obtained A. B. and LL. B. degrees. Mrs. Walker, nee Muriel Knox, is a daughter of former Mayor John Knox of Santa Ana.

Loan Officials At Annual Convention

Clarence C. Crookshank, manager of the Santa Ana Building and Loan Association; Fred Backs, secretary of Anaheim Savings Loan and Building Association; Henry L. Harry, secretary of Fullerton Building and Loan Association, and Osman Pixley, secretary of Orange Building and Loan Association, left yesterday for Yosemite, where they will attend the 28th annual convention of the California Building and Loan league, which opened today for a three-day session.

LAZINESSS IS HELD CAUSE OF MOST FAILURES

Political, economic and social conditions cannot break a man. Pure laziness caused by lack of interest is the cause of failures. Luck is the magic word used by fools and incompetents. These and many more pertinent points were brought out in an inspirational address given before more than 80 members and guests of the Associated Chambers of Commerce of Orange county at Garden Grove Tuesday night by Harry V. Adams, noted lecturer of Los Angeles.

The speaker, who is now connected with the Security-First National bank speakers bureau, was introduced by Frank Was, manager of the Santa Ana branch.

Discussing the subject, "Laziness; Cause of Business Failures," the speaker held the undivided attention of his audience during his talk.

"It has been said," the speaker declared, "that the business world is divided on the north and south by "Lassitude" and on the east and west by "Loungitude."

"Wise people look within themselves to find the causes of success or failure; unwise persons look to others. We fail, not because of luck or outside forces, but because we are lazy. We are so lazy we seek health from pills and bottles instead of exercising. We even try to get fundamental knowledge of our businesses without studying. We are too lazy to form our own opinions; we prefer to swallow someone else's. All governments are run and controlled by an energetic few.

"Vices and crime are the result of our laziness. It is difficult to be good. It is easier to give loose reins to vice and appetite. Criminals penalize themselves. They are out after easy money because they are too lazy to work for it.

"The solution of the problem, is to give young men so much work to do and to make them work so hard they will have time for nothing else. We need the driving power of a driving love for knowledge, happiness and success."

Police News

Frank O'Rourke, Los Angeles, reported the theft of his automobile while it was parked west of Broadway on Third street tuesday afternoon.

Theft of a bicycle was reported to police yesterday by Luther Russell, 1121 West Eighth street. The theft occurred at the high school.

Celro Estrada, 36, Los Angeles, has been arrested and booked on a vagrancy charge by Santa Ana police officers.

Joe R. Beech, 1722 West Fourth street, reported the theft of a flash light, a rule, canvass and a rope from his car while it was parked at 405 North Birch street late yesterday.

Two cats which were running wild in the creek bed were killed yesterday by Sergeant B. A. Hershey of the Santa Ana police force at the request of Mrs. Ed Swift, 2385 Riverside drive. Two more died from lead poisoning but there are still about 10 more to be taken care of, according to a report at the police station.

Lewis W. Brown of South Pasadena paid a $8 fine for speeding in Santa Ana when he appeared before Judge Mitchell in the police court yesterday.

STUDENT LOAN FUND BENEFIT SET SATURDAY

As a climax to a year of intensive training, the Putnam Schol of Dancing will present 12 youthful stars of the city in a Student Loan Fund Benefit to be given next Saturday evening at the high school auditorium at 8 o'clock, it was announced today by D. K. Hammond, president of the Santa Ana Junior college.

The program, entitled "Varieties of 1933," will present various feature dances with appropriate costumes and settings.

Sol Gonzales' Spanish orchestra and artists will give a special act entitled "Nna Noche en Espana." Among the Santa Ana dancers taking part are Jean McKamy, Lorli Buell, Leletha Irene Dahl, Gwen Ellen Wardman, Cathryn Burkholder, Lucille Knowlton, Eloise Jacobs, Bobby Jacobs, Betty Ruth Bonne, Ruth Crosby, Sara Louise Olstot, Drucilla Mae Clem.

Seven of the best performers from the Hollywood Putnam school will be brought down for this occasion. A nominal admission will be charged, the entire proceeds going to the junior college student loan fund.

VOTE IN ORANGE COUNTY AT LAST ELECTION OVER 2 TO 1 AGAINST HORSE RACE BETTING

By THOMAS B. MALARKEY
(United Press Staff Correspondent)
(Special to The Register)

SACRAMENTO, Calif., May 25.—(UP)—For the third time in nine years California's electorate will go to the polls June 27 to decide whether or not pari-mutuel horse race betting will become legal in this state.

Such a proposal was voted down by over a 300,000 majority in 1926. It was again defeated in 1932, but by a close margin of 52,000 votes.

In the 1932 election Orange county cast 27,364 votes against horse race betting and 13,429 votes for it. This total for the state was yes, 904,493; no, 956,895.

The pari-mutuel betting proposal that will appear on the June special election ballot contains precisely the same provisions that appeared in the bill passed by the legislature and vetoed by Governor Rolph. Instead of trying to override the veto, the legislature submitted the issue to the people.

Provisions of the measure which goes on the June ballot include: 1—Appointment of a California Horse Racing Board by the governor which will exercise complete control over racing and pari-mutuel betting; three per cent of first money won by a California bred horse will go to the animal's owner; limitation of the racing season to 100 days; four per cent of each pari-mutuel pool goes to the state which will turn it over to the California state fair, citrus fruit fairs and county fairs. If there is any balance left, it will go either to the unemployment relief fund or to finance animal husbandry studies in college.

Governor Rolph vetoed the bill on moral grounds. In his famous "home against the stable" message to the legislature, he contended pari-mutuel betting would bring economic demoralization and moral degradation to thousands of California homes.

SEA SCOUTS TO HOLD REGATTA AT BEACH CITY

Sea Scouts from all over Orange county will compete at the big Sea Scout regatta to be staged at Newport Beach Saturday, with the Newport Beach ship playing hosts to competitors from other ships in the county and to the Sea Scouts of Long Beach, who have been invited as guests.

The regatta will be held at the American Legion and Boy Scout huts, at Tenth street and the bay front. Among the events so far scheduled will be the following:

Fifty-yard breast-stroke swim, 50, 100 and 440-yard free style swims; rowboat races, snowbird races, lead heaving for distance and lead heaving for moving boat; semaphore signalling, Morse code signaling.

Special demonstrations will be given by various Scout ships, including a kyack demonstration by the Newport Beach crew, lifesaving by Fullerton and others.

The first events are slated to start at 10 a. m. Byron Marshall, port captain for the Sea Scouts of the county, and George Leavitt, captain of the Newport Beach ship, will aid county officials in the events.

'MUD-SLINGING' PREDICTED FOR J. C. ELECTION

That Santa Ana junior college's next student political campaign will carry more "mud-slinging" than ever before was indicated in assembly Tuesday with the semester nomination speeches.

Six candidates for president, two for vice president, three for secretary, and two for treasurer were nominated during a heated session in which past student administration was severely criticized by some campus leaders, highly praised by others.

Primaries will be held Wednesday, May 31, and the finals the following Friday, according to Duncan Harnois, president of the associated students and who served as assembly chairman.

The order in which the nominations were made follows: For president—George Farquhar, presented by James Quiggle; Minor Whitford, by Roy Wheeler; Robert MacFarlane, by Martin Bowman; George Lake, by Laurence Ridenour; Bruce Handy, by Eugene Stevens; Earl Homan, by Art Casey. For vice president—Jack Havens, by Gene Hill, and Bill McDaniel, by John Wells. For secretary—Miss LeOra Hatch, Miss Tedford and George Curtis. For treasurer—Gerald Goodrich, nominated by Larry Taylor; and Ted Meece, by Dick Heffern.

JEWISH HOLIDAY COMES WEDNESDAY

Shabouth, the Feast of Weeks, a religious event in the Jewish calendar, which this years falls on Wednesday, May 31, will be observed here individually by members of the Jewish community, inquiries revealed. There will be no collective observance due to the fact that there is no synagogue here, it was explained.

Like the other two so-called Pilgrim Festivals, Passover and Tabernacles, the Festival of Weeks was originally related to the agricultural life of ancient Israel. Its designation sometimes as the Feast of "First Fruits," as well as some of the features of its celebration, are described in the Bible. The further fact that the Book of Ruth, with its harvest scenes, is the special scroll for reading on Shabouth, indicates clearly the agricultural character of the festival.

LEROY BURNS NOMINATED AS HEAD OF CLUB

Nomination of officers to be elected at the annual meeting scheduled for June 20, and a program put on by the Santa Ana high school service club, featured the weekly meeting of the Santa Ana Twenty-Thirty club held Tuesday night at Ketner's cafe.

Following are the nominations: For president—LeRoy Burns; first vice president—Richard Ewert and Paul Beckman; second vice president—Howard McIlvain; secretary—Paul Dale; treasurer—Aubrey Glines; sergeant-at-arms—Lyman Farwell; board of directors—Ferris Scott, Wendall Finley, Richard Drew, Calvin Shores, Guy Penn and Dr Herbert Stroschein.

Howard McIlvain, chairman of the social committee, announced a box dinner party, to be held at Irvine park, June 9.

Because of the fact that May 30, Decoration day, falls on a national holiday, the Santa Ana club will attend a joint meeting with the Fullerton club the following day, Wednesday, May 31, it was announced.

Bud Boyle presided over the program presented by the high school service club, which in addition to an address by Glenn Bishop on the program of economy affecting the California school system, included several musical and vocal numbers.

Accidental Death Verdict Returned

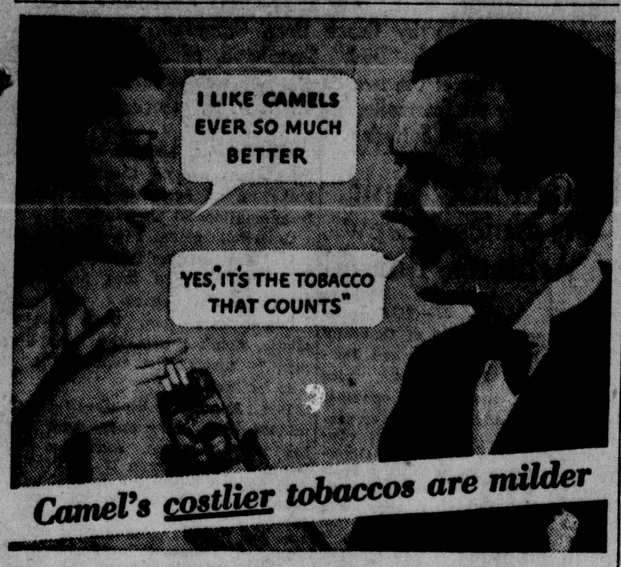

A verdict of accidental death was returned by a coroner's jury in an inquest held over the body of Katsu Kadowaki, 56, well known Japanese, which was held yesterday in the Winbigler Funeral home.

The man, well known in Orange county, died as a result of injuries suffered when he fell from a ladder while trimming a palm tree on North Broadway.

Sewing Machine Theft Warning Issued By Police

Because sewing machines are being stolen in this state by persons who pick them up at homes, telling owners that they are representatives of the Singer Sewing Machine company, authorized and bonded employes are now wearing identification buttons, which are issued each month, it was announced today by city police officials.

One such case occurred in Santa Ana recently when a woman lost a sewing machine by turning it over to a man she believed to be a representative of the company.

Henry Ford
Dearborn, Mich.

May 22, 1933

I suppose that I may claim to be the first Ford Dealer. I not only made cars, but sold them and frequently delivered them myself.

The "drive away" is not new; often I have driven cars from Detroit to towns in Ohio or Indiana or Michigan to make delivery.

There were no good roads in those days, and the people where I drove had never seen a motor car before.

My first really enthusiastic customers were Country Doctors. They were the first to realize the value of dependable transportation to a widely scattered practice.

Even today I occasionally hear from some of those first Ford users.

We had to teach local mechanics how to care for the cars. That is how Ford Service began, which is now found everywhere in the world.

We believed from the beginning that a sale does not complete our transaction with our customer -- it creates upon us an obligation to see that our customer's car gives him service. Ford Dealers know their duty to the public in this respect.

I can say of Ford Dealers generally that they have been and are men of character and standing in their communities. Most of them have been with us many years, which indicates that we agree on basic business principles. The Company provides that the methods used to sell the Ford car are consistent with the self-respect of the Dealers who handle it.

The present Ford V-8 is the peak of our 30 years experience.

We have never made a better car. Its eight-cylinder engine is powerful and smooth running. The car is admittedly very good looking and has comfortable riding qualities. It is econdmical in operation because of advanced engine design and low car weight. It is the fastest, roomiest and most powerful car we have ever built.

Flynn Here To Second Wofford In Delhi Go

M'CARTER MADE FAVORITE OVER JIM'S FIGHTER

Jim Flynn, the only man who ever knocked out Jack Dempsey, brings his crack middleweight from Phoenix, Al Wofford, to the Orange County Athletic club at Delhi tonight to box Orange's "Bud" McCarter.

Flynn's scheduled appearance overshadows the main event. Few Santa Ana fistic followers have ever seen the old-time "Pueblo Fireman," who was one of the world's ranking heavyweights from 1907 to 1915. Flynn fought in the purple days of boxing, his opponents numbering such as Sam Langford, Al Kaufman, Carl Morris, Jack Johnson, Luther McCarthy, Jim Coffey, Gunboat Smith, Al Reich, Jim Barry and Jack (Twin) Sullivan.

Big Jim knocked out Dempsey in 1917. Jim was well past his prime then, Dempsey just a novice. Many experts have laughed off the result in the belief that there was some sort of an "arrangement" but, whatever happened, Flynn stopped the Manassa Mauler in the first round, and the result is written on Dempsey's record for all time to come. It was the one time Jack failed to finish a fight on his feet.

Flynn, his eyesight impaired, has had a tough time getting along for several years. His taxi business at Phoenix failed and the fans there gave him a benefit sometime ago. Now Jim has Wofford in tow and believes the kid will make him some money when he is ready to go pro.

There is no way of comparing Wofford and McCarter but McCarter is at his best now, and has been made the favorite. They're fighting at 165 pounds.

Roy Virgil and Willie Collins appear in the semi-final. The clever Collins made such a miserable showing in last week's main event that he is lucky to be on the card at all. Virgil is favored, although the colored youngster has plenty of native ability.

Harold Sweet and Buck Steele, 195-pounders, collide in the semi. Steele will be better remembered as "Smokey" Banks.

Nat Mills, Bill Wana, Reggie Kerr, Doyle Richards, "Baby" Fleet, Toby Vigil and Paul Brown are others on the program.

TROJANS, CARDS TO ENTER N. C. C. MEET

CHICAGO, May 25. — (UP)—Track stars from Southern California and Stanford, participating this week in the Eastern Intercollegiate meet, will perform before World's Fair visitors here June 16 and 17 at the National Collegiate championships.

Major John Griffith of the National track committee said he had been informed by Coach Dean Cromwell of the Trojans and Coach "Dink" Templeton of Stanford that the best members of the respective squads would be in Chicago for the meet.

Invitations have not yet been sent for the N. C. A. A. meet because only the best men in the nation's conferences are eligible, and all sectional championships have not yet been decided. The National meet will be held at Soldier field.

M'LARNIN, CORBETT IN FINAL WORKOUTS

LOS ANGELES, May 25.—(UP)—Final hard workouts for Young Corbett and Jimmy McLarnin, who meet here next Monday night in a world welterweight championship fight, were scheduled today.

Tomorrow the two boxers, pronounced in "perfect physical condition" by their trainers, begin tapering off exercises.

McLarnin, challenger for Corbett's title, was expected to show some new footwork. He has been working on speed, especially closing in and coming away from opponents.

The champion planned workouts featured by heavy slugging practice, since he believes his boxing is flawless.

'BABE' DIDRIKSON TO SEEK GOLF TITLE

DETROIT, May 25.—(INS)—"Babe" Didrickson will drop all other sports to concentrate on golf.

She is determined to be a National golf champion.

The world's greatest all-'round woman athlete made this announcement herself in the course of her current visit here.

"I am going to be a National golf champion," she said. "And to that end I will devote all my time. I'm going to specialize."

"Missed Me That Time, Joe!"

Three times, Jumping Joe Savoldi lunged feet first and Ed (Strangler) Lewis went down with a grunt as 6000 mat fans in Madison Square Garden, New York, counted the match all but over. Then the ex-Notre Dame star lunged again but Strangler crouched and Savoldi sailed through the ropes, skidded off the mat as shown in this unusual photograph, slumped to the floor, bumped his head and lost the match.

TERRY, READY FOR DUTY, IN QUANDARY AS HIS SUB STARS

NEW YORK, May 25.—(UP)—The best baseball drama of the season is nearing a finale.

After a month's absence with a shattered righ wrist, Manager Bill Terry is ready to return to the New York Giants' first base, but like a modern Enoch Arden, he finds the position wedded to his substitute, Sam Leslie.

Terry is stumped!

Shall he, the outstanding first baseman in the National League, give way to a chap he tried to peddle off during the winter, and start chasing flies in the outfield? Or shall he, the manager responsible for his team's pennant progress, bench Leslie who is hitting around .310?

"Memphis Bill" had a batting percentage of .207 when one of Joe Shaute's slants struck him April 24. The Giants were in second place then, and they're at second place now, but Leslie's brilliant play has been an important factor in keeping them there.

SANTA ANA CATS IN 7-6 WIN AT ANAHEIM

Santa Ana's Green Cats scored a 7-6 victory over the team that will represent Anaheim in the impending Orange County Night Ball league, at Anaheim last night.

Bunching hits in the fourth, fifth, sixth and seventh, Santa Ana rolled up a 7-0 lead which Anaheim whittled down in the last of the seventh and ninth.

Wilbur Stinchfield pitched scoreless ball for five innings, striking out 11, but his successor, Leo Morse, was not as effective although he ran up 7 strikeouts himself.

SHULTE MAKES NEW WILLOWICK RECORD

Stan Shulte, Fullerton junior college golfer, established a new amateur record of 68 in a round at the Willowick club here yesterday. He was out in 36, back in 32. Par is 71.

Weller Noble of San Gabriel shot a 66 over the "old Willowick" course two years ago but Shulte's mark is low for amateurs since the club added several holes and changed the course. The professional record of 64, is held by Harold Hiser, Willowick's present pro.

Shulte's card: 4-3-4-4-5-3-6-3-4 on first nine and 3-2-5-4-2-5-3-4-4 on the second

Mrs. Charles Chapman, with a 90-20-70, won first place in women's medal play Tuesday.

RIALTO TAKES LEAD IN LAND CIRCUIT

"Millionaire" Al Morgan's Rialto Stars, challengers for the American Night Ball league championship for the past two years, appeared well on their way to a first half title today, following their 6-0 shutout over Colton at Colton Tuesday.

Venn Botts stopped the Reds with seven scattered blows, while his mates were knocking Jim Duncan off the mound in five innings.

In other games, the defending champion Riverside Rubes outclassed Highland, 14-1, and San Bernardino smothered Pomona, 14-4.

HELEN JACOBS OUT OF FRENCH DOUBLES

AUTEUIL, France, May 25—(UP)—Elizabeth Ryan of California and England, and Mme. Rene Mathieu, No. 1 ranking French player, today gained the semi-finals of the French tennis championship women's doubles with a 6-1, 6-0 victory over the English team of Mary Heeley and Frieda James.

Frank Shields of New York, and Dr. Daniel Prenn, German star, entered the quarter-finals of the men's doubles when the South African duo of Victor Kirby and Norman Farquharson defaulted.

A mild surprise was scored when the Franco-American team of Helen Jacobs of California, U. S. champion, and Ida Adamoff were eliminated in the quarter-final round of the women's doubles by the French pair, Jacqueline Rosambert and Mme. Marie Henrotin, 3-6, 6-4, 6-0.

Miss Ryan then became the only American survivor in women's doubles.

SAINT INTER-TEAM SERIES COMPLETED

"San Diego' 'and "Long Beach," tied for first place in Santa Ana HI's spring grid series, were to clash at Poly field this afternoon for the 1933 championship.

Altering his plans, Coach Bill Foote decided not to hold the "Alhambra-Pasadena" game yesterday, and shoved ahead the "San Diego-Long Beach" tilt, originally planned for tomorrow.

The "last year-this year" contest, the climax of the spring series, will be a night game at Municipal Bowl one week from tonight, according to Foote.

Troy Basket Star To Tutor Japanese

LOS ANGELES, May 25.—Jack Gardner, captain of the University of Southern California basketball team in 1932, will spend a month in Japan this summer giving courses in basketball coaching in leading cities.

Conducting the courses under the auspices of the basketball division of the Amateur Athletic Association of Japan, Gardner will leave here Monday and start his work in Tokyo, June 15. A week in Tokyo and a week in Osaka will be followed by two weeks of instructions in smaller cities.

SUNDAY SCHOOL LEADER THREAT TO MRS. MOODY

BY HENRY McLEMORE
(United Press Staff Correspondent)

NEW YORK, May 25.—(UP)—Six or seven paragraphs on topics ranging from Sunday school teachers to "Strangler Lewis," from a champion teacher to a hamburger sandwich.

The Sunday school teacher is Dorothy Round, England's best woman tennis player and the gal the tight little isle is counting on to top Mrs. Moody at Wimbledon.

Miss Round is one of those rare persons who practice what they preach. She sacrificed the finest opportunity of her sports career—the practical certainty of winning the coveted French championship—for a matter of principle. The tournament started last Sunday and Miss Round, true to her promise that whatever the exigency, she would not play on a Sunday, did not enter.

She held that as a Sunday school teacher, teaching children the commandment to keep the Sabbath holy, she could not possibly indulge in sport on that day.

In our own nationals at Forest Hills two years ago Miss Round reached the final round of the doubles but refused to play for the title on Sunday. By her play in the recent British championships, Miss Round is the second best player in the business. She whipped Rene Mathieu (Europe No. 1) in the semi-final and Helen Jacobs (America No. 1) in the final.

* * *

That was a nice spot Mercer Beasley dropped into at Princeton.

Noted as the teacher of tennis champions, he will take hold of a Tiger squad that, working without a coach of any sort, made a clean sweep of its 1933 matches. So Beasley next year, must improve on perfection, which is always tough. But he's liable to do it, for a man who can turn out a Vines, a Sutter, a Parker and a Babcock, must know something more about tennis than the proper length of flannel trousers for grass court matches.

* * *

Having enjoyed success in the Derby and the Preakness (we picked Charley O in the former and De Valera in the latter) this bureau nominates Tred Avon to whip Top Flight, queen of the fillies, in their special match race at Belmont Decoration Day. Tred Avon is consistent, Top Flight isn't. Tred Avon has proved she is ready to go, Top Flight hasn't. Top Flight will be the favorite, and we dislike favorites. And what will you have, senator?

* * *

Keith Young of Yale, to whom high jumping has always been secondary to pole-vaulting, jumped 6 feet 6 1-2 inches in the dual meet with Harvard Saturday—all because of a hamburger sandwich.

It seems that for the past year or two every meet has seen Brown wager a hamburger triple decker with the Yale groundkeeper that he (Brown) would attain a certain height. He lost some two dozen sandwiches before his great performance against the Crimson.

It would seem a smart move on the part of the Yale A. A. to offer Brown a tongue and Swiss cheese on rye for a 6 ft. 7 in. leap in the Intercollegiates Saturday. With such an incentive Brown couldn't fail.

* * *

Of all the explanations of greatness we've ever heard, we like "Strangler" Lewis' best. "I can cleanse my soul of fear. The others can't."

DON GRID PRACTICE MAY BE CURTAILED

Circumstances so far preventing enough candidates for reporting, Santa Ana junior college's spring football drills may contain only fundamentals this year, Coach Bill Cook said today.

Unless he can be assured of 30 regular prospects by Monday, the Don mentor plans to cancel three proposed games, and proceed with the work on fundamentals which he started several days ago.

Cook has enough men on his spring grid list, but student laboratory hours and outside employment prevent them from reporting regularly. He receives a different group every night and cannot hope to conclude games under such circumstances.

There is a possibility that a game between the alumni and next fall's varsity will be played anyway.

Homer Costs Tiger Hurler No-Hit Ball

NEW YORK, May 25—(INS)—The doubtful distinction of being the champion hard-luck pitcher of the major leagues goes to Tommy Bridges of Detroit.

For the third time in two years and the second time this season Bridges missed a no-hit game by a margin of one wallop yesterday when Joe Kuhel of the Senators nicked him for a home run over the right-field fence in the eighth inning.

Santa Ana And Anaheim Collide Friday

Santa Ana and Anaheim, perennial leaders of the National Night ball league but this year struggling along in the second division instead of heading the parade, collide at the Municipal Bowl here tomorrow night in the opening game of the second round.

In the past years, both teams would be considered out of the race off their present standing, but this season the "first half" is composed of "three rounds and, in the 14 games still to be played, the Stars and Valencias still hope to climb to the top.

Joe Cornelius has been assigned the Santa Ana pitching spot. Bob Rose, who held the Stars to five hits in the first meeting of the clubs, is scheduled to work for Anaheim.

Other games: Whittier at Torrance; Westminster at Fullerton; Huntington Beach at Olive.

CROMWELL-TEMPLETON CONCEDE EACH OTHER MEET; EASTMAN TO COMPETE ONLY IN 800 METERS

CAMBRIDGE, Mass., May 25.—(INS)—Following usual pessimistic outlooks by Coach Dean Cromwell, of Southern California, and Coach "Dink" Templeton, of Stanford, track and field athletes of the two Pacific Coast colleges, today were preparing for the Intercollegiate A. A. A. A. games at Harvard stadium Friday and Saturday.

Runners of both teams took brief spins around the track for limbering up exercises after their trans-continental journey.

Cromwell made the prediction that "Stanford has the title sewed up," and vouched that his men didn't have a chance.

Coach Templeton, while pessimistic, didn't return the "compliment." Instead, he expressed his fear of Yale.

Ben Eastman, Stanford's star middle distance runner, isn't in his best condition, according to Templeton, and even if he qualified for the 800-meter run, "Dink" says he may have to withdraw him. The best Templeton could see for his team was 40 points, although Cromwell was positive they should score about 63.

Preliminaries will be held in nearly every event tomorrow.

French May Quit Olympics If Jew Athletes Barred

PARIS, March 25.—(UP)—Unless Chancellor Hitler of Germany modifies his attitude toward Jewish athletes, Henry Pate, vice president of the French chamber of deputies and former under secretary of state for physical education, will urge the French Olympic Committee to withdraw from the 1936 Games in Berlin, he announced last night.

Pate said he doubted that the world Olympic Committee would permit the Berlin games in view of the decree prohibiting Jewish athletes residing in Germany from competition.

Citizens' Dry Committee Prepares For Campaign

SECRETARY OF CLUBS HONOREE AT PARK PICNIC

FULLERTON, May 25. — Mrs. Agnes W. Purnell, executive secretary of the Federated Women's clubs of California, was welcomed to Fullerton Wednesday by the study section of the Ebell club when the members entertained for her at a picnic at Commonwealth park as part of their closing program of the year. Mrs. O. M. Thompson was installed as new chairman and Mrs. Otto Idso was installed secretary.

The program of the day included a review of "Democracy in the Making," by Mrs. Albert Launer. The book, written by James Truslow Adams, is one that has been given rather close study by women's club this spring.

The meeting was at the Amerige cottage in the park, the historic cabin in charge of the section.

Mrs. Idso reviewed a diary written by a veteran of the Civil war. Mrs. Burnell, who is to make her home in Fullerton, headquarters of the federation, will assume her offices here June 1. She told of the co-ordinating and organizing work of the federation.

Mrs. Carrie Ford was hostess. Attending were Mrs. Purnell, Mrs. Albert Launer, Mrs. A. W. Miller, Mrs. Beckstein, mother and houseguest of Mrs. Craig, Mrs. Tripp, Mrs. Adrian King, Mrs. Frank, Mrs.. Daisy Reese, Mrs Craig, Miss Nettie Toombes, Mrs. Max Orkin, Mrs. W. J. Carmichael, Mrs. A. W. Chaffee, Mrs. William Holve, Mrs. William Wade and Mrs. Idso.

Girl Reserves Of North Section In Park Gathering

FULLERTON, May 25.—The annual meeting of the Junior Girls Reserves of Northern Orange County Y. W. C. A. clubs was held at Commonwealth park and at the Fullerton Methodist church Tuesday evening, with more than 100 attending from Brea, Placentia, Buena Park and Fullerton. The Placentia Presbyterian and the Fullerton Christian church groups reported 100 per cent attendance.

Following dinner at the park, the groups assembled at the Methodist church, where Mrs. E. Dow Hoffman presented an inspirational talk and where a group of the young people presented a program. Jean Freek, Betty Riley and Bessie Stovall gave readings. Rose Mary Kraemer, of Placentia, presented a group of piano numbers; Jean Greenwalt, of Buena Park, played a group of numbers; Carolyn Terrill played for group singing and Bessie Stovall played taps.

The Public Forum

Communications under this heading must be signed by the name of the writer. These communications express the opinions of those who write them. The opinions may or may not be the opinions of The Register.

Fullerton, California,
May 24th, 1933.
Dear Editor:

May I say a few words relative to the beer ordinance for Fullerton which will be voted upon, June 27th? The arguments advanced for its adoption are interesting, if true.

First: It is claimed that this beer ordinance will "promote actual temperance," in other words, remove the prohibition on beer, and men will drink less beer. If that be true, why not remove the prohibitions on narcotics, stealing, murder, and traffic regulations? Why single out the one and ignore the others?

Here is the fact relative to beer drinking: In the first 24 hours after the beer bill was passed, legalizing beer, our country drank one million, five hundred thousand barrels of beer, and congress alone drank 720 bottles of beer in four hours. Does that sound like legalizing beer "promotes temperance?"

Secondly: The proponents of the beer ordinance claim that it strikes a heavy blow at the bootlegger. Possibly it does strike at the bootlegger, but it misses him entirely

Chief Finlayson of the Los Angeles police force said, on May 23, 1933, in speaking to a group of people assembled at the First Methodist church, Los Angeles, that the legalization of beer made the work of the police much more difficult, for it turned every drug store and other place where beer is sold, into a saloon.

When beer is illegal, possession is evidence of guilt, but, when it is legal, anyone may have it and sell it, illegally, without much chance of being caught by police.

Canada reports: "It is impossible to check bootlegging since the government legalized the liquor traffic."

Thirdly: We are told that the people of Fullerton will desert their home town merchants and go where they can buy beer, unless we make Fullerton wet. That is poor reasoning, for there are thousands of folk in Fullerton who will not drink beer and who will be loyal to their home-town merchants who have the courage to remain dry. Furthermore, those who want beer have only just so much money to spend, and, if they spend it for beer, they cannot buy bread, meat and clothing for their families—in Fullerton or any other place. I do not believe that there are many folk in Fullerton who love beer better than they love their families and their home town.

Fourthly: They claim that "new business" will not come to Fullerton unless we vote for beer; but merchants all over the state are testifying that beer has not helped their business one bit, but rather has hindered it, because the dry folk are "buying dry" and the beer stores are losing trade. If Fullerton will vote to remain dry, we will receive the greatest publicity that the city has ever known, and from all the surrounding towns, loyal dry folk will come for trade purposes and to make their homes in a clean city.

Fifthly: They argue that the beer ordinance "places Fullerton squarely behind the national program for overcoming the depression." In other words, we are asked to drink enough beer, that we may become rich. Here is the truth about that: In the month of April, California drank 2,783,543 gallons of beer. The revenue for the state was $55,670.86 of that beer to the common people of California, at fifteen cents a pint, was $3,340,251.60—exactly 60 times as much as the revenue received; and that means that we took over three millions of dollars away from legitimate trade—the butcher, the baker, and the clothier in these times of depression and unemployment and spent it for beer, which has no value to anyone except the brewers and the others who sell it. The consumer gets no benefit whatever from beer, and his family is robbed of the comforts, and many times of the necessities of life. The proposed beer ordinance is a brewers ordinance and will not benefit us at all. Vote no and kill this vicious measure.

Signed,

E. DOW HOFFMAN.

LEAGUE MEMBERS IN PARK PROGRAM

FULLERTON, May 25.—Special guests of Fullerton Izaak Walton club last night were part of a group of donors to the log cabin, the new home o fthe Waltonians in Hillcrest park. It was a first of a series honoring those who contributed labor, money or materials to the cabin.

The Rev. Frank Dowling was master of ceremonies, and introduced the program, which consisted of musical numbers by Dick Mabee and Mason Henry, radio talent and a talk by Randall L. Jones, who presented new colored pictures of the Grand Canyon. Secretary Bert Johnson opened the meeting.

Alaskans Find Bu-hach Best for Mosquitoes

The worst mosquitoes in the world, travelers agree, are to be found in Alaska, where the stinging pests can actually bite a man to death.

How do Alaskans protect themselves?

By burning Bu-hach! Nothing like it, they say, to give you absolute protection. It's sure death to the pests, though guaranteed safe for humans and domestic animals.

Bu-hach comes in handy sifter cans at 25c and 50c at all pet, seed, grocery and drug stores.—Adv.

CHURCH CHOIR IN SHOWER FOR RUBY BLYTHE

FULLERTON, May 25. — Miss Ruby Blythe, daughter of Mr. and Mrs. Reese Blythe, was complimented Wednesday night, when the choir of the Christian church surprised her with a shower following choir practice at the home of the director, Mrs. J. B. Horner, West Valley View boulevard. She is to be married soon to Clarence Kelley. Mrs. R. L. Black, who has been a guest soloist for the choir, shared in the complimentary party when several gifts were given her in appreciation of her work.

Mrs. Horner had decorated her home in large bouquets of Paul Scarlet roses and Scotch broom. At the close of the social hour, refreshments were served.

The gifts for Miss Blythe included choice articles from the pantry shelves of the choir members, such as jellies and jams.

Guests were Maybelle Moore, Dean Lawren, Ruth Steele, Mildred Copleman, Ida Wagner, Dorothy Shryock, Willard Mason, John Raitt, Louis Riehl, Darrel McGavren, Donald Daniels, Laurel Shryock, Stanley Berkey, Mr. and Mrs. Claude Rogers, Eloise and Barbara Rogers, the Rev. and Mrs. George Tinsley, Mr. and Mrs. Charles Peckham, Mrs. Vinton Lee, Mr. and Mrs. Roy L. Block, Mrs. Dale King, Mrs. George Seymour, Mrs. George Riehl, Mrs. Myrtle McGavren, Mrs. Hattie Clark, Mrs. J. Antoinette Nenno, Mrs. A. J. Swoffer, Mrs. Rosie Lewis, Mrs. T. K. Gowen, Miss Ruby Blythe, Clarence Kelley, and Mr. Horner and Miss Jean Horner.

USE R. F. C. FUNDS TO IMPROVE PARK

FULLERTON, May 25.—One of the improvements being made with funds for labor from R. F. C. is the ball park that joins Commonwealth park on the east. The grandstands have been completed at the south end of the three-acre tract, and the north end is being set to grass.

A sprinkler system is installed, the ground is leveled and planted, and roped off until the grass starts.

Legion Unit Is Ready For Poppy Sales

FULLERTON, May 25.—"Poppies of Flanders Field" will be on sale all day Friday and Saturday on the streets of Fullerton. Members of the American Legion auxiliary will ask all to buy to assist the workers among the disabled, non-compensated war veterans, who receive three cents for each red poppy they make.

Members of the auxiliary met with Mrs. R. E. Black yesterday and tagged the poppies. After a covered dish luncheon they played cards. Mrs. Ernest Kirby and Mrs. Albert Caillaud were prize winners.

Mrs. Hollis Knowlton is chairman of the poppy sales committee. Headquarters are at the office of Dan O'Hanlon. Assisting Mrs. Knowlton are Mrs. Y. W. Ramsey, Mrs. Albert Caillaud, Mrs. Black, Mrs. Gordon Handsfield, Miss Laura Porter, Mrs. George Vance and Miss Lillian Gottlieb.

Next meeting of the auxiliary will be June 12 at the American Legion hall.

RESIDENTS TO GET FACTS ON LIQUOR ISSUE

FULLERTON, May 25. — Final arrangements for organization of groups to distribute information on the election June 27 was made yesterday, when members of the Citizen's Dry committee met at headquarters, the Dan Smith building, Spadra road.

The plans, according to E. W. Moore, chairman, are to distribute through churches, organizations, from door to door, and through newspapers, information on the isues at stake. At the general state election, Fullerton voters are to be asked to determine whether they want to adopt an ordinance that will repeal all other liquor control ordinances, and will provide new control laws, and permit the sale of intoxicating beverages as allowed through a recent act of congress.

To insure complete coverage, the whole city has been divided into precincts and these precinits are to be canvassed by volunteer workers.

GOODYEAR TIRES

$1 A WEEK and up — small sum down — soon pays for a pair of new Goodyear Tires.

RIDE AS YOU PAY!

GOODYEAR certainly makes it worth while for you to put money in tires *now*.

Your dollars never bought tires to equal the quality, the safety, the mileage which Goodyear is today building in every tire wearing the Goodyear name —

And because Goodyear now concentrates on two main lines of tires—a real saving in costs is passed on to you.

Look at the present prices of the world's most popular tire, the Goodyear All-Weather—and the prices of the thrifty Goodyear Pathfinder — and you'll certainly agree, *it's smart to buy Goodyears NOW* — while prices are still down close to bottom, and your money buys more than it may ever buy again.

NATIONAL WHIRLIGIG

-- News Behind the News --

WASHINGTON
By Paul Mallon

SHIFTING

The administration's private ideas about this vast national economic planning have recently undergone an unannounced change.

The course of action being mapped out on the inside is considerably more moderate than the relief bills you have been reading about.

The inflation program has already been shelved. The farm bill is being largely filed away for future reference. The railroad bill has been diluted to half strength. The current industrial recovery bill WILL NOT be carried out to its fullest.

If the administration uses fifty per cent of the powers granted it everyone behind the scenes will be surprised.

* * *

Reasons for the change are obvious. At first the college professors got their heads together and planned ways to take the economic situation by the horns. They wrote bills which lodged the greatest powers in the executive. One bill came after another. They all fit now into a unified purpose. That purpose is to bring about national economic planning never before attempted in a republic.

Since then the beginnings of recovery have been accomplished. Also the theorists have run against practical objections on every side.

* * *

What has happened backstage on the farm bill is a good example of the situation. Agriculture Secretary Wallace and Prof. Tugwell with the other professors devised an omnibus farm relief bill. It had all theories in it. They want to experiment with these theories, particularly the allotment plan.

George Peek, the new farm administrator, was pushed into the scene by no less practical a non-theorist than Bernard Baruch. Peek believes he can get along without the alotment plan. He wants to try something else first. The White House has shown signs of sympathy for that idea.

In the end they will probably compromise. At any rate the Wallace-Tugwell-Ezekiel ideas will be toned down considerably.

* * *

The truth underlying the $8,400,000,000 public works bill is the same. The highest treasury officials will whisper in your ear that the government could not possibly use more than $750,000,000 in legitimate public construction during 1934.

The bill authorizes two billions in loans to states and municipalities for construction. Everyone inside knows the actual expenditure will fall far short of that during the next two years.

What all these things boil down to is a rather conservative administration of rather radical ideas.

* * *

That conservative administration will not mean government control of all business. It will mean the government will file away the power to control business and ask business to control itself. What you will ultimately get therefore is self-regulation of business. Of course no business would be foolish enough to decline to regulate itself when it knows the government can step in any time with a big stick.

At least that is the new conception of the New Deal. It has not been publicly announced and therefore it cannot be guaranteed. But the chances are ten to one it will go through that way.

* * *

PRESS

Mr. Roosevelt's free press conference idea is working out well. He has been caught in one or two minor difficulties by submitting himself to bi-weekly cross examination at the hands of the press. But by and large the system has worked out well. The press is satisfied and so is Mr. Roosevelt.

At first the newspapermen thought it could not last. A president deals with such a wide variety of problems he cannot know about all of them. He is very likely to get into trouble by talking off-hand. Mr. Harding once did. He said the island of Yap had a different classification than the American-Japanese treaty provided, and the Japanese made him retract.

Mr. Roosevelt gets along because he is adept at verbal sparring. He does not disclose his mind very freely but he preserves the appearance of answering all questions.

* * *

METHOD

One reason the senate frittered away so much time on the Louderback impeachment case was the senators were not anxious for early adjournment of congress.

Every day spent in trying the San Francisco judge added a day to the session. The Republicans were particularly glad to see the case tried fully. They do not relish the idea of departing and leaving Mr. Roosevelt with all the power he now has.

The case proved to everyone that some different impeachment method must be adopted. It cost somewhere around $40,000. The senate spent two weeks on it.

* * *

POWER

There may be more behind these Muscle Shoals power theft charges than you have heard. Those pushing the investigation are supposed to have up their sleeves a confession from a certain gentleman who was on the inside. It was his tip which started the present ruction. His identity is being carefully guarded.

If his story is verified it will furnish a lively sensation.

If not, the investigators will have a difficult time trying to prove conclusively that anything as intangible as power was stolen.

* * *

LABOR

Those labor amendments to Mr. Roosevelt's railroad bill are certain to be adopted by congress. Certain labor senators have made an ultimatum that they must be adopted or the whole bill will fail. One in that group is Senator Dill of Washington.

The changes will be satisfactory to Mr. Roosevelt. They will not be to the railroad executives, but it is too late for them to do anything about it.

* * *

DIPLOMACY

The new Polish ambassador strolled into the state department the other day. State Secretary Hull gave him an oration on disarmament. Expert Feis spoke a piece on tariffs. The ambassador sat in repose. His face was a blank mask.

When our officials concluded, he arose and said: "Gentlemen, I do not understand all that you are talking about, but my government will give it very serious consideration"

Hull was revived with a drink of water.

* * *

NOTES

Mr. Roosevelt has a little way of patting his cabinet officers on the back when rumors that they may retire soon are floating around ....He gave Treasury Secretary Woodin credit for settling the banking crisis when Woodin's morale was low and State Secretary Hull drew a boost on the world peace message when Hull was getting morose....The old law directories show that Interior Secretary Ickes was once a partner of Donald Richberg, railroad labor attorney and leading Liberal.... Baruch only used the punitive power of the war industries board twice during the war....Once on copper and again on another industry he cannot recall.

CHANGE

Private banks—aware that future limitation of their activities is certain are busy planning for the future.

While no definite decision has been made yet, the weight of opinion in one of the most important houses favors sticking to deposit banking—under such government regulations as may be prescribed —and throwing the investment business overboard. This particular institution has a very pretty nucleus of deposits to start with.

The idea would be to build up commercial deposits of the highest quality and to give investment advice on the side. This investment advice angle would keep the door open for pleasant profits from non-banking activities without running afoul of the law.

If the plan develops as indicated partners who do not fit into the new picture will be politely invited to find a new field for their talents.

Advance Plans For Famous Harbor Light Tournament

JULY 22 EVENT MARKS SILVER ANNIVERSARY

The 1933 Newport-Balboa Tournament of Lights, to be held in Newport Bay Saturday, July 22, will have "lights" of many kinds, its was stated today by Harry H. Williamson, chairman of the chamber of commerce committee in charge.

Arrangements were being completed today to have the Goodyear dirigible Volunteer fly over the parade during the evening, as well as to give flights over the bay in the afternoon. The blimp has been part of the marine parade during the past three years. It is expected that anti-aircraft searchlights from Fort MacArthur will again cooperate in lighting up the general scene.

The Newport Harbor Service club, which has one of the most striking floats in the parade each year since the club was organized, at its meeting yesterday named a committee to report next week on what should be done this year. The committee consists of Irvin George Gordon, Ray J. Saunders and G. C. Macleod.

Macleod, secretary of the chamber of commerce, told members of the club of progress made so far to give one of the best illuminated water shows ever held.

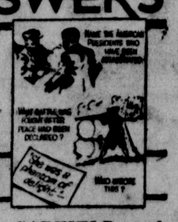

According to the committee's plans, the parade this year will include, as one entry, a gondola and eight canoes, lighted with Japanese lanterns, which will be a reproduction of the "water carnival" of 1908, from which the lights fiesta developed. That was 25 years ago. About 15 years ago, under the direction of Commodore J. A. Beek, who managed it for several years, it became known as the Tournament of Lights.

ANSWERS to today's THREE GUESSES

LINCOLN, GARFIELD and McKINLEY are America's martyred presidents. The BATTLE OF NEW ORLEANS was fought after peace had been declared because the news of the treaty had not yet been received on this side of the Atlantic. The quotation is by WILLIAM WORDSWORTH.

Do they tell the Truth?

The skeptical ones are saying, "Ha! Your suit will not cost you any more this fall than it does now!" AND THEY SPEAK THE TRUTH!

You probably will be able to buy suits for the same money as at present, $20, $25, or $30!

But, you can take it straight from us that you will not get the same quality suit that you can buy now for $20, $25 and $30!

It is so easy to remove the quality from a suit without your knowing it! WE'LL know it . . . and we'll continue to give you the FACTS about clothes you buy from us without fear or favor!

JUNIOR COLLEGE CONCERT TO BE GIVEN FRIDAY

A concert featuring various phases of the music work of the Santa Ana Junior college will be given tomorrow evening in the high school auditorium at 8 o'clock, it was announced today by President D. K. Hammond. This program was prepared as a substitute for the usual opera which was given up this year on account of financial conditions.

Many of the groups appearing on this program have received high praise in their previous public performances. The orchestra and combined choruses will put on a most difficult number in "Hail Bright Abode" from Tannhauser. Everyone is invited to enjoy this evening of fine music.

The program is presented under auspices of the music department of the college, with orchestra and instrumental work directed by S. J. Mustol, piano solos directed by Alan A. Revill, and choruses and vocal work directed by Myrtle A. Martin.

1. (a) Overture, "Caliph of Bagdad", (Boieldieu); (b) "March from Carmen", (Bizet), Orchestra.
2. (a) "Spirit Flower", (Reigger), solo, Martin Bowman; (b) "Sylvelin", (Baldwin), Men's Chorus.
3. (a) Cornet duo, "Sextet from Lucia", (Donizetti); (b) Cornet duo, "On Wings of Music" (Mendelssohn), Harold Lutes and Robert Kelly, (Accompanied by Duncan Harnois.)
4. (a) "Flower of Dreams", Clokey); (b) "Serenade", (Strauss), Women's Chorus.
5. (a) Piano Solo, "Romance", (Sibelius), Mary Nalle.
6. (a) Vocal Solo, "Invocation to Life", (Spross), Mark Hare.
7. (a) Instrumental Trio, "Le Deluge", (Saint Saens); (b) Instrumental Trio, "Gondoliera", (Carl Hillmann), Emalena Richards, (violin); Philip Hood, (flute); Carolyn Mueller, (Piano).
8. (a) Vocal Solo, "Onaway, Awake, Beloved", (Coleridge-Taylor) Verna Helm.
9. (a) "Wind on the Hill", (O. Hare); (b) "The Living God", (O'Hara), Men's Quartette, Mark Hare, Martin Bowman, Bill Fox, Rutherford Williams.
10. (a) Piano Solo, "Polonaise in A Major", Chopin), Ray Baker.
11. (a) Vocal Solo, "The Bird Song", (Curran), Jean Baldwin.
12. (a) "Adoramus Te", (Palestrina); (b) "Go Down, Moses", (Cain), A Cappella Choir.
13. Ensemble, "Hail Bright Abode", from Tannhauser, (Wagner), Orchestra and Combined Choruses.

BROTHER AND SISTER TIE FOR CLASS HONORS

To a brother and a sister, John Blewitt and Marion Blewitt, both members of the graduating class at the Anaheim Union High school, comes the unusual and unique distinction of having obtained such high scholarship ratings that they are tied for the highest class honors. A chivalrous gesture on the part of the brother, places the sister as the valedictorian of the class, while the former will reply to his sister's official class message as salutorian.

According to Miss Bella J. Walker, vice principal of the school, the averages of 2.9 obtained by the brother and sister classmates are the highest ever given any student in the school.

In addition to their scholastic accomplishments, the brother and sister have made their mark in other student activities. Marion is president of the Girl Reserves, president for the first semester of the Honor Society, and held a place on the varsity hockey and basketball teams.

John is now secretary of the Hi Y, and was on the varsity football, track and tennis teams, making his letter in each.

They plan to attend Fullerton Junior college next year, and then complete their college work at some university.

POSTER PRIZE IS WON BY S. A. GIRL

Additional honors for high grade art work in poster composition today came to Miss Erma Swarts, a senior student of the Frances E. Willard junior high school, already winner of the American Legion fifth area Auxiliary Poppy poster contest, with receipt of advices that she had been awarded second prize in the poster contest launched a short time ago by the Oakland Humane society. Accompanying the official notice of award was a check for $5.

The American Legion Auxiliary Poppy contest embraced the fifth area, which includes the southern counties, and the city of Los Angeles, a circumstance, considering the large number of entries made the award to Miss Swarts more coveted. This prize is $10, and will be presented publicly in the assembly at the Willard school on June 2, when Andree Olson, of Los Angeles, department poppy chairman for the Legion Auxiliary, will present the award.

HEALTH OFFICER WARNS AGAINST SCARLET FEVER

Declaring that 100 cases of scarlet fever have been quarantined since January this year with an average of about one new case appearing daily in the county, Dr. K. H. Sutherland, county health officer, is urging parents to be more careful and watch their children for symptoms of the disease.

He said that for several months scarlet fever has been the most prevalent of any of the more serious contagious diseases throughout the county. During 1932 there were 292 cases quarantined in the county.

Dr. Sutherland said that the cases now under quarantine and those appearing daily are pretty well scattered throughout the county bearing evidence to the fact that the disease is being kept alive by missed cases or carriers not reported to the health department for supervision.

He said:

Mild Cases Troublesome

"Many of our cases of scarlet fever are so mild that it is difficult to recognize them. These may be of the most dangerous cases, however, since they are likely to be the ones to spread the disease. Then, too, the lack of obvious need for care in these cases may result in neglect which may cause complications involving the eyes, ears, heart or kidneys. These complications often cause more danger than the scarlet fever itself and should be guarded against in every possible way.

"We used to believe that scarlet fever was spread from one person to another by the scales of skin which come from the patient late in the disease. We know now this is not true, but that the infection is carried by the secretions of the nose and throat frequently in the early stages of the disease. In this respect scarlet fever is similar to colds, diphtheria, whooping cough and measles.

Suspicious Symptoms

"Parents should not carefully any sore throats, especially if they are accompanied by a rash, slight fever or peculiar red color of the tongue and the inside of the mouth. Anyone having such symptoms should be kept away from children until the cause of the trouble is determined.

"If there is reason to believe that there is a case of scarlet fever or any other contagious disease in a family where a physician has not been called the health department should be notified at once."

DELAY ACTION IN AWARDING MUSEUM JOB

No recommendations for the appointment of a curator at the Bower's Memorial Museum, North Main street, expected to be made some time after the beginning of the next fiscal year, July 1, will be made by the museum board until Miss Lulu Minter, a member of the board, now traveling abroad, returns to Santa Ana, it was announced today by T. E. Stephenson, president of the board. Miss Minter is expected back about June 20, it was added.

Inquiries revealed that more than 40 applications already have been received for the position, which in addition to a stated salary, will carry with it free living quarters in the museum building, water, light and heating, and other services.

Though no definite amount has been agreed upon by the commission as suitable compensation for the position, Stephenson intimated that it would be in the neighborhood of $100 a month. As regards qualifications, the board executive hinted that it was desired to secure the services of a well recommended man, who, in addition to satisfactory references as to character, would be interested in the work of the institution.

MIDWAY CITY

A 5 o'clock tea honoring a group of friends was given Saturday evening by Mrs. F. M. Florey at her Jackson street home. In the group were the Rev. and Mrs. John J. Woodson, who are leaving Midway City within a few weeks; Mrs. Daniel Brentlinger and Mrs. Brentlinger's house guest and sister, Mrs. B. F. Ford, who is spending a week here from Los Angeles.

Shown here are three of the performers who will take part in the program given by the Putnam School of the Dance next Saturday night at the high school auditorium as a benefit for the junior college student loan fund. They are Lorie Buell, Lucille Knowlton and Jean McKamy.

ASKS ACCOUNTING ON PROPERTY SALE

Accounting for property sold under an option granted in 1925, judgment for the amount found due under the accounting and cancellation of the agreement are sought in a suit filed in superior court by E. W. Bringhurst against E. E. Gagnon.

Property involved is a 12-acre piece of Hanson Road and Spring street, known as the Lobo Tract.

According to Bringhurst on July 1, 1925, he granted Gagnon an option to purchase and resell the property in lots at prices stipulated in the contract. Among other things it was stipulated that Gagnon should sell five lots the first month the contract was in effect, and 10 lots every month thereafter. Bringhurst alleges that the quota of sales was not met.

In his bill of complaint Bringhurst alleges that Gagnon has sold a large number of lots from the tract and has failed and refused to account for the number sold, or give names of the purchasers, conditions of the sales, the purchase price, dates payment was to be made on the sales contracts or any other data connected with the sale.

FARM PROBLEMS TO BE BANKERS' TOPIC

Agriculture will occupy one session of the forty-second annual state bankers convention to be held this week at the Hotel Pasadena, according to Frank Was, Santa Ana, county key banker, representing the agriculture committee of the California Bankers' association in Orange county. The entire program of Thursday afternoon, beginning at 2 o'clock will embrace agriculture problems as it concerns the banking business of the state

Prof. B. H. Crocheron, director of the agricultural extension service, University of California, and in charge of farm advised work in California, is scheduled to discuss "Agriculture and the Present Emergency."

Carlyle Thorpe, general manager of the California Walnut Growers' association, will talk on "The Danger Confronting Agricultural Co-operation," and E. D. Woodruff, president, California Lands, San Francisco, has for his subject, "Farm Financial Problems."

CHURCH CLUBS FRATERNAL WOMEN-SOCIETY-THE HOME WEDDINGS FASHIONS HOUSEHOLD

Date of Wedding Told With Announcement of Betrothal

Mr. and Mrs. Ralph H. Hendricker, 1018 Riverine avenue, formerly of Chicago, have announced the betrothal of their daughter, Miss Violet Patricia White, to George I. Hanscom, U. S. N.

The young people will be married quietly on Saturday, May 27, and after a short honeymoon through the Southland, will make their home in Long Beach where Mr. Hanscom will resume his naval post. He is the son of Major Frank I. Hanscom, New York City, of the New York pardon and parole board.

The choice of May 27 as the wedding date was an especially happy one, as it also celebrates the bride's eighteenth birthday. Miss White comes from a fine old English family, tracing her ancestry back to the early British rulers.

Games Program Varied When Guest Sings Solo Group

Sweet peas, roses, larkspur and other flowers of the season were mingled charmingly in the decorations of the J. H. Tompkins home, 711 South Sycamore street, when Mrs. Tompkins, Mrs. Jacob Bohlander and Mrs. Mabel Cole Tuesday received members of the Social section of Santa Ana Woman's club.

Tables were provided for both anagram and bridge players, prizes in the two groups going to Mrs. E. M. Waycott for high bridge score, and to Mrs. Charles Hoehn in anagrams. A special guest prize went to Miss Lela Finch, a house guest of Mrs. Tompkins, and Miss Leonora Tompkins.

Miss Finch, who is from Oberlin Conservatory of Music, Oberlin, Ohio, and Chicago, graciously sang for the guests, to Miss Tompkins' piano accompaniments. Her songs were "Sunbeams" and "April," and clubwomen were impressed by the clarity of her tone and her pure, clear diction.

The afternoon closed with the serving of ices, cookies and hot tea at tables freshened with pretty linens, flowers and china. There were between 30 and 40 guests to share the enjoyable afternoon. Announcements made at a short business session included that of the regular meeting of Santa Ana Woman's club on Tuesday, June 6, with Mrs. Asa Vandermast, 425 South Birch street. The Drama section will meet Friday night at 7:30 o'clock with the leader, Mrs. E. M. Waycott, 1519 East First street.

Members Participate in Varied Literary Program

Gathered around a wide fireplace where pine cones from the mountains at Descanso, cast their magic glow on the scene, members of Quill Pen club spent an interesting interval in discussing phases of the preceding program at the final May meeting of the club Tuesday evening with Mrs. S. B. Marshall, 2116 North Main street.

This program had featured different types of original work beginning with the story, "Forever Is a Long, Long Time," written by Mrs. C. M. McClintock for a short story source. Dealing with the World war and with romance, it proved an enthralling tale as read by its author. Mrs. McClintock also contributed a bit of humorous verse, and "An Appreciation."

Mrs. Maude Goff's series on homesteading in Oregon, told in letter form, was humorously intriguing, and illustrated the means whereby the homesteaders met the prevailing depression. Members are anticipating the continuation of the series.

Verse was the form taken by Mrs. N. E. Wells for her contributions to the program, and her muse found graceful expression in two nature studies, "Ragged Robin" and "Desert Life." General discussion of the individual program numbers gave constructive criticism to each writer.

This discussion interval also gave opportunity to the hostess, Mrs. Marshall, to serve a refreshment course which included moulded salads and a strawberry roll.

Present for the evening were the hostess, Mrs. Marshall, Mrs. J. D. Campbell and Mrs. Marshall Harnois, club president and secretary, respectively; Mrs. N. E. Wells, Miss Verna Wells, Mrs. J. U. Viau, Miss Lella Watson, Mrs. C. M. McClintock, Mrs. Maude Goff, Mrs. Roy Winchester, Mrs. Frank Was, and two guests, Miss Anne Marshall of the home, and Mrs. Harry B. Adams of Glendale, the guest of Mrs. Was. Mrs. Adams had accompanied her husband to this city when he came to fulfill a speaking engagement before the Associated Chambers of Commerce, meeting in Garden Grove.

College W. A. A. Ends Social Program With Dinner

Women's Athletic association members of Santa Ana Junior college complimented their mothers Wednesday evening at the annual mother-daughter banquet, held in the Doris Kathryn as a finale to the year's social program of the association.

Approximately 60 mothers and daughters found places at the tables by means of cards in garden party hat design, the pastel colors harmonizing with nut cups which they topped. Flowers in green vases brightened the tables, and at each place was a corsage of sweet peas and roses.

The dinner program, announced by Miss Florence Turner, general chairman, featured solos sung in both English and Spanish by Miss Henrietta Armendariz, accompanied on the piano by Miss Alta Fisher. Miss Fisher also accompanied Miss Marian Leihy in a musical reading. Little Miss Carolyn Wells and Master Barry McPhee Jr., accompanied by Mrs. Barry McPhee, presented several Spanish dances and two clever song and dance numbers.

Installation of officers was conducted by Miss Turner, outgoing president, who administered the oath of office to Miss Ruth Crowl, president; Miss Evelyn Furtsch, vice president; Miss Marian Brownridge, secretary, and Miss Margaret Cox, treasurer. Each new officer was presented with a corsage. In appreciation of the work done by Miss Zena Leck for the association this year, a gift was presented her. Miss Leck then gave out letters, the script "S" being won by Miss Rowena Blocker. The block "S" was presented to the Misses Susana Alexander, Barbara Copeland, Florence Turner, Margaret Cox, Ruth Crowl, Elizabeth Downie, Helen Harper, Margaret Hoefner, Virginia Hopper and Frances Miller.

In arranging details for the successful affair, Miss Turner was assisted by the Misses Dorothy Tedford, Alta Fisher, Charlotte Richards, Frances Curl and Marian Brownridge.

Poly Hi Upper Classmen Are Anticipating Senior Prom

With Santa Ana High school seniors as hosts and members of the junior class as their guests, the Senior Prom to be staged in Andrews gymnasium tonight at 8:30 o'clock, promises to be one of the most pleasant social events of the school year.

A call for flowers to be used in decorations was sent out over a week ago, and response on the part of amateur gardeners of the city has been quite generous. Members of the committee today reminded those who have flowers they might wish to donate, that a telephone call left at the high school, together with the address, where such flowers might be obtained, would meet with appreciative response on the part of the decorating committee. To Bob Spurgeon and his committee has been entrusted the responsibility of decorating, according to Bob Mitchell, general chairman. Entertainment in addition to the dancing, will be under the direction of Weston Sprague.

This will include bridge, ping-pong and other games, tables for which will be placed in the small gymnasium, with prizes for winners in various events. Dancing in Andrews gymnasium will be to music furnished by Carleton Smith's orchestra. In the intermission there will be additional entertainment by youthful pupils of dancing schools of the city.

YOU and Your Friends

The recent Knights of Columbus convention held at St. Mary's college in the Marago valley, was attended by a group from this city including Mr. and Mrs. Clyde H. Ashen and Herbert Huelskamp. They made the trip with Mr. and Mrs. Roland Collett of Redondo Beach, until recently residents of Santa Ana. The group visited the Yosemite before returning home a few days ago.

Mrs. Alta Cook, 1920 North Ross street, has returned from Berkeley, where she attended the graduation of her son, Lyle Cook, from the University of California, and saw him admitted to the California bar.

Mrs. Harry E. Zaiser who has been quite ill for the past week is now well on the road to recovery, and is able to be up part of each day at her home at Orange County hospital where Dr. Zaiser is superintendent.

Mrs. Sarah Alford, president of Shiloh Circle Ladies of the G. A. R., returned yesterday to her home, 721 Kilson drive, from attendance at the departmental convention of the G. A. R. and allied patriotic organizations, held in Berkeley. Mrs. Alford will give her reports on convention sessions at the next meeting of Shiloh Circle. Next year's departmental convention will be held in Long Beach.

Mrs. Albert Harvey and small son, John Albert Harvey III, of 1314 South Parton street, left Monday by steamer for Seattle, to spend the summer with the former's parents, Colonel and Mrs. W. B. Greeley. This was to be Mrs. Harvey's first visit home with her infant son, the first grandchild of Colonel and Mrs. Greeley. Mr. Harvey plans to join them for his vacation in the late summer, the little family returning to Santa Ana together.

Word from J. H. Shaw, 714 West Eighth street, was that he was resting comfortably today from the effects of an emergency operation which he underwent yesterday morning in St. Joseph's hospital. He was taken suddenly ill on Saturday, and the operation was decided upon yesterday.

Student Recital

Mrs. Everly's Class

Richland Avenue M. E. church, graced with flowers and crowded with friends, was the scene of a recent recital in which piano pupils of Marie Stanton Everly were highly praised for the program illustrating the careful training received at the hands of their instructor.

Each young musician played from two to four numbers, and several appeared in duet selections, including Ralph Tippin, who played "Comrades," by Rolfe, with Mrs. Everly; Donna Baker and Ruth Hawley, playing "Salute to the Colors," by Anthony; Richard and Stewart Gibson, playing "The Peacock," by Schiller, and a fine piano and pipe organ diet, Wilson's "Shepherd Boy," with Ruth Hawley at the piano and Mrs. Everly at the organ.

Richard Gibson opened the program with two piano solos, "In Camp" and "The Harp." Other young pianists were Maxine Kauffman, playing "Bessie Polka," "London Bridge" and "Lilacs"; LaVonne Wells, playing "Drifting," "Sou'wester" and "Christmas Bells"; Stewart Gibson, playing "Haste, Merry Mill Stream," "On Roller Skates" and "Summer Days."

Billy Gulley played "Sweet Flowers," "Band Is Playing" and "Boys in Blue"; Ruth Hawley played Beethoven's "Minuet in G," "Blue Danube" and "Sweet Bye and Bye"; Ralph Tippin played "Billy," "Waltz of the Snowflakes" and "Jolly Darkies," and Donna Baker played a Chopin waltz, "Japanese Intermezzo," and MacDowell's "To a Wild Rose."

At the close of the program the

Local Couple United at Quiet Church Ceremony

A quiet marriage ceremony of Wednesday morning, May 24, in the First Christian church served to unite a popular young couple of this city, Miss Dorothy Delores Dennis, daughter of Mr. and Mrs. G. B. Dennis, 819 West Fourth street, and Claude Williams, son of Mr. and Mrs. Lawrence Williams, 714 South Sycamore street.

Mrs. T. L. Bramlette of Hollywood and the mothers of the bride and bridegroom, Mrs. Dennis and Mrs. Williams, were the only attendants at the service, read by the Rev. W. S. Buchanan, pastor of the church.

Miss Dennis was very lovely in a smart white ensemble, with which she wore harmonizing accessories. Her corsage bouquet was of roses and lilies of the valley.

Immediately after the rites the new Mr. and Mrs. Williams left for a short honeymoon trip to Agua Caliente and other Southland points of interest, with plans to return soon to establish their home here at 1051 West Eighth street. The couple became acquainted when both were attending Santa Ana Junior college. The bride is a graduate of Hollywood high school.

Mr. Williams is owner and proprietor of a service station at First and Main streets.

Daughters of Veterans

Through reports of the recent G. A. R. encampment held at Berkeley, given Tuesday afternoon at a meeting of Sarah A. Rounds' tent, Daughters of Union Veterans, members learned that their president, Mrs. Rowena Grout, had been named delegate to the national convention to be held at St. Paul in September. Mrs. Nellie Parker gave the official convention report.

General plans were made for a father and daughter luncheon to be held Tuesday, June 27, at noon.

Daughters were reminded to meet Sunday morning at 10:30 o'clock at the United Presbyterian church, corner of Sixth and Bush streets, to form a flag line for members of the patriotic orders attending Memorial services.

Members of the tent are to meet Monday afternoon at 2 o'clock with Mrs. J. R. Moore, 424 West Second street, to make bouquets for distribution at the cemetery on May 30.

During the business session, it was reported that 31 calls had been made and 57 bouquets distributed during the past several days.

Eastern Star

Initiation of two new members, Betty Ruth Milner and Frances Trine, took place Monday evening at a meeting of Santa Ana chapter, O. E. S., held in Masonic temple. Mrs. Jennie Shipe and R. L. Spaugh, worthy matron and patron, presided over the session.

In the second floor dining room refreshments were served by a committee composed of Adele Schwarm, Caroline Good, Josephine Good and Catherine Good.

Rev. O. W. Reinius, pastor of the church, talked briefly on music appreciation, and congratulated the young people and their teacher. A phase of the program that made it especially interesting was the demonstration given by each young pianist, in turn, of constructive scales, chords and arpeggios.

Mrs. E. G. Warner and the Misses Marcelle Shanfelt, Mary Ann Lucas and Norman Smith assisted in receiving guests and ushering them to their seats.

Garden Bridge Party Promises to Draw Many Guests

Ebell Fifth Household Economics section members have outlined such delightful plans for the garden bridge which they are presenting next Monday afternoon at the home of Dr. and Mrs. D. A. Harwood, 2467 Riverside drive, that it seems as though response would be so enthusiastic that the resultant crowd on pleasure bent, would tax even the spaciousness of this beautiful garden.

Mrs. Harwood, Mrs. Severin Schulte and Miss Clara Richards comprise the hostess committee directly responsible for the party plans, but each of the 24 members is active in furthering all arrangements for a successful afternoon.

Tables for both auction and contract bridge will be placed about the garden, with prizes to be awarded in both events. Emphasis has been placed upon the beauty of the surroundings, one enthusiastic guest-elect, declaring that it would be worth the nominal ticket charge, just to see Mrs. Harwood's rose arbor, flaming with Paul's scarlet roses.

Playing is scheduled to begin promptly at 2 o'clock, so guests must arrange to be there promptly. Many reservations are being made through the hostess trio and through section members in general, and an interesting phase has developed through enterprising women reserving tables in groups at which to entertain parties of friends. This scheme is proving quite popular, and section members felt that perhaps others might like to follow the plan.

Motorists Return From Trip Into Oregon

Mr. and Mrs. George W. Bond have returned to their home, 507 East Myrtle street, from a fortnight's automobile trip which took them as far north as Eugene, Ore. They were accompanied as far as San Francisco by their son and daughter-in-law, and Mrs. Clarence Bond, 2019 Victoria drive, who returned home by boat.

Mr. and Mrs. George W. Bond continued from San Francisco through the redwood country, crossing to Grant's Pass and from there to Eugene, where they enjoyed meeting old friends of Newport, Ore. Their return to the Southland was by the inland route, the entire trip giving them a comprehensive view of coastal plains, mountains and rolling hills just now at the loveliest season of the year.

Announcements

St. Joseph's P.-T. A. will meet tomorrow afternoon at 2:30 o'clock in the school annex.

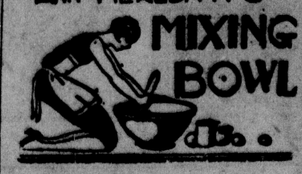

The meeting of Sycamore Rebekah lodge Saturday evening in I. O. O. F. hall will begin with a covered dish dinner to be served at 6:30 o'clock.

Third Travel section members of Ebell society were reminded today that their meeting for tomorrow afternoon will begin at 2 o'clock in the clubhouse lounge, with the program scheduled to begin promptly at 2:15 o'clock to precede the business session. Miss Preble Drake is in charge of a program on North Africa. Calvin Flint will be guest speaker.

This season's dancing parties for Santa Ana Country club members are to be climaxed tomorrow evening when an informal sports dance will be held at 9:30 o'clock in the clubhouse. Hosts will be Mr. and Mrs. George Baker and Mr. and Mrs. Paul Wallace. Excellent music is promised for the gala occasion, which will be the last of its kind until sometime next fall. An unusually large attendance of members is expected.

Girls' Ebell society will meet tomorrow afternoon at 3:15 o'clock with Miss Janet Hollingsworth, 2442 Riverside drive.

ANN MEREDITH'S MIXING BOWL

EAT AND GROW SLIM

Breakfast

1 baked apple, or,
Dish of apple sauce
1 coddled egg
2 thin slices bran bread toast
1 teaspoon butter for toast
1 cup coffee with 1-4 cup hot skim milk, no sugar.
Calory total, 395.

• • •

Baked apple or apple sauce for a reducing diet must be cooked minus sugar, but that doesn't say that it must be eaten in this unpalatable state. For the baked apple allow 1 teaspoon of sugar, and for 5 tablespoonfuls of the sauce allow 2 teaspoons of sugar. No cream is permitted with the baked apple.

• • •

To coddle an egg bring a small vessel of water to a rapid boil, draw off the fire and put in the egg. Cover closely and let stand 10 minutes. The white will be delicately jelled and the yolk eatable.

• • •

Some weeks ago I told you how to cut down the oil content of mayonnaise by using buttermilk. I wonder if anyone tried the idea and liked it well enough to save the recipe? It appeals to me because the fat calories in the mayonnaise are so notably decreased.

Make the mayonnaise just as you always do, only use more egg yolk . . . about 3 extra yolks to 2 whole eggs for 2 quarts of mayonnaise. Have bowl, whipper, oil, eggs and vinegar thoroughly chilled. Mix eggs with a little mustard pinch of salt and sugar, start dripping the oil carefully until the dressing thickens, then alternate oil and vinegar until a quart of oil has been used. At this stage begin using the buttermilk, very carefully, adding a tiny bit of oil occasionally. With care almost a quart of buttermilk can be worked in.

• • •

Here is something to think about: 1 tablespoonful of oil mayonnaise holds 100 fat calories. Buttermilk mayonnaise has but 50 calories. With summer salads high in favor this fat-reduced mayonnaise is a real boon to men and women who gain too easily.

TODAY'S RECIPE

Macaroni Baked With Peanut Butter, Cheese and Crumbs

1 cup uncooked macaroni
2 cups milk
1 tablespoon cornstarch
4 tablespoons peanut butter
1-2 cup grated cheese
1-2 cup buttered crumbs
Salt and pepper

This fine luncheon dish fills up hungry youngsters like magic. Indeed, it's so good it might very nicely be the main dish at dinner with green vegetables.

• • •

Cook the marcaroni in salted boiling water 20 minutes, strain and rinse in cold water, then put in a buttered baking dish, a shallow one, please heat the milk, adding the peanut butter to it while heating. When smooth thicken slightly with the cornstarch, season, and stir through the macaroni. Mix crumbs and grated cheese and cover the top thickly. Bake about 40 minutes in a medium oven.

• • •

There are 1800 calories in the macaroni dish and enough for six hungry people. Tissue-builders and energy-makers are about "even-Stephen in this case.

• • •

Friday: Corn and Tomato Bisque, or, cream soup if you like that better.

PROOF THAT NEW FACE POWDER WON'T MAKE BLOTCHES

Many face powders are made out of cosmetics which darken when the oil in the perspiration strikes them.

Perspiration comes out through the openings of your pores and the oil along with it. Every pore which is giving out oil is darkening the powder around the opening of the pores. Thus you have dark spots around the pores and white spots between them, making an ugly, dobby face of blotches, especially on the nose.

The new Mello-glo Face Powder contains none of these inferior cosmetics which are so easily darkened by the oil in your perspiration. Prove it for yourself. Powder one side of your nose with another powder. Powder the other side with the new Mello-glo. In five minutes, let your mirror give you the answer.

We challenge the world to produce a finer and more luxurious face powder than the new Mello-glo. The new Mello-glo formula is the formula used by the most exclusive cosmeticians in New York and Paris.

You don't buy face powder to make your face look dobby and blotchy. Therefore, do not waste your money on powders that you are not sure of. Ask for Mello-glo Face Powder by name. Look for the name Mello-glo Face Powder on the gold box. Refuse the unfair offer of "something just as good," which may blotch your face. Ask for Mello-glo by name and get it. 50c and $1. Tax free.

Retired Officer Advocates Naval Base At Seal Beach

NEED OF DRY DOCK TOLD AT CLUB SESSION

ORANGE, May 25.—A saving of between $2,000,000 and $3,000,000 would accrue from the location of a naval base at Seal Beach, declared Commander J. F. Daniels, retired United States naval officer and a former member of the staff of Admiral Sims, at a meeting of the Lions club yesterday.

Commander Daniels, who served 31 years in the navy before retiring 10 years ago, believes that an ideal spot for establishing a base and dry dock would be along the lowlands at Seal Beach where, he declares, a harbor could be scooped out as was San Pedro harbor. The speaker pointed out that much the same condition existed at San Pedro as exists at Seal Beach before the former harbor was built.

Breakwater Needed

If the federal government could be persuaded to build a breakwater it would be of material assistance in forming such a base, said the naval officer. Something better should be evolved for the fleet, than anchoring ships out at sea and transporting 10,000 men, half of the force, to and from the ships daily, the speaker said.

The trips cost approximately five cents each way, or an aggregate of $360,000 a year. Adding to this sum the money spent in taking supplies to the fleet and other transportation costs, the sum per year for keeping the fleet in the oceans totals in the millions, he stated.

The speaker outlined a plan for a circular dock with finger slips for warships. Water lines and gas lines could be connected directly with the vessels and when voyages were ended expenses would cease. Low pressure steam could be secured from shore steam plants for the entire fleet as could electric power, said the commander, as he called attention to the fact that if each household maintained its own power plant the expense would be enormous, as it is when each ship must maintain its own power producing equipment.

Few changes have been made in the matter of anchoring ships since the days of Drake and Nelson, the naval officer declared. An additional advantage to be gained by the plan would be that each ship would be equi-distant from the flagship.

One Pacific Base

At present there is one naval base on the Pacific coast, that at Puget Sound, said Commander Daniels, and four on the Atlantic coast. Ships going into drydock now must travel 2000 miles and be separated from the fleet for a period of months, it was pointed out.

Reasons for delay in the project were cited by the speaker as an unawakened interest in the public and indifference of Los Angeles county people and press toward the project. The latter county would be extremely interested, he declared, if the location selected were within the confines of that county. There is no room in an industrial development like San Pedro for a naval base, said Commander Daniels.

Tells of Travels

In opening his talk, Commander Daniels gave a humorous resume of several years as a commander of a school ship for cadets of the merchant marine and of a trip to Spain, France, Italy and Portugal with 75 live young Americans who were "rarin' to go" at every possible opportunity. He told also of visiting every port in the world and of seeing a part of Italy in company with Thomas Nelson Page.

Capt. Al Wunderlich was program chairman and introduced the speaker.

Methodist Church Chorus At Party Saturday Evening

ORANGE, May 25.—The First Methodist church Young People's chorus will be entertained at a party following the regular Saturday evening practice when the members of the Ladies Aid will sponsor the event. Mrs. J. R. Kenyon, president of the Aid, is making the arrangements for the party. Mrs. George Swift Harper is the director.

LUNCHEON HELD BY MEMBERS OF CLUB SECTIONS

ORANGE, May 25.—Members of the Second Economics section of the Orange Woman's club were hostesses to members of the First and third Economic sections Tuesday at a 1 o'clock demonstration luncheon at the Woman's clubhouse. C. E. Short furnished the prizes given at the close of the luncheon and the talk of the afternoon was made by Nina G. Abbey of the educational department of the Southern California-Arizona Association of Ice industries.

Mrs. Abbey told of correct ways of making and serving cocktails and made a cocktail of cantaloupe and orange juice. Gelatin salad may be made and set in 30 minutes, she said, by using one-half the amount of liquid specified and by substituting cracked ice for the other half.

The demonstrator made Cecil Brunner roses from cream cheese slightly thickened with flour and colored to decorate the salad. A sandwich loaf was made of layers of hard boiled eggs, sweet pickles, a layer of pimiento cheese, one of avocados and deviled ham and the whole frosted with white cream cheese. This she cut for sandwiches.

Prizes were awarded to Mrs. George Bartley, Mrs. Seth Perkins, Mrs. Nellie Ainsworth, Mrs. George Curtis and Mrs. E. M. Chapman. Mrs. Abbey was accompanied by Mrs. Ann Crownover, of Pasadena.

The second section will hold its regular meeting and luncheon at the clubhouse June 13.

Seven-Reel Film Shown On Sunday

ORANGE, May 25.—The Friedberg Passion play will be presented in a seven-reel film at the First Methodist church Sunday evening, it was anounced this morning by the Rev. L. V. Lucas, pastor of the church. The play was filmed in Friedberg, Germany. Music will be given by the Young People's chorus.

ORANGE, May 25.—Officers for the Maple street P.-T. A. were installed yesterday by Mrs. W. E. R. Crawford, of Santa Ana, program chairman of the Fourth District, when the organization held its final session for the present year. The following officers were installed: President, Mrs. Kenneth King; vice president, Mrs. J. N. Livernash; secretary, Mrs. L. G. Holman; treasurer, Mrs. John Erickson; parliamentarian, Mrs. C. E Wood; historian, Mrs. B. D. Stanley.

Mrs. Livernash will serve as program chairman for the coming year; Mrs. T. H. Elijah as membership chairman; Mrs. C. A. Palmer, hospitality; Mrs. Verne Estes, standard; Mrs. D. V. Rothenberger, publicity; Mrs. John Erickson, finance and budget; Mrs. Sanford Cole, art.

At the close of the meeting, Mrs. Iva Lee, principal of the school, was presented with a basket of flowers and the other teachers with handsome corsages. They were Vearle R. Chambers, Ruthe E. Chase, Helen E. Lush, Eva M. Stration and Floy P. Wilber.

The speaker of the afternoon was Mrs. A. M. Robinson, of Tustin, who spoke on "The Child's Right to Understanding." Reports of chairmen of committees for the year were given by Mrs. E. G. Smith, program; Mrs. C. E. Wood, membership; Mrs. Verne Estes, hospitality; Mrs. E. S. Ross, publicity; Mrs. C. E. Short, standard; and Mrs. J. N. Livernash, summer-round-up, and Mrs. B. D. Stanley, historian. Mrs. Smith was extended the thanks of the association for the interesting programs which she had planned throughout the year.

Mrs. King gave a resume of the activities of the association which she will give at a school of instruction to be held by the district at Irvine park June 2.

Tea and cookies were served by the hostess commitee, Mrs. Sanford Cole, Mrs. C. A. Palmer, Mrs. A. D. Burkett, Mrs. L. G. Holman and Mrs. E. S. Ross.

MRS. McDONALD IN NEW W. R. C. OFFICE

ORANGE, May 25.—Holding their monthly special meeting Tuesday afternoon in the home of Mrs. Mamie Higgins, North Lemon street, members of Orange W. R. C. learned that Mrs. Gladys McDonald had been named instituting and installing officer for California and Nevada at the department encampment held the past week in Berkeley. Mrs. McDonald had been first member of the department executive board.

Hostesses with Mrs. Higgins were Mrs. McDonald and Mrs. Florence Merriman. The latter is president of the Orange corps, and attended the convention with Mrs. McDonald.

The afternoon was spent in sewing, with the hostess group serving refreshments at the close of the affair. Decorations were in keeping with a yellow theme.

Those present were Miss Anna Granger and Mesdames Rozalia Smith, Blanche Campbell, Freda Porter, Mabel Lee, Euphemia Rails, Lucy Robinson, Ada Baker, Annie Laurie, Mabel Elliott, and the hostess group, Mesdames Higgins, McDonald and Merriman.

Members of the corps who were in Fullerton Monday attending a meeting of federation No. 1 were Mesdames Gladys McDonald, Florence Merriman, Rozalia Smith, Lucy Robinson, Mabel Lee and Blanche Campbell.

ORANGE PERSONALS

ORANGE, May 25.—Alton Bode, of the fleet air base at Coronado, is spending a furlough with his cousin, the Rev. A. C. Bode, before leaving for Pearl Harbor on the oil tanker "Cuyama." Mr. Bode is a class "A" aviation pilot of the U. S. Air Squadron 95.

Mr. and Mrs. Roy Tulene, 633 West Maple avenue, are moving to Santa Ana, where they have purchased a home on King street.

The Ladies' Aid of the First Presbyterian church will hold its regular meeting next Thursday, when a covered dish luncheon will be served at noon in the lower auditorium. Mrs. W. A. Settle will preside.

Mrs. Gladys McDonald and Mrs. Florence Merriam attended the state convention of the W. R. C. at Los Angeles Wednesday and addresses by the national president, Mrs. Beatrice Tyson, of New York City, and the national president of the Daughters of Union Veterans of the Civil war, Mrs. Grace Merryman.

Mrs. Ola Hartman will give a recital for her piano pupils Saturday afternoon in the parlors of the First Methodist church.

A group of members of the Royal Neighbors lodge are in Los Angeles today attending a district convention. Among those from Orange are Mrs. Amanda Amos, Mrs. Hart Pennington, oracle of the local lodge, Mrs. Ella Zimmermaker, Mrs. Anna Slater and Mrs. Minnie Young.

Miss Anna Muffleman, a former resident of this city, who has been living in Los Angeles for the past three years, has re-established her residence in Orange at 610 South Grand street.

TRUSS EXPERTS HERE

The Rice Truss Experts, personal representatives of William S. Rice, Inc., Adams, N. Y., will be at the Santa Ana Hotel, Santa Ana, Calif., afternoon and evening of Friday, May 26, and all day Saturday, May 27. Every ruptured man, woman and child should take advantage of this great opportunity.

The Rice Method for Rupture is known the world over. You can now see this Method demonstrated and have a Rice Appliance fitted to you. Absolutely no charge unless you are satisfied to keep the Outfit after having the Appliance adjusted and you see how perfectly and comfortably it holds. No harsh, deep-pressing springs, nothing to gouge the flesh and make you sore. Can be worn night and day with positive comfort. Soft, rubber-like composition pad, any degree of pressure required.

Don't wear a truss all your life when thousands have reported recovery through using the Rice Method. Why suffer the burden of rupture if there is a chance to be free from truss-wearing forever? Anyway, it will cost you nothing to come in and learn all about the Rice Method and the wonderful opportunity for help it offers in your case. Just ask at hotel desk for the Rice Representatives and they will do the rest. Hours 9 to 12 a. m., 2 to 5 p. m., or 7 to 9 evenings.

Don't miss this great opportunity to see these Experts on Hernia.—Adv.

THERE'S no secret to it. Just a bit of this, and a dash of that, and fill your glass to the brim with Canada Dry.

But it's really important to use The Champagne of Ginger Ales in a long, tall drink. For Canada Dry doesn't merely mix . . . it blends! And that makes all the difference in the world!

Just try it! Even the ice seems to tinkle more musically. Deep down there's a gleam of frosted gold and a gay parade of crystal bubbles you see only when the drink *is* made with Canada Dry. And what other beverage ever had such a bouquet . . . such tangy zest?

We could give you plenty of reasons for all this. Tell you about our special process of carbonation; about the care we take with our ginger; about our secret formula; about the perfect balance. But what's the use? Your first sip of a long, tall drink made with Canada Dry will do all this . . . and more! It's a treat no one can describe. And of course it's delightful just by itself!

THE TINYMITES

STORY by HAL COCHRAN—PICTURES by KING

The ladder that the Tinies made against the monstrous tree was laid. The big woodpecker eyed it, but kept pecking at the tree.

Said Dotty, "My, that bird is smart. His pecking is a work of art. I'll bet he knows he's making a fine little home for me."

"Me, too," cried Goldy. "Don't forget, that when the tree house is all set, we two are going to share it. It will be our home, sweet home.

"Now, if a wild wind comes along, 'twill be all right. The house it strong. We'll never find a safer one, no matter where we roam."

• • •

Then Scouty shouted. "Look! It's done! The bird has had a lot of fun. I wish that he would come down here and let us pet his head."

The bird, however, flew away. The bunch then heard wee Coppy say, "It's getting dark. I think it's time for me to go to bed."

"That suits me fine," said Goldy. "Gee, here's where I climb up in the tree." The Tinies held the ladder, so the two girls wouldn't fall.

"Oh, what a fine place," Dotty cried. "It's really nice and warm inside." "Good night," said Scouty. "Get up in the morning, when we call."

• • •

The balance of the Tinies went right over to their little tent. It wasn't long until they all were sleeping very sound.

The long night drifted into day, and then the lads heard Windy say, "Get up! I have some bad news. I've been out to look around.

"The girls are missing from their house. I sneaked up, quiet as a mouse, but they were gone. It's somethi hat I cannot understand."

"All of the Tinies rushed outside and, very shortly, Scouty cried, "Hey, somebody has been here. There a re footprints on the sand." (Copyright, 1933, NEA Service, Inc.)

Placentia High School Petitions Presented Friday

NEW PROJECT GIVEN BACKING OF 800 SIGNERS

PLACENTIA, May 25.—The petitions asking for withdrawal of the Placentia Union grammar school district from the Fullerton Union high school district are to be filed tomorrow, if plans of the citizens handling the petitions carry.

A group of interested taxpayers has been working for several weeks on circulation of the petitions, which now bear more than 800 signatures. There are more than 1400 voters in the union district.

The petitions will be filed with the county superintendent of public instruction, Ray Adkinson, who by law is allowed 20 days to verify the signatures, and who then sends them to the state board of education. The state board then sets a hearing, and if it approves the withdrawal, after hearing both sides of the case, sets an election.

Cypress Girl To Marry Saturday

CYPRESS, May 25.—Miss Bernadine Bettendorf, popular Cypress girl, will become the bride of John Wollenman of Anaheim at St. Mary's Catholic church in Fullerton Saturday morning. The romance of the young couple started six years ago in the Anaheim Union High school from which they graduated with the class of 1930. For the past few years Miss Bettendorf has been teacher in the Buttree School of Music in Anaheim.

After a wedding breakfast at the home of the bride's parents, Mr. and Mrs. Nicholas Bettendorf, the newlyweds will leave on a honeymoon trip through Northern California. On returning they will make their home in Fullerton.

Begin Rehearsal For School Play

OCEANVIEW, May 25. — Rehearsals are under way on the play the eighth grade class will present in June. The date has not been set.

The class has elected officers as follows: Newell Honeycutt, president; Cuzuko Furuta, vice president; Jim Sakamoto, secretary and treasurer.

Dark coats and flannels are to be worn by the boys for commencement on the evening of June 16, while the girls have chosen white dresses and accessories as their commencement costumes.

Check on the Stanford achievement test brought to light that one 13-year-old girl of the school showed a 17 1-2-year-old mentality ability.

80 Present For Dinner at Beach

NEWPORT BEACH, May 25.—Executives of the Red and White stores of Orange county and their wives and salesmen, numbering 80 people, met this week in the main auditorium of Christ Church by the Sea for their bimonthly social time. An interesting talking picture was the main part of the evening's program. The meeting was held here on the invitation of the local Red and White grocers, Charles Way and A. S. Thompson. A fish dinner was served by the Newport Beach circle of the local Woman's Aid society. The auditorium was beautifully decorated in red and white.

Women of the circle in charge of the kitchen were Mrs. A. S. Thompson, Mrs. J. A. Bodeman, Mrs. J. L. Berry, Mrs. Dallas Blue, Mrs. E. S. Winchel and Mrs. Albert Smith. In charge in the dining room were Mrs. Caroline Fischer and Miss Marguerite Way. Waitresses were the Misses Jean Louise Bodeman, Patricia Torrance, Dorothy Blue and Jeanette Wells. Mrs. Ida Nylor and Miss Marguerite Way were in the reception line.

Scouts Preparing For County Event

WESTMINSTER, May 25.—With the camporal for Boy Scouts of the county set for June 2, at the Limestone camp, the 15 acres donated last year by James Irvine to Scouts for camping purposes, one patrol of the local troop, the Midway City group, is holding practice for the event.

One practice camp was made over night this week by this troop of which Bill Clinton is patrol leader, the group going to the ranch operated by Armand Heil near Huntington Beach.

Scouts of the local troop are spending their spare time working on the Scouts cabin.

NEW MARKET SCHEDULED AT LAGUNA BEACH

LAGUNA BEACH, May 25. — With the opening Friday of Van's Food market, in the Hofer building, which forms an "L" around the corner of Coast boulevard and Ocean avenue, three important business changes will have been made this week.

The stock and fixtures of the Continental stores, 223 Forest avenue, were sold to Loyd Acord, of Orange, who has joined O. G. Rains, proprietor of the meat market and George Ais, owner of the fruit and vegetable business at that address, in a working agreement under the name Laguna market.

The space occupied by the Food shop at 241 Forest avenue has been doubled by knocking out the wall between that building and the one adjoining, occupied by the Harris bakery. The entire front of the double store room has been opened. Glenn B. Teter, proprietor of the meat market, has moved his show cases to the far wall of the old bakery and the bakery has moved to the far wall of the Food shop. Jones and Nosler, fruit and vegetable dealers, are occupying the space in the front central part of the enlarged store. Emma Jane Pence's grocery store has the entire space at the rear of the market proper. Behind the shelves of the grocery store ample room is left for the baking ovens, the big refrigerator and for storage. The design for the reconstruction was made by Manfred De Ahna of this city.

Van's Food market will have the largest floor space ever occupied by a similar business in the city. V. J. Anderson, of Santa Ana, has the contract for the reconstruction of the building. The grocery department will occupy a huge space on the wall perpendicular to Ocean avenue. The Harris bakery will have a department on the Ocean avenue side. Henry Schmidt will have the meat market along the wall running perpendicular to Coast boulevard; also the delicatessen department. Charles Barron will have the fruit and vegetable business. The stand will front on the main entrance on Coast boulevard.

New Residents For Midway City

MIDWAY CITY, May 25.—Several new residents have moved to Midway City this week, among them being the A. N. Smalley family, formerly of Midway City and now moving from Oceanview to the Central Memorial Park property on First street, last occupied by Mr. and Mrs. McLaughlin.

J. Hutchins, who is with the Edison company, has moved his family to 175 Jefferson street, the house formerly occupied by Mr. and Mrs. William Frazier ,and owned by Mrs. Hazen, of Los Angeles.

The DeBrees family from near Huntington Beach has taken the house at 308 Van Buren street recently vacated by the Branni family, now of Long Beach. Mr. DeBrees is an employe of the Superior Oil company at Huntington Beach.

Fish Warden For Newport Section

NEWPORT BEACH, May 25.—Indicating the importance of the Orange county coast line from a fishing standpoint, T. W. Schilling, fish warden, has been stationed here by the State Fish and Game division, it was learned today.

Schilling will have charge of the coast line from Seal Beach to Oceanside in San Diego county, it was stated, including the fishing centers at Laguna, San Clemente, Capistrano Beach, Huntington Beach and the Newport Harbor district.

This is the first time a fish warden has been stationed in this vicinity, and Schilling stated that the division is anxious to cooperate with local agencies in the protection of the fishing resources of the state.

Glad She Lost 22 Lbs. of Fat

"When I started to use Kruschen Salts I weighed 153 and now with my 3rd bottle I weigh 131 pounds without any harm done. Thanks to Kruschen. I like it because it doesn't weaken me as some other salts I had taken. I have lost 3 pounds in one week and haven't starved a single moment." Libbie J. Lahut, Parma, Ohio (Dec. 6, 1932).

Once a day take Kruschen Salts—one half teaspoonful in a glass of hot water first thing every morning. Besides losing ugly fat SAFELY, you'll gain in health and physical attractiveness — constipation, gas and acidity will cease to bother — you'll feel younger—more active—full of ambition—clear skin—sparkling eyes.

A jar that lasts 4 weeks costs but a trifle at McCoy Drug Co., 2 stores, or any drug store in the world—but demand and get Kruschen and if one bottle doesn't joyfully please you — money back.—Adv.

PLUME RESIGNS PLACE ON SAN CLEMENTE CITY BOARD

SAN CLEMENTE, May 25. — Councilman Robert C. Plume turned in his resignation yesterday afternoon as a member of the city council to take effect at the next regular meeting on June 2.

Plume states that he advised the council some months past that it would be necessary for him to take this step on account of the requirement that he spend a large part of his time in the future in Glendale, where he has business interests and that he has stayed on longer than he should in order to complete the installation of the new water system, as he held the position of water commissioner on the council.

Plume will remain here until after the special council meeting called for tomorrow afternoon, then will be absent for a period of a week or more making necessary repairs on a house in Eagle Rock.

This makes the second resignation from the council in a week, H. H. Cotton having resigned last Friday.

LA HABRA W. R. C. PLANNING DINNER

LA HABRA, May 25.—Those from La Habra who attended the all day meeting of Federation No. 1 of the Woman's Relief corps at Fullerton were Mrs. Minnie Williams, Mrs. Robert E. Carey, Mrs. Lida Selden, Mrs. Anna C. Launer, Mrs. Milton Keeler, Mrs. Joe E. Strupp, Mrs. Maude Adcock, Mrs. Mae Delacour, Mrs. Charles E. Trent and Mrs. Sarah Elder.

The next federation meeting will be held in Whittier July 24.

Plans were made by the La Habra W. R. C. for a mother and daughter banquet to be held in the near future, no definite date being set. Mrs. M. C. Fiscus was appointed chairman of this affair.

The members plan to take part in the Memorial day services at Loma Vista cemetery and to attend the Baptist church in a body May 28 for the memorial services there at the special invitation of the pastor, the Rev. T. C. Jordan.

Sign Affidavits On Newport Fish

NEWPORT BEACH, May 25.—Affidavits were being prepared today in connection with the world-record, 692-pound marlin swordfish caught off Balboa August 18, 1931, by Alfonse Hamann, who had the giant fish preserved and will exhibit it at the Century of Progress exposition at Chicago this summer.

M. S. Robinson, harbor master, who was president of the Balboa Angling club when the fish was caught and registered at the club's weigh scales; W. S. Smith jr., who was the club's weighmaster at the same time; J. M. Cooper, fish dealer, who weighed it at another scale; Capt. Harry Rider, operator of the boat from which the fish was caught, and Hamann himself made affidavits as to its weight and other particulars.

DRY FORCES OF LA HABRA FORM ORGANIZATION

LA HABRA, May 25.—Formation of the United Dry organization took place following a meeting of the Methodist brotherhood Tuesday evening at the Social hall. Officers of the organization are Ross N. Hodson, chairman; Paul M. Thornton, vice president; J. A. Scofield, assistant chairman, and the Rev. A. M. Blackmon, secretary.

Other members of an executive board will be representatives to be chosen by each church to represent them in the organization.

The petition presented to the city last week by business men asking the city council to either pass an ordinance allowing the sale of 3.2 beverages or to call an election of the people for their decision on the question, was brought up at this meeting and the petition with the names signed thereon was read. It was decided by the members that they would pledge themselves to support only the dry merchants, those who did not sign the petition. A vote of commendation was also ordered sent to Councilmen H. A. Randall and Mayor John T. Knudson, for their "no" vote at the council meeting at which the election on the subject was called for June 17.

A second meeting will be held at 7:30 p. m. Saturday night in the Methodist league room and all interested in the work are invited to attend. The purpose of the meeting will be to organize workers for the coming elections on the beer proposition.

Gillord Gordon, Australian orator, addressed the Brotherhood.

Mr. Gordon was sent to the United States by his government to study and investigate the effect of the 18th amendment and the conditions of prohibition in America since its passage. He has travelled 30,000 miles in the United States and 5000 miles in Canada studying liquor conditions.

When the United States passed the amendment, he said, it was one of the greatest moral achievements and was of vast interest to other countries of the world, who thought it could not be done. Although the Canadian government has control of its liquors, there is a large increase there of crime and bootlegging, he stated.

The Brotherhood meeting was well attended and a 6:30 dinner was served 125 guests preceding the program of the evening, which included Mr. Gordon's talk. The H. E. Hains orchestra of La Habra furnished musical numbers during the dinner.

A nominating committee was selected and officers will be elected at the next meeting to be held in June. Members of the nominating committee are Edgar Luehm, L. E. Proud, J. A. Scofield.

All teachers will remain at Orangethorpe school next year.

WAKE UP YOUR LIVER BILE— WITHOUT CALOMEL

And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.

It takes those good, old CARTER'S LITTLE LIVER PILLS to get these two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely.

But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Resent a substitute. 25c at all stores. © 1931 C. M. Co.

CHANGE TIME FOR FARM DISCUSSIONS

At 8 o'clock tonight KREG will put on the air the last broadcast of "Farm Flashes" presented under the auspices of United States Department of Agriculture and the Agricultural Extension Service of the state university. In the future these programs will be on the air at 12:30 p. m. daily.

Tonight's broadcast will continue the discussion of parity in the Farm Act and its two important proposals. Tomorrow's broadcast will include an explanation of the origin of the surpluses that have helped throttle farm purchasing power. This explanation will be given by federal and state officers.

BING CROSBY TO BE PROGRAM STAR

Bing Crosby will be the featured artist tonight on the "Tiernan Typewriter Tempos" scheduled for 6:15 over radio KREG.

Among the numbers the featured crooner will sing during the presentation by electrical recording will be "Please," "Paradise," "You're Still in My Heart" and "Waltzing in a Dream."

The broadcast tonight will tell of the opening of additional quarters for the Tiernan Typewriter company.

KREG NOTES

Alexander Kirkland will reveal intimate details of the thrilling experience he and Ann Harding encountered when their boat capsized recently off the Cuban coast, when he is presented by Raymond Paige in an interview with Eleanor Barnes, as a highlight of "California Melodies," 6:15 to 6:45 tonight, over KHJ.

"An American Memorial Bouquet" is the title of the current Inglewood park concert, 7 to 7:30 tonight, over KHJ. Frederick Stark, eminent German-American conductor, has lined up a particularly attractive program paying tribute to Memorial day.

Georges Enesco's "Roumanian Rhapsody" will be the principal work which Alfred Hertz will present to the Standard Symphony Hour over an NBC network including KFI at 9 o'clock tonight. Two prominent French composers also are represented in this concert program—Saint-Saens with the "March Militaire" from his "Suite Algerienne" and Prelude to "Le Deluge" and Chabrier with his celebrated "Espana Rhapsody."

FRIDAY

Concluding a series of three programs in connection with the National Congress of Parents and Teachers, now in session in Seattle, Wash., two speakers will be heard over an NBC network including KECA and KFSD between 1:15 and 1:30 p. m. tomorrow. Mrs. B. F. Langworthy, first vice president of the National Congress, will talk on "Children and the Radio." Miss Marion L. Telford, field secretary of the National Safety Council, will discuss "Are You Fit to Drive a Car?"

ROUND TABLE HAS MEET WEDNESDAY

ANAHEIM, May 25.—Following a policy of having the chairman of each week's program act as presiding officer the latest club in the city, the Anaheim Round Table club, met yesterday noon at the Elks' clubhouse for an impromptu program presided over by Thomas McFadden.

Paul Tedrick was elected permanent secretary. Those who attend the first three meetings of the organization will become charter members it was decided.

Those present yesterday were Thomas McFadden, Paul Tedrick, Joe Henthorne, Leonard Evans, F. A. Yungbluth, J. H. Whitaker, H. H. Benjamin, Dean Love, J. E. Elliott, D. M. Winans, George F. Holden, Dr. Homer Nelson, Evan Alsip, L. H. Loudon, A. P. M. Brown, Harry Macres, Rudolph Boysen, W. M. Martenet jr., Charles Harbeson, Carl Monahan, Ernest Dubois, Jack Burkhardt, William Payne and August Eltiste.

ANAHEIM PERSONALS

ANAHEIM, May 25.—A daughter was born last night to Mr. and Mrs. Howard Casseriel of El Monte. Both mother and child are in the Anaheim sanitarium.

BREAKFASTERS AND GUESTS ENJOY PARTY

Voted as one of the most successful events in the annals of the organization was the fifth anniversary celebration of the Orange County Breakfast club, originally organized as the Santa Ana Breakfast club, held this morning at Campi's cafe, on the Santa Ana-Anaheim highway, attended by close to 200 "Ham and Eggers" and invited guests, including many of the fair sex.

Quantity and quality featured the elaborate entertainment program arranged for the occasion, presided over by Bruce Switzler, first president of the organization, and which included tuneful selections by "Brick" English's famous dance orchestra, snappy songs, and clever dancing numbers.

The program, designated as "Founders' and Ladies' Day" opened with selections by the orchestra followed by the Johnson Sisters "Harmony Trio," featuring the Misses Dee and Iris Johnson and Miss Wanda Prather in several late Broadway hits.

Music and D ncing

They were followed by Pete Apratio who entertained the guests with selections on his De Luxe accordion, and vocal numbers by the "Four Harmony Boys," made up of the Elsner and Rohr brothers.

Making a decided hit with the audience was little Betty Jean Koster, whose clever dancing and singing were well applauded.

Other outstanding number on the program was a vocal solo by Miss Sally Lee Scales, a talented Santa Ana soprano, accompanied by Miss Ruth Armstrong, and a vocal number by Mrs. Walter Kogler, accompanied by Miss Christine Lambert, both of Orange.

A touch of Spanish atmosphere was added to the program by Miss Henrietta Armendariz, of the Santa Ana Junor college, who, dressed in the traditional attire of Seville, appeared in several dancing numbers.

Surprise Number

A surprise number on the program was the appearance of "Gandhi," who carried in a chair by two stalwart followers, was taken to the platform and introduced to the "Ham and Eggers." Though sorely tempted to break his fast by the tempting dishes brought before him, "Gandhi" alias "Skinny" Skervin insisted on keeping his fast.

Receiving what amounted to a small ovation was Miss Evelyn Furtsch, of Tustin, a nationally known sprinter, who is an honorary member of the breakfast club. It was announced that arrangements are being made to send Miss Furtsch to Chicago where she is expected to enter the contests to be staged in connection with the fair.

Others to be singled out for tribute by the club were Mrs. Edith M. Ritter, principal of the Fremont elementary school, also an honorary member, for her welfare work among undernourished children, and D. C. Cianfoni, for his interest in community activities.

SECOND PHASE OF TRIAL IS LAUNCHED

NEW YORK, May 25.—(UP)—The second phase of the government's case against Charles E. Mitchell was under way today with testimony bearing on the sale of stock to W. D. Thornton, president of the Greene Cananea Copper company—a deal on which the banker claimed a $783,000 loss.

The Thornton transaction is similar to that involved in the first count against Mitchell based on an alleged fictitious sale of stock to Mrs. Mitchell. This phase of the prosecution was concluded yesterday after ten days of testimony. The third and final charge is that Mitchell failed to report an income of $666,666 from the National City Management fund.

FLIER FORCED TO LEAP FOR HIS LIFE

HOLLISTER, Calif., May 25.—(UP)—Aviation's Caterpillar club gained a new member here today when Jack Herman, 27, local commercial flier, bailed out of a falling plane at 300 feet and safely descended by parachute.

Herman, a participant in the 1932 national air races, had taken the plane up for a test flight. At 2500 feet he forced it into a spin. Unable to bring the craft out of the spin, Herman clung to the controls until 300 feet above the ground and then abandoned the falling craft for his parachute.

The plane crashed into a field adjoining the airport and was demolished.

Pleads Guilty To Non-Support

Leonard Flint, 30, of Woodland, California, pleaded guilty to a charge of non-support of minor children when he appeared before Judge Kenneth E. Morrison in the Santa Ana justice court yesterday afternoon. Time for pronouncement of judgment was set for May 26 at 9 a. m.

Flint was lodged in the county jail yesterday on the non-support charge. Judge Morrison set his bail at $1000, which was not made and Flint was returned to jail.

NATIONAL WHIRLIGIG

News Behind the News

of people. The answer is hooked up with the public works bond issue. Plenty of arguable details about this issue are still unsettled and the federal reserve wants to find out how much assistance it will have to give in that connection before it does any large scale buying of outstanding issues.

So far as authentic inflation is concerned the federal reserve has actually been sitting on the lid to date. All of its activities up to now have been mildly but definitely deflationary. They will be changed soon

• • •

There was a hot inside argument in federal reserve circles before publication of member bank loans, investments and deposits were resumed last week. One school of thought held that the figures were too incomplete to mean anything. Their opponents said the public would begin to suspect there was something to hide if they didn't at least release the figures they had. Carl Snyder of the New York bank belonged to the second group and helped influence the final decision.

• • •

MORTGAGE COMPANIES

Mortgage companies have been reprieved from serious trouble by not being allowed to pay out more than they receive. But that hasn't made them any more lenient toward their debtors. Several of them are pushing foreclosures more aggressively than ever. Moreover, in the rare cases where mortgage bondholders have agreed to a reduction of interest the mortgage company has usually taken the benefit itself and refused to pass it on to the original mortgagor.

The situation has aroused plenty of resentment underneath and there may be a public blow-off shortly.

• • •

TEACHERS

Influential New York educators have protested vigorously to the National Education association against holding its summer meeting in Chicago. They maintain that Chicago has treated its teachers particularly badly and therefore does not deserve the benefits deriving from the teachers' convention.

The N. E. A. officials in turn protested to Chicago officially and the recent part payment to Chicago teachers is attributed to this intervention. The Century of Progress Exhibition will suffer seriously from a teachers' boycott.

There is very good evidence that the teachers are not through applying pressure. The Chicago group is getting sympathetic groups all over the country to adopt resolutions threatening to stay away from the exhibition and urging everyone else to do so.

• • •

BRITAIN

Britain's experts view the proposed partial payment of debt installments in silver as a fictitious saving. They argue that the silver would have to be purchased by gold and that American acceptance of silver at a premium of roughly one-third would be offset by the fact that the pound is at a discount of one-third in relation to gold.

• • •

FRANCE

Informed New York hears that the French government is dismayed by the loss of confidence in French banks. British banks in France are crowded with depositors while the French ones are empty. Many French citizens evade taxes by hoarding their wealth in private safe deposit boxes in British banks. They cannot legally be forced to declare the contents.

Tax losses on money secreted in orchards and vineyards throughout rural France are estimated at half a billion dollars. Tax cheating has risen to enormous proportions. The report is that only civil servants and a very few business men pay up.

THREE JAILED ON THEFT COUNTS

Three men were lodged in the county jail yesterday afternoon on petty theft charges.

Manuel Terres, 29, Gilbert street, Anaheim, and Manuel Murillo, 19, also of Anaheim, are facing charges of petty theft in connection with the alleged theft of an automobile tire from Walter Paulus of Sunkist avenue, near Olive. Terres was said by officers to have served time in San Quentin.

LeRoy Moore, 48, Long Beach public accountant, was jailed on petty theft charges by sheriff's officers after he had been returned here from Los Angeles in connection with the issuance of several small checks, it was reported.

MERCHANTS GROUP ELECTS MEMBERS

Election of new members and discussion of summer activities featured the directors meting of the Santa Ana Merchants association held yesterday at Ketner's Cafe, presided over by President Walter Swanberger.

New members elected were the Bell Dry Goods company, A. P. Kerth, Nadine Millinery; Ernest Spencer, manager of KREG radio station, and Brooks Clothing company.

VETERANS PLAN SERVICES FOR MEMORIAL DAY

ANAHEIM, May 25.—Paying tribute to the honored dead of all past wars the Memorial day services will again be held in the Anaheim Cemetery on Tuesday, May 30, it was announced this morning by Ray Smith of the American Legion and general chairman.

The first call will be given at the flag pole in the cemetery at 9:55 a. m. and will be followed by the assembly at 10 o'clock. Here the raising of the flag by Anaheim Post 72, troop of Boy Scouts will be given and music to the colors by the Anaheim Bugle corps, American Legion.

FORMER LEADER G.A.R HERE DIES

News of the death of William A. Packard of Los Angeles, a past commander of Sedgwick post, G. A. R., Santa Ana, was received here this morning by friends of the old soldier. The place of funeral services, to be held in Los Angeles on Saturday, could not be learned today.

He passed away last night following an illness occasioned by a recent fall. Although he had not made his home in this city for 20 years, Mr. Packard has many friends here, where he established his home many years ago. He was one of the first music teachers in this community, teaching piano and voice.

Mr. Packard was a past department commander of the G. A. R., and has taken active part in patriotic meetings held throughout the state for many years. Despite his age, he gave vocal solos at recent G. A. R. encampments.

He is survived by his widow, Mrs. Martha Packard, a past president of Sedgwick, W. R. C. of Santa Ana. Mr. Packard held membership in Stanton post No. 200, G. A. R.

MAN ARRESTED FOR DRUNKEN DRIVING

Eldon Ellege, 31, fumigator, who lives at 941 West Bishop street, was arrested yesterday afternoon on a charge of drifving an automobile while under the influence of intoxicating liquor by Ray Bradpatrol.

He was booked at the county jail on the charge with Clark Nichols, 21, 619 West Sixtxh street, Santa Ana, who was booked on a drunk charge.

Alex Young, 31, 325 South Claudina street, Anaheim, was brought to the county jail yesterday to serve 121-2 days on a liquor charge.

Ramon Gonzales, Delhi barber, was fined $15 on a drunk charge by Judge J. G. Mitchell when he pleaded guilty to the charge in police court this morning. He was allowed to pay the fine at $3 a week. He was arrested by Santa Ana officers.

Joe Rameriz, 42, Placentia, was lodged in the county jail yesterday by Placentia pouice on a drunk charge.

POPE PIUS MAKES SCALA SANTA VISIT

VATICAN CITY, May 25.—(UP)—Pope Pius XI today made his fourth trip from Vatican City since the signing of the Italian-Vatican treaty, and became the first pope since 1870, when relations between Italy and the Roman Catholic church were broken off, to hear a mass said outside the papal precincts.

The pope attended mass at the Basilica of St. John's in Lateran, and visited the Scala Santa or Holy Staircase and the Sancta Sanctorum.

U. P. Official To Lecture On Parks

A. T Jackson, district passenger agent of the Union Pacific system, Los Angeles, arrived in Santa Ana today for an inspection of the Santa Ana territory.

While Jackson is in this district he will deliver a lecture on Yellowstone National park and Southern Utah parks before the adult educational travel class, Frances Willard school, North Ross street, at 7:15 this evening. Mrs. Jackson will assist Jackson in his lecture and show stereopticon slides in natural colors of the scenery in both parks. The public is invited.

Hold Funeral For Kathryn W. Logue

Funeral rites for Mrs. Kathryn Agnes Watkins Logue, who passed away yesterday at her home, 918 Baker street, were held at 4 p. m. today at the Harrell and Brown chapel, observing the rites of the Roman Catholic church, it was announced today. Services and interment will be at Oakland, it was added. The deceased is survived by her husband, Robert E. Logue; one sister, Mrs. A. C. Canfield, Salinas, Calif., and several nephews and nieces.

THE "INSIDERS"

The revelations which have just been made in the examination of J. P. Morgan, and others in connection with the "House of Morgan," are anything but happy, and they strike, in some particulars, at the very same men that all the revelations have exposed.

When the "inside" special list of the Insulls was revealed, some of the same men were shown up as were in this list. One of them, Owen D. Young, had endorsed the loan of several million dollars to the Insull company, when he was unable to borrow money elsewhere. Dawes is another. It seems as though any time the blanket is pulled back, and there is an exposure of shady dealing in finance, among those connected with the whole business, you will find Dawes' name somewhere.

It was so years ago in the Lorimer case; it has been so in the money he received from the Reconstruction Finance Corporation; in the Insull company it was shown that he had loaned the depositors' money, and now, in this case, he is shown to have been on the "inside" in the deals with Morgan.

President Roosevelt will have something to look after immediately, as this brings out in an unsavory way, the Secretary of the Treasury, Mr. Woodin.

We are glad to note the statement of Senator McAdoo, as published in today's paper, for it clears him of the implications involving these others.

We are rather weary of having these so-called "noted", "able", "outstanding" financiers, like Owen D. Young and "Charley" Dawes and Charles Mitchell, and all the rest, advising the country as to what is for the country's best interest, when, as a matter of fact, behind the scenes they are manipulating things with the very institutions whose activity in question is for their own interest and against the interest of the people.

It is such things as these that destroy confidence in our institutions. And it is only by the exposure and the complete clean-up that confidence can be restored. If President Roosevelt permits Secretary Woodin to remain; if there is no change made, we will be greatly surprised. It would indicate that this kind of thing is approved by our national chief executive. It is frankly unthinkable.

The people are beginning to understand how they have been robbed of their money; how the "insiders" have made money out of the uninitiated by buying their stock at actually lower prices, and then being able to sell to the "suckers" outside.

And withal, note how the "House of Morgan" has received the deposits of great financial institutions, almost to the extent of their total assets, no securities being given these institutions keeping on deposit a million or more, for which the Morgans have been paying at the highest rate, 2 1-2 per cent, and now 1-2 of one per cent. Depositors' money from all over the country being placed in Morgan's bank at a half of one per cent interest and the farmers throughout the country paying seven and eight per cent interest, starving, going into bankruptcy, and raising riots!

Pulling back the blanket, and showing this rotten mess, certainly will justify the farmers in their action, in the minds of millions of people, and will cause a greater determination on the part of all to have a real clean-up. But a clean-up that permits any such condition to be repeated will be no clean-up at all.

Behold the spectacle as described by one on the scene:

> The aristocratic Morgan with a background of steam yachts, hunting lodges in Scotland, and a domination of American finance that staggers the imagination—and opposing him the almost unheard of struggling Italian-born lawyer, arising from an American sweat shop, to aim his slingshot at the mighty Goliath.
>
> Just down the marble steps outside of the hearing room telegraph wires are monotonously clicking off the inside story of how the men once described as "the rulers of America" actually operate.
>
> It is the timing of these disclosures which gives them their terrific impact. First the house committee was considering raising the income taxes of the average citizen. Next it is revealed that Morgan, although apparently not pressed financially, inhabiting three floors of Washington's most expensive hotels, attended by his retinue, paid no income taxes in America for three years. Then it develops he paid taxes to the British government while not paying them at home.
>
> Then it appears that many of the country's leading bankers because they were "good fellows" and friends of the Morgans, were given large personal loans running into millions, on which shrinking collateral was far inadequate. Next it develops that key men and two men who will be in the key positions ten years hence were given favored opportunities to buy stock below the market.
>
> These are facts which the average man, unversed in the intricate windings of high finance, can understand. They strike him at a moment when he already feels a deep sense of outrage at the way the world has gone of late. It is this situation, which might not have been as striking against the background of 1929, that makes the Morgan story one of the epics of the century.

CREDIT EXPANSION

Beginning Tuesday, the Federal government inaugurated its program of credit expansion. The plan is for the government to buy farm mortgages and to pay for them with the money it derives from the sale of new bonds. The government will also buy some of its own bonds and pay for them with newly printed federal reserve money.

The idea is to raise the price of staple products and to restore the value of property and investments.

In 1920 the national wealth of the United States was 488 billions of dollars. Farms and farm prices were at their peak.

In 1929, when city real estate and business investments were at their peak, the national wealth had already dropped to 362 millions.

In 1932 our national wealth had fallen to 247 billions of dollars, according to the national industrial conference board. National wealth means the dollar value of the country's land, factories, buildings and other tangible goods.

The amount of business done by check in 1929 is estimated at 1,000 billion; in 1932 this figure had dropped to 300 billion. The data from which these figures are derived are contained in the federal reserve board's annual report which was submitted to Congress on Monday.

Everybody is aware of the tremendous loss of business in all lines; and the cry has been for more money. Yet it appears that there exists more money to do business with in proportion to the business done, than existed in 1929.

Every dollar deposited in our bank in 1929 changed ownership 45 times during the year. But each dollar deposited in 1932 changed ownership only 16 times. In other words, the rate at which money is passing from hand to hand is only one-third the speed at which the transfer was made in 1929.

The conclusion is that we have plenty of money to do business with; that if money changed hands as rapidly today as it did in 1929, we have sufficient bank credit to do 3 times the present volume of business.

Roosevelt's declaration to extend credit in generous amounts, and "go easy" on the issue of new currency, would appear to be in line with the facts as they have been set out.

What this country needs now is not more five-cent cigars; it needs credit. Home, farm and business owners must have cheaper money. They must have money at lower rates of interest. Unless they get it, it will not pay to own property for the simple reason that the lender on such property takes all the benefits deriving from ownership in the form of interest and the owner has nothing but "grief." Under such conditions, owners become discouraged and property is sacrificed; and values decline; and the awful truth is that values can decline to the point where no investment is "safe." In some farming areas, and in some industrial sections abandoned farms, homes, places of business and factories are mute testimony of the depth to which values can sink. The mythical rock bottom has turned out to be no bottom at all in some sections of the country.

Those people who have loaned money and are not now receiving interest, should put forth every effort to make the home and farm loan acts a success. The first principle of all investment is to safeguard the principal. These new government bonds are the answer to many worried investors. The unqualified success of the government's program alone will stop the continuous decrease of investment values, and unless investments become "safe," unless the principal of a loan is sure to be returned, we can have no prosperity. The interest of all are therefore bound up in the administration's program to rehabilitate first our credit structure, and then our price structure.

WHITTIER BOYS' SCHOOL NOW ON FINE FOUNDATION

We believe that Governor Rolph should be commended for the fine work that is now being done in the Whittier School for Boys.

We have had occasion to criticize some of the appointments in that school, as we felt that the Governor did not realize the character of the institution, and the obligations that the state was under, as trustees and guardians for those placed in its charge. But when the full realization came, changes were made, and Judge E. J. Milne was placed in charge. He is a man who by training, temperament, and experience is well qualified to carry on this institution in the same manner as it was carried on by Dr. Scudder and others.

We had the pleasure a few days since of sitting in at a trustees' meeting, where reports of the work that is being done were made by the superintendent, and recommendations of various kinds were presented. A representative of the Governor attended. The spirit of the group, the harmony in carrying their plans out, the intelligent interest that all showed in the work, left little to be desired.

Knowing something of the conditions through which the institution has recently passed, we congratulate the Governor and the trustees in working out the whole matter so well. We are confident that the most severe critics of Governor Rolph, in respect to the institutions, are highly pleased over the final developments. Whittier School for Boys is carrying on its work with high purpose.

Accident Takes Great Collegian

Pasadena Star-News

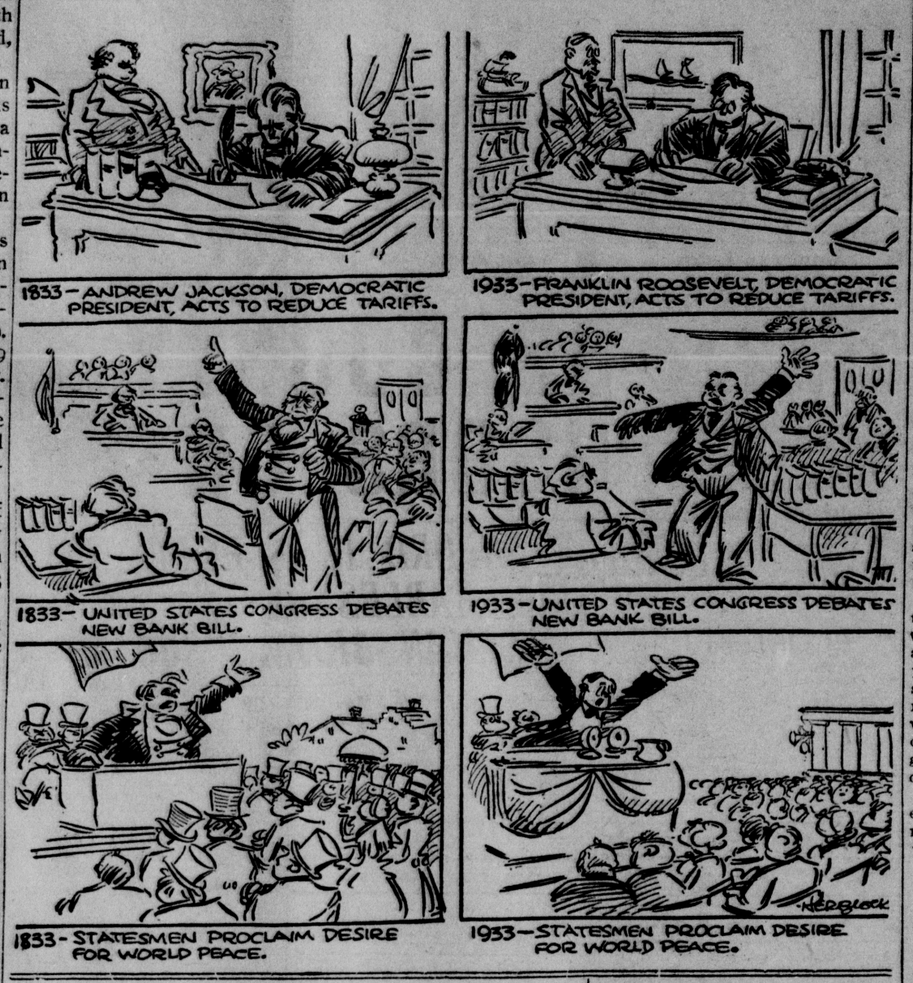

Within a month death has taken two great and internationally known scholars and educators whose lives and names are to be forever linked with Princeton University. Following the passing of Henry Van Dyke comes the sudden and tragic death of President Emeritus John Grier Hibben, the victim of an automobile crash.

While perhaps less versatile in his talents and therefore less widely known, Dr. Hibben in his own field stood shoulder to shoulder with Dr. Van Dyke and by those who knew him was equally beloved.

Closely connected with the interests of Princeton University for more than a half century, the life of Dr. Hibben is curiously marked by ten-year cycles. Receiving his bachelor's degree from that university in 1882, he subsequently studied in Germany, attended the theological seminary at Princeton, preached, and ten years later returned as a member of the faculty. His appointment to a professorship followed approximately a decade later and just three decades after he received his diploma he became President of that institution.

Dr. Hibben served as President for two decades retiring in 1932 as President Emeritus. During his term as President he was successful in greatly increasing the university's endowment and achieving the surprising feat of approximately doubling the school's enrollment in the face of greatly stiffened entrance requirements.

FRIENDLY WARNING

No more the tiny pungent clove
Will prove the toper's treasure-trove
Because it hides
The scent of "tides"
In fashion most effective.
For science now has found a way
To locate any faint bouquet
That still remains
In bibblers' veins;
In brief, it's turned detective.

A needle sunk beneath the skin
Will ferret out rye, rum or gin,
Though none remain
To fog the brain
When they have been partaken.
It works its wonder in a trice
Directs its methods, and precise,
It never slips,
It never trips,
It cannot be mistaken.

So, if you've told your better half
That only temp'rance stuff you quaff,
And would not drink
E'en mild red ink,
Please do not let it grieve you
When you find out that she's more wise
Than in your folly you surmise.
She'll know what's what,
And you cannot
Expect her to believe you.

Little Benny's Note Book by Leo Pape

We was eating supper, being stake under onions, and ma said to pop, Well, it took me practically the whole afternoon, but I found out the truth.

That w as quick work, pop said. It takes a lot of people all their lives, and even then they dont find out the truth, he said, and ma said, I've felt these twinges in my fingers for several days now. Were they roomatizm or weren't they, that was the question. If it wasn't roomatism I wanted to ease my mind by finding out as quickly as possible, and on the other hand if it was roomatism I didn't want to continue living in an ignorant blissful fool's paradise. In other werds, there's nothing I detest more than uncertainty. I want to look the truth in the face and not hide behind its back. So I went strate to Dr. Rorer and asked him in point blank English whether I had roomatism or whether I didn't, ma said.

Yes yet go on, pop said, and ma said, Well, he asked me a few insignificant questions, and then announced in an irritating cock-sure manner that the twinges were roomatism and that I would haft to go on a long diet. Well, I can assure you I wasn't going to take a casual offhand diagnosiss like that as final when what I wanted was the absolute truth, so I hide me to Dr. Riggly, he's the Hewses doctor and Maud tells me he's wonderful, and so he is, because it didn't take him 5 seconds to discover that the twinges were ony a temporary passing simtom, practically meeningless, so now I know the truth and my mind is at rest, ma said.

By gollies, that's remarkable and I propose a toast to the fair truth seeker, may all her twinges be happy ones, pop said, and ma said, That's very sweet of you Willyum.

Wich by that time he was in back of the sporting page.

Thoughts On Modern Life

By GLENN FRANK

THE HUMANIZATION OF GOVERNMENT

I am not at all alarmed, as some observers seem to be, over the extraordinary powers lately lodged in the hands of the President.

Responsibly used, this delegation of extraordinary powers is likely to result in the humanization and nationalization of government p olicy and action rather than in the abdication of popular government.

It has readily resulted in a very real humanization of the national government.

The realization that the people will sooner or later call him to account for his trusteeship of these extraordinary powers has prompted the President to talk about the problems of government in intimate fashion with the people over the radio.

Quite apart from the content of the President's latest fireside chat with the American people, the act itself, which I hope will be repeated as occasion demands, is salutary in bringing the government close to the minds of the voting millions who, save in times of unusual stress, have shown a growing disinclination to make use of their right of suffrage.

Our representative system in later years has failed to give us a national voice.

The Senate, no less than the House of Representatives, has tended to become a battle ground of competing local interests.

It has been virtually impossible to work out a realistic and integrated foreign policy.

The President is the one person best placed to speak for the whole people above the battle of special and local interests.

As government has become more and more democratic, self-government has tended to become selfish government.

Quite apart from the present emergency, I think we must move more and more in the direction of making the President, in fact as well as in theory, the national leader in policy and action, with Congress more and more a body with the utmost freedom of debate for the criticism and clarification of presidential leadership, but less and less a body able to bring about a practical paralysis of creative government.

Out of the experience of this emergency we may find some light to lead us into governmental policies and procedures w hich will be less a venture in mutual cancellation of effort than the government of the last ten years has been.

Our Children

By Angelo Patri

MISDIRECTED LABOR

Poor Aunt Mary was very tired. She had been through a long hard day. No, she couldn't think of going to the theater. Bed was the only place for her. All day long she had been taking mother's place. "How she ever goes through with it day after day is a mystery to me. It is enough to kill a horse." The family listened in polite silence. They were sorry Aunt Mary was so tired, but why was she that way? Mother would not have minded it at all.

Poor Aunt Mary was a conscientious, earnest, thorough soul and did her duty if she died for it. Did it hard. If she could have done it easily she might have enjoyed the doing and gone to the play as well. When she rode in the car with the children on the way to school she sat stiff as a ramrod, holding on the strap, feet braced against the rail and her teeth locked. Every time a car approached she set her teeth harder and braced herself against the floor of the car more rigidly. When she reached the school she was so stiff in the knees that she tottered when she reached the sidewalk.

The children raced up the walk, which was alive with children, some on roller skates, some on kiddy cars, some on flying feet. Aunt Mary held her breath until her charges had passed through safely. Then she heaved a sigh and entered the car to go to market. All the way she held herself hard and drove the car in her mind as well.

When the butcher cut a steak she pressed on his knife. When the grocer lifted a heavy bag of sugar, took down a can from the high shelf, Aunt Mary did it for him behind her rigid mask. She shook and trembled inwardly at the dangers through which mankind had to force its way from sunrise to sunset and she suffered. Poor Aunt Mary.

Once at home she took up the burden of the household. She went from room to room on her heels, clip, clip, clip, jarring her spine with every footfall. When she went upstairs she drove t he full power of her one hundred and sixty pounds into each step. She charged her voice with all the stored up energy in her body. "Did the mailman come?" carried as much pressure and anxiety as though it were a matter of life and death. In the words of Gerald Stanley Lee, "Aunt Mary spilled herself all over the street." No wonder she was tired.

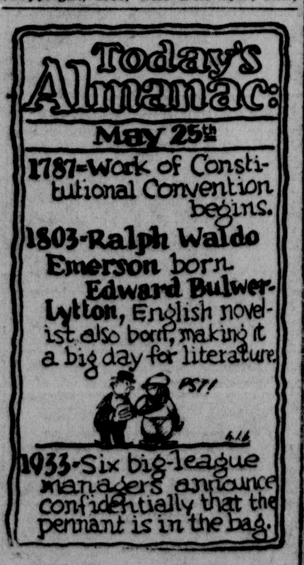

We are all guilty of wasting energy. We drive ourselves instead of allowing our power to carry us. We make what ought to be an almost unconscious motion a matter of sternly directed will. We sit down in a chair and hold it down with grim determination when, if we had the good sense to remember it, the chair was there to do the holding and we were there to rest.

Even when we lie down to relax we press the bed down under us instead of remembering to let the bed carry us. We get ourselves all mixed up with what ought not to concern us. We have charged our minds and bodies with sufficient energy to carry us through any ordinary day without tenseness and rigidity but we make ourselves work under the brakes of our will and so drag our own weight after us w herever we go. The human mind will carry a great part of one's body weight if we will only give it a chance. It is useless to tense ourselves as we do. We end by going to bed. I know—take my word for it.

WOODIN'S RESIGNATION DEMANDED

Japan Demands New Naval Treaty Be Consummated

BRITISH AND U. S. OBJECT TO PROPOSAL

Geneva Delegate Demands Scrapping of Washington and London Pacts

PLANS ARE BLOCKED

Spain Asks Abolition of All Battleships Larger Than 10,000 Tons

GENEVA, May 25.—(UP)—Japan seeking her place in the sun, demanded before the disarmament commission today a new naval agreement, replacing those of Washington and London that halted naval competition.

Naotake Sato, chief Japanese delegate, said before the full commission, already far away from the rose tinted situation that followed President Roosevelt's peace letter, that a new agreement should be included in any future disarmament convention.

Capt. Anthony Eden, acting chief British delegate, rose at once and said:

"I would regret if the conference accepted the Japanese proposal. I must say frankly it is not of such a nature as to assist in our work."

Norman H. Davis, chief United States delegate, who last week offered for President Roosevelt to alter America's traditional diplomatic isolation in an effort to lead the world toward disarmament, followed Eden.

Opposing Sato's proposal, Davis appealed to the conference to accept a draft article under which signatories to the Washington and London treaties would remain bound to their pledges to reduce.

These treaties, he said, not only halted a race for naval armaments but "had a continuing influence on the peace of the world."

Salvador De Madariaga, Spanish delegate, brought a new complication into the meeting of the full commission when in behalf of smaller nation he asked the abolition of all battleships of more than 10,000 tons.

That is the size of the famous "pocket battleships" — officially cruisers, to which Germany is limited under the Versailles treaty.

"The five great naval powers have among them 4,276,000 tons of battleships," said Madariaga. "The rest of the world has but 940,000."

CONGRESS AGAINST WAR IS PROPOSED

NEW YORK, May 25.—(UP)—An American 'Congress Against War" was proposed today by three noted authors as final results of the "Participation in War" poll conducted by the Intercollegiate Disarmament Council showed that 39 per cent of the students voting would refuse to fight in case of war.

The anti-war congress proposal was addressed to al lorganizations and individuals opposed to war by Sherwood Anderson, Theodore Dreiser and Upton Sinclair.

"War, never far distant in this mad dog-eat-dog society of ours, is terrifyingly close these days," their statement said. "We have been depending on statesmen and diplomats to preserve peace. We can do so no longer. The time has come when we must ourselves act or face our defeat."

THREE GUESSES

Answers on first page second section.

Mother, 103, And Son, 83 Celebrate

BERKELEY, Cal., May 25.—(UP)—Mrs. Mary Jane Morrow celebrated her 103rd birth anniversary today with her "baby," James F. Morrow, 83, her only son.

"I'm enjoying every minute of this day," she said. "Birthday celebrations might be hard on old folks, but a young woman like myself can survive them without any trouble."

Mrs. Morrow was born in LeRaysville, N. Y., May 25, 1830, while Andrew Jackson was president. She came to California in 1876 and has lived in the same house for 47 years.

JAPANESE GUNS DENY REPORT TRUCE SIGNED

2 New Towns Captured by Invading Forces, While Third Evacuated

MUKDEN, Manchuria, May 25.—(UP) — Guns of Japanese troops spoke a brisk denial today of reports that a truce had been reached by their representatives at Peiping.

Two new towns were on the verge of capture and a third was purged of its last remnants of Chinese forces, according to advices received here.

One of the towns being assailed was Tangku, situated at the mouth of the Huen river which provides a seaport for ntsin, 15 miles inland. The town was surrounded by Gen. Ting Chi-Wang and his division of pro-Manchoukuo volunteers, reports said.

A Japanese detachment was reported preparing for a triumphal entry into Pamencheng, 40 kilometers north of Tientsin.

Japanese troops were said to have assumed complete occupancy of Tungchow, a suburb of Pieping, after a squadron of airplanes had bombarded the Chinese positions. The defenders fled.

Manchoukuo flags were hoisted atop the citadel in Ningho, northeast of Tientsin. The flags carried the insignia of the "National Salvation Army."

One instance of violence occurred here today as authorities accused foreign banking interests of fomenting discontent. A Japanese patrol was killed by a sniper firing at a powder magazine. The magazine failed to explode.

Foreign bankers were accused of furnishing funds to an anti-Manchoukuo "civilian army." The principal target of attack was the local branch of the Hongkong-Shanghai bank whose officials were charged with communicating with Hongkong and Shanghai by secret radio.

GANDHI IN FINE CONDITION

POONAN, India, May 25.—(UP)—Mahatma Gandhi was in excellent condition today, the 18th of his fast, a physician said after an examination.

Though Gandhi's voice was a mere whisper, the physician reported his heart and pulse were excellent, his weakness was not excessive and there was no slackening of his mental powers. His fast ends Sunday night.

STABILIZATION FIRST OBJECT OF CONFERENCE

Negotiation Started to End Fluctuation of Dollar, Pound and Franc

WASHINGTON, May 25.—(UP)—The first task of the London Economic conference, officials said today, will be to end fluctuation of the world's major currencies.

The federal reserve board, in collaboration with the Bank of England and the Bank of France, is studying methods of ending the acrobatics of the dollar, franc and pound. Officials said it was not yet certain whether there would be temporary stabilization in advance of the conference.

Special emphasis is being placed on stabilization because it appears to economic experts as a prerequisite to an agreement on tariffs.

Negotiations between the federal reserve board and the central banks of England and France are designed to lay a basis for stabilization when the governments decide to attempt it. Several methods have been discussed.

One is creation of a fund by the three powers to be used to manipulate values of currencies artificially by buying and selling operations.

Officials believed that if this method were adopted it would be necessary for the United States to obtain congressional approval.

Although less than a week remains before the American delegation to London is scheduled to sail, President Roosevelt still has not completed it.

Four members have been selected—Secretary of State Hull, Chairmen Pittman of the senate foreign relations committee, Chairman MacReynolds of the house foreign affairs committee and former Governor James M. Cox of Ohio.

Mr. Roosevelt is having difficulty in finding the two remaining members. He wants at least one Republican. Senator Johnson, Repn., Calif., last night rejected a place on the delegation.

Secretary of State Hull planned to entertain Viscount Kikujiro Ishii, Japan's special envoy to discuss economic subjects, and J. F. De Assis Brasil, representing Brazil, at luncheon today.

BANK REFORM BILL PASSED BY SENATE

WASHINGTON, May 25.—(UP)—The Glass bank reform bill, providing a government guarantee of small bank deposits for one year and a limited insurance for deposits on all sizes after that time, was passed by the senate today.

Where its predecessor last session was filibustered for three weeks in the senate, debate on the present bill lasted only one day.

The senate acted fast on the heels of the house, which approved a similar bill Tuesday. A conference to compromise differences probably will be necessary.

STEEL INDUSTRY IS SAID ON UP-GRADE

NEW YORK, May 25.—(UP)—The steel industry and American business in general are definitely on the up-grade, Charles M. Schwab, chairman of Bethlehem Steel Corporation, said today in a speech prepared for delivery to the American Iron and Steel Institute.

"I feel better about our situation today than I have for many months. The improvement which has come about has given us all new hope," Schwab, chairman of the institute, said.

He warned however, that a sharp increase in the volume of business must be the real cure for the depression.

NEWSPAPERMAN KILLED

LOS ANGELES, May 25.—(UP)—A middleaged, bespectacled janitor was held today charged with slaying E. Gail Patterson, 53, assistant publisher of the Los Angeles Illustrated Daily News, and seriously wounding J. W. McGuire, 66, purchasing agent of the paper.

Patterson, a former resident of St. Paul, Minn., was shot to death as he tried to shield McGuire from an attack by Edwin Davis, 58, the janitor.

McGuire, wounded in the abdomen and leg, underwent a major operation and was reported in a critical condition today at police emergency hospital.

REVEAL COOLIDGE FAVORED BUYER OF MORGAN STOCKS

Politics Is Rumored At During Quiz

Raskob Letter Declares He 'Hoped to Reciprocate' for Courtesies

WASHINGTON, May 25.—(UP)—The late Calvin Coolidge was revealed today as a favorite purchaser of J. P. Morgan and company, securities.

The name of the man who was president of the United States during the boom years was revealed on a list of nationally prominent persons who were given opportunities to make a quick turnover in securities offered through the famous banking house.

Ferdinand Pecora, committee counsel, told questioners at the luncheon intermission that former President Coolidge exercised "ground floor" privilege offered him.

Pecora said that the standard brands stocks, offered at $32 in June, 1929, actually was issued in September 1929, and in two weeks passed $45 per share.

The list was made public after the inquiry had developed an effort to establish whether the Morgan firm offered opportunities to make quick profits in the expectation that political favors would be offered in return.

J. P. Morgan, explaining testimony that he paid income taxes in England during the years he paiid no income taxes in the United States, said in a statement just before the luncheon recess that the taxes were under the British inland tax law and based on the rental value of property which he owned there.

Discards Vest

Morgan, who surrendered to the Washington heat today and came to the hearing without a vest, said the tax amounted to about 7000 pounds sterling in 1930, and about the same amount in 1931 and 1932.

A letter from John J. Raskob, former chairman of the Democratic National committee, was the basis of the attempt to connect Morgan favors with political returns. Raskob wrote that he hoped the future would give him "an opportunity to reciprocate" for the courtesies extended by the Morgan company.

The new list of preferred Morgan purchases were those who dealt in Standard Brands, Inc. A preferred list of those permitted to buy Allegheny corporation stock blow the market level was made public yesterday. Testimony since has shown there were at least five of these preferred issues, the others being United Corporation, General Motors and Johns-Manville.

The new preferred list included the name of Bernard Baruch. It also included the names of some who were shown yesterday to have bought Allegheny corporation stock on a ground-floor basis—Secretary of Treasury William H. Woodin, Charles A. Lindbergh, Sen. William Gibbs McAdoo and R. B. Mellon.

Partner or Stand

Ferdinand Pecora, committee counsel, at once asked George Whitney, Morgan partner on the stand, on whose recommendation the name of Calvin Coolidge appeared on the list.

"I should assume it was by Mr. Thomas Cochran. He was a close friend of his," Whitney replied.

The stock was offered prefer-

LONDON QUIET ON JUNE DEBT PLANS

LONDON, May 25.—(UP)—The government will not reveal its decision regarding payment of the June 15 war debt installment to the United States until the day payment is due, it was said authoritatively today.

Chances for payment seemed slightly better than even, according to informed opinion here, though British newspaper correspondents at Washington predicted default.

MORGAN AT SENATE INQUIRY

National D. A. V. Head Talks Against Veterans' Economy Act

MEMORIES OF the stirring days of 1917 and 1918 when the youth of Orange county marched away to the battlefields in foreign lands, were revived last night in ceremonies and addresses accompanying the formal presentation of the Order of the Purple Heart, a military decoration awarded to veterans wounded in active service, to some 80 Orange county World war veterans, held in the auditorium of the Frances E. Willard junior high school

A packed audience, including distinguished guests and members of families of the men awarded the military honors, witnessed the presentation ceremonies, conducted by Jack Fisher chapter, No. 23, Disabled American Veterans of the World war, of Santa Ana

Preceding the presentation of the medals and the principal address of the evening, was a brief entertainment program, arranged for the occasion, including instrumental selections by the Polk Burke orchestra, and vocal numbers. Particularly well received by the audience were three solos by Ivan G. Edwards, well known Hollywood lyric tenor, accompanied by Clarence Gustlin, of this city The lion's share of applause, however, went to the Santa Ana Junior College quartet, made up of Mark Hare, Martin Bowman, Bill Fox and Rutherford Williams, accompanied by Duncan Harnois, whose sidesplitting parody on the

JUDGE LOUDERBACK FREED OF CHARGES

WASHINGTON, May 25.—(UP)—Federal District Judge Harold Louderback of San Francisco, acquitted on impeachment charges by the senate yesterday, was looking forward today to a long rest after the grueling trial.

He was acquitted on each of five counts on the impeachment charges brought by the house last session. The allegations were based on his action in various receivership cases.

A two-thirds majority on any one count would have been necessary for conviction. On only one count, the fifth, based on his appointment of H. B. Hunter as receiver in the Russell Colvin bankruptcy case did a bare majority vote guilty. The vote on this count was guilty 45; not guilty 34.

MISSING CADET IS FOUND ON CAMPUS

WEST POINT, N. Y., May 25.—(UP)—Cadet John Steen Conner of Medford, Ore., who wandered about the West Point military reservation for two days apparently suffering mental strain from overstudy, was under observation in the cadet hospital today.

Conner disappeared Monday and was the object of a widespread search by the cadet corps. Last night Sergeant Jasse Roberts of the regular army detachment found him near the Hudson river.

The cadet was heavily tanned and in excellent physical condition, although suffering slightly from exposure and lack of food. He said he had eaten nothing since his disappearance but a piece of stale cake.

P.-T.A. OPPOSED TO LIQUOR ADS SENT OVER AIR

National Convention Plans to Endorse Enforcement of 18th Amendment

SEATTLE, May 25. — (UP) — Strict, impartial enforcement of the eighteenth amendment and opposition to advertising of alcoholic liquors by means of the radio were among resolutions proposed today for adoption by the annual convention of the National Congress of Parents and Teachers.

"We believe that the teachings of scientific facts about the effect of alcohol, devoid of emotion and propaganda, should be part of the curriculum of the public school," the resolution on alcohol read.

"We affirm our stand for strict and impartial enforcement of the eighteenth amendment and all acts regulating the sale and distribution of alcoholic beverages"

The resolutions committee, headed by Mrs. John E. Hayes, president of the Idaho congress, urged Parent-Teacher units to work toward preventing advertisement of alcoholic liquors over the radio.

Another resolution commended efforts of President Roosevelt to prevent wars among nations and build up a lasting peace.

Others urged that federal aid should be extended to all states during periods of economic depression, rather than only to those states able to match federal funds; participation in city, county and state planning for more effective means to meet the problem of wandering boys and girls; and that school budgets should not be reduced to affect the education of youth through shortened school terms, impoverished curricula and lowered morale of teachers and students.

M'ADOO MAKES STATEMENT ON TRANSACTIONS

Says He Made Purchases of Three Stocks Which Meant $2565 Loss

WASHINGTON, May 25.—(UP)—Sen. William G. McAdoo, Democrat, California, appeared before the Morgan banking committee today to explain the stock transaction by which he was permitted to purchase Alleghany corporation stock below the market price.

McAdoo disclosed two other stock purchases in addition to the one revealed in the investigation yesterday.

McAdoo said he had sustained a net loss on the three transactions.

McAdoo explained his receipt of Alleghany corporation by saying he had obtained them by reason of his long friendship of Russell C. Leffingwell.

Leffingwell was a former assistant of the treasury in the Wilson administration when McAdoo was secretary.

McAdoo denied he ever was a "preferred client" of Morgan and company. He said his losses aggregated $3565.

The Alleghany stock yielded him a profit of $4900, McAdoo said, but losses on the other two resulted in a net loss on the three transactions.

The text of McAdoo's statement:

ARREST THIRTEEN AT BROOKLYN PIER

NEW YORK, May 25.—(UP)—Thirteen members of a 'welcoming" delegation, composed, police said of 1000 communists, were arrested today at the Brooklyn pier where two representatives of the propaganda division of the German Nazi party were to have debarked for the liner Columbus.

The demonstrators, carrying banners reading "Wiedemann, bloody Hitler agent must go" and "The workers will answer Nazi murder and terror regime," sang and shouted at the pier.

They refused to budge when police ordered them to disperse and 100 officers, some mounted, charged into the crowd. Some of the demonstrants fought back and 13 of them, men and women, were arrested. An ambulance surgeon attended some of them and five policemen were bruised.

RECALL OF DAVIS ALSO REQUESTED

Morgan Inquiry Disclosures Provoke Attacks at House and Senate

ACHESON ASSAILED

Sen. Robinson Calls on Senate to Repudiate Davis Consulative Pact Plan

WASHINGTON, May 25.—(UP)—Senate Morgan inquiry disclosures that Secretary of Treasury Woodin and Norman Davis "unofficial ambassador" to Europe were on the Morgan preferred investors list provoked attacks in the senate and house today.

Rep. Britten, Repn., Ill., demanded the resignation of the two and of Assistant Treasury Secretary Acheson.

In the senate, Senators Robinson, Repn., Ind., and Long, Dem., La., led the attack on the administration figures.

Robinson demanded the recall of Davis and asserted that Woodin's "usefulness as secretary of the treasury has ended."

Robinson referred to Davis in a speech against the proposed consultative pact as "our mythical ambassador who has never been confirmed by the senate and who has no authority to represent the government."

"Suddenly in the midst of his wild statements over there it develops he is on one of the two confidential lists of Mr. Morgan," Robinson continued. "And that he is today obligated to Morgan for a considerable sum. It would be interesting to know some of these things. It is generally admitted Morgan is the fiscal agent for the British government."

"What is he for the American government?" Long demanded. "It is barely possible he is over there representing Mr. Morgan."

Robinson called on the senate for repudiation of the consultative plan broached at Geneva by Davis, which he declared had "shocked" the entire nation.

Great Britain and France, Robinson said, "have so thoroughly mismanaged matters that they have ruined Europe," and might easily through "control of many great news sources" make it appear any war they were engaged it was defensive(thus involving the United States if it entered any such pact.

Senator Tydings, Democrat, Maryland, replied to the charges with a defense of Davis.

"The man who attacks his ambassador abroad," Tydings said, "when that ambassador is accomplishing signal successes toward better international feeling is attacking humanity because he is stirring international hatreds."

Another phase of the House of Morgan inquiry was brought into the debate when Senator Wheeler, Democrat, Montana, remarked that the British government "has not been as tender" with Morgan as this government.

It was revealed at the hearing yesterday that at the same time Morgan was paying no income taxes to the United States he was paying them in Great Britain.

WILL ROGERS says:

WASHINGTON, May 25. (To the Editor of The Register:) Back in here to see the "Morgan Follies." You know he has made himself a mighty pleasant and agreeable witness. This "preferred list" that they read yesterday, everybody that's not on it is knocking it. Some think the whole trial won't do much good, but any time one half learn how the other half live why it does us all good. You see there is a lot of things these old boys have done that are within the law, but it's so near the edge that you couldn't slip a safety razor blade between their acts and a prosecution.

Yours,
WILL ROGERS.

COOLIDGE NAME BROUGHT INTO MORGAN QUIZ

red clients at $32 a share, the price Morgan paid.

Today the stock is at $19.

Standard Brands, inc., opened at 40 7-8 for first trades on the New York Stock Exchange, on Sept. 6, 1929, and on Sept. 10 sold at 42 7-8.

Pecora sought to establish a connection between money favors and political favors. He was supported by Senator Couzens, Repn., Mich., who remarked.

"I hope we can find out whether Morgan and company is tied up in politics."

Pecora asked George Whitney, the witness, what was conveyed to his mind when Raskob spoke of being able to "reciprocate" the stock offering favor.

"I don't recall that it conveyed anything", Whitney answered.

"What position did he hold to reciprocate in return for favors?"

"My recollection was that he was no longer with the company."

"Didn't he have something to do with the Democratic National committee? Didn't you know he was chairman?"

"We don't follow such things."

"Was a similar invitation to subscribe offered Mr. Joseph R. Nutt?"

Two Shares

"I'm sure it was. As you all know he's been associated with the Van Sweringens for years."

"How many shares did he get?"

"Two shares."

It appeared that when Charles Francis Adams accepted a bargain rate buy in Alleghany stocks he knew he would be secretary of navy in the Hoover cabinet. Whitney identified a letter from Adams in which the latter said he could see nothing in his coming "position" to prevent his accepting the offer. Adams was sworn into office four weeks later.

"I notice Charles A. Lindbergh on the Standard Brands list. Was he put there by Mr. Morrow?" Pecora said.

Whitney: "No sir. On his return from Europe in 1927 Lindbergh was introduced to us by Dwight Morrow. We sort of helped him—advised him in his affairs ever since."

"Did Michael G. Herbert, who is on the list ever have any connection with the British diplomatic service?"

"His father was a counsellor of embassy here (Washington) at one time."

Whitney added that the younger Herbert had been associated with the Morgan house in London.

"How about Silas Strawn, wasn't he at one time head of the United States chamber of commerce."

Whitney was not sure.

"Do you know that during the past two days the United States chamber has appeared before congressional committees here in opposition to certain bills—the securities bill."

"I don't know that."

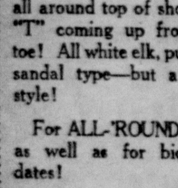

Collection For Morgan Taken By Harbor Club

Those hard-headed senators and others who pry into the affairs of such men as J. P. Morgan and his associates may have no sympathy with fellows like J. P. who have suffered such losses during the hard times that they have not paid any income tax for the past two years, but there are others with softer hearts.

Out here in the Far West, where men are men, and where a few have not been hit so hard, some even paying a few dollars to Uncle Sam as income tax, they feel differently.

This sympathetic feeling for the so-called "big shots" came to a head yesterday when the Newport Harbor Service club at its regular luncheon took up a collection for the head of the House of Morgan.

It amounted to only 85 cents, but enough to buy a few loaves and fishes for the needy financiers.

SUPERVISORS SEE STATE BEACH PARK

Supervisors Willard Smith, LeRoy Lyon, William Jerome and George Jeffrey and County Highway Superintendent Nat Neff inspected the new state park project at San Clemente yesterday, with Dan Mulherron, contractor, acting as guide.

Drives and trails have been completed and holes have been dug for ornamental trees being sent from the state nursery at Sacramento. Sheltered spots for picnic parties, barbecue pits and gas plates for cooking are planned. An underpass trail to the ocean is assured and rest rooms will be completed soon, according to present plans.

Eighty-five men are employed on the project under the direction of Charles Hight. It is expected that the work will be completed by July 1.

NEW AIRPLANE LINE TO BEGIN SERVICE

LOS ANGELES, May 25.—(UP)—Pacific Seaboard Air Lines, newly created company, will open a new Los Angeles-San Francisco airline service early in June, Carleton Putman, president of the organization, said today.

The line will establish the first regular costal air service between Los Angeles and San Francisco, other companies following an inland route.

The service will operate between the Grand Central Air terminal here and the San Francisco airport with stops at Santa Barbara, Santa Maria, San Luis Obispo, Paso Robles, Del Monte, Salinas and San Jose.

Schedules call for daily morning and afternoon flights each way.

SELECT JURY FOR MARIJUANA TRIAL

Selection of a jury to hear evidence against Mrs. Ynez Lemos of Anaheim, accused of having marijuana or Indian hemp in her possession, was completed this morning before the noon recess of court. She is being tried before Presiding Judge G. K. Scovel.

Mrs. Lemos is being represented by Attorney Z. B. West and Preston Turner is in charge of the prosecution.

The woman was arrested several weeks ago, and entered a plea of not guilty at her arraignment. Mrs. Soledad Rivera, arrested on a similar charge, entered a plea of guilty at her arraignment and asked for probation, which was granted her last Friday.

CARRIERS TO BE GUESTS AT PLUNGE

Twenty husky youngsters, carriers of the Santa Ana Register, this evening will be the guests of J. M. Barlow, manager of the renovated Huntington Beach Plunge, for an evening's swim, following which the boys will be served refreshments and then treated to an evening's entertainment. The treat is being given to the group of carriers who carried off the honors in the recent Register contest staged by the circulation department.

The pool, which opens tonight to the public, has been undergoing a thorough overhauling, and is now being equipped with modern facilities for water treatment, permitting a high chlorine content without attending odors and causing burns, Barlow explained.

MOONEY PLANS TO MAKE NEW APPEAL

SAN FRANCISCO, May 25.—(UP)—A direct appeal to the United States supreme court appeared today to be the next step in the fight of Tom Mooney for freedom.

Less than two hours after a directed verdict had acquitted him of an old indictment charging him with one of 10 deaths in the 1916 Preuparedness Day bombing, Mooney was back in San Quentin peeling potatoes.

Chief of his legal counsel, Frank P. Walsh, said aplication would be made to the U. S. supreme court for a writ of habeas corpus.

BILLINGS NOT TO ASK FOR FREEDOM

FOLSOM PRISON, Calif., May 25.—(UP)—Warren K. Billings, convicted with Thomas Mooney for the 1916 Preparedness Day bombing in San Francisco, held little hope today that he could take advantage of Mooney's acquittal on an old murder indictment.

"I don't see how I can apply for a pardon at this time. I have no money to employ counsel so I plan no immediate action," Billings said.

famous Rigoletto quartet brought down the house.

Veterans Lauded

The formal presentation of the coveted decorations was made by Volney P. Mooney, Los Angeles attorney, national judge advocate of the D. A. V., who, extolling the services rendered by the recipients on the battlefields, took occasion to point out the injustice done them by recent legislation, and expressed the belief while some of the "high bracket" income taxpayers had apparently forgotten the sacrifices made by the veterans, they would not be forgotten by the common people of the nation.

Honoring the ceremonies with their presence were William Conley of Los Anoles, national commander of the D. A. V.; Mrs. Freida Mooney, national commander of the auxiliary; Mrs. Irene Pinney, recently elected state department commander of that organization; and John F. Burke, of Riverside, newly elected state commander of the D. A. V. Another visitor was Major W. Borden of Los Angeles, in charge of the veteran administration office in that city.

Commander Talks

The outstanding feature of the evening, aside from the presentation ceremonies, was a stirring address by National Commander Conley, devoted entirely to the effects of the recently enacted Veterans Economy act, and addressed in particular to the taxpayers in the audience.

Voicing his emphatic disapproval of the act, sponsored by the National Economy League, Commander Conley said that the effects of this sort of economy legislation will not only result in untold suffering to veterans and their dependents, but also add to the burden carried by local taxpayers through the necessity of taking care of disabled and destitute veterans deprived of their former allowances from the federal government.

"The National Economy League, representing the wealthy interests of the United States Chamber of Commerce, succeeded in accomplishing its objective—that of shifting the burden of caring for the veterans from the federal government to counties, cities, and community welfare agencies," the speaker asserted.

Loss to County

He went on to explain that as a result of this legislation, engineered by "Big Business," not only will Orange county lose in the neighborhood of $420,000 annually spent here in veterans checks mailed out by the federal treasury, but in all probability will be called upon to raise additional welfare funds for the caring of veterans.

Questioning the oft repeated argument of emonomy and the need of balancing the budget to maintain the credit of the nation, the D. A. V. commander called attention to the fact that in face of the alleged saving of $450,000,000 veteran money to the taxpayers, to balance the budget, congress following this economy measure, appropriated hundreds of millions for the so-called conservation army, and on top of that voted $500,000,000 for relief purposes.

Applause greeted the mention of the name of Congressman Sam L. Collins, representing this district, when it was announced that he voted "right" on the economy measure.

In closing, the national commander, summing up the situation, advised the members of the organization to abandon their present status as a non-political organization, and to enter politics in an effective and organized way so as to bring about the full restoration of all veteran rights.

"We have been forced into politics. If that is heresy, let us make the most of it," he concluded.

Among those to receive the decoration were John P. Clavarie, Robert M. Crawford, Claud M. Derden, Robert Cochran, F. J. De Sutter, Marshall F. Dunning, Maurice F. Enderle, Don P. Hildreth, John W. PEDESTRIANS HIT BY GANGSTER SHOTS

NEW YORK May 25—(UP—Finger prints on a wrecked sedan, the target last night of machine gun bullets from another car on a chase on upper Broadway, were compared with those of known criminals today to determine whether the shooting was connected with a feud between Dutch Schlitz and Waxy Gordon, rival beer racketeers.

Police News

Theft of car tools, a leather bill fold and a tire with an aggregate value of $25 from a garage at 301 South Main street operated by A. M. McGonagil, were reported today to police. A burglar picked a lock on the garage last night to gain entrance.

The Liggett Lumber company, 802 Fruit street, reported the theft of a vice which was stolen when a thief pulled a board off a fence on the east side of the mill and used a wrecking bar to pry the vice off a fence. The same fence was opened before when a number of tools were stolen from a truck.

Chanan Singh, Palace hotel, reported to police today tha he loaned his car to a friend, Dhani Ral, yesterday and that the friend failed to return with it.

Miss T. Musselman, 312 French street, reported the theft of a small rug from the employment office at the above address.

M'ADOO MAKES STATEMENT ON TRANSACTIONS

(Continued from Page 1)

New York to be counsel for the Liberty bond issues. He was a member of a prominent law firm in New York, versed in these particular matters. I had known him as a young man—his family and mine having lived across the street from each other at Yonkers, N. Y.

"Subsequently, because of Mr. Leffingwell's ability, I made him an assistant secretary of the treasury, a place he filled with great ability and distinction. When I left the treasury, in 1918, Mr. Leffingwell remained with my successor, Mr. Carter Glass, and also, I believe, with Mr. Glass' successor, David F. Houston.

"After leaving the treasury, he became a partner of the firm of J. P. Morgan and company.

"Ten years after I resigned as secretary of the treasury and four years before I became a United States senator from California, Mr. Leffingwell offered me the opportunity of making three investments through his firm, J. P. Morgan and company.

"(1) Februray, 1929, 500 shares of the stock of the Alleghany corporation, which I paid for in cash and which I sold at a net profit of $4900.

Loses $400

"(2) January, 1929, 250 shares of common and 250 shares of preferred stock of the United corporation, which was sold at a loss of approximately $400.

"(3) September, 1929, 1000 shares of Standard Brand, which was sold at a loss of $7065.

"The net loss on these three transactions was $2565.

"I have never been a 'preferred client' of J. P. Morgan and company. The participations to which I have referred came to me solely through my friendship with Mr. Leffingwell. Prior to this time I had never had a transaction with the firm of J. P. Morgan and company, nor have I had any transaction with that firm since. I have never borrowed from J. P. Morgan and company, and, therefore, have never owed them anything."

Denies Guilt On Violation Charge Of Handbill Law

Pleading not guilty to a charge of violating a city ordinance regulating the distribution of hand bills and circulars, M. M. Johnston, 44, 203 West Eighteenth street, demanded a jury trial when he appeared before Judge J. G. Mitchell in police court yesterday afternoon.

Judge Mitchell set the date of the jury trial for June 20 at 10 a. m. In the complaint, Johnston, who is the fifth man arrested in a drive to enforce the city hand bill ordinance, is charged with distributing advertising circulars put out by a Santa Ana market concern.

VARIOUS ANGLES OF CAMPAIGN TO BE CONSIDERED

Interest of dry workers and supporters in Orange county today was centering on the big mass meeting to be held at 7:30 o'clock tonight in the Santa Ana First Baptist church.

Representatives of the Law Enforcement League, the W. C. T. U., churches and many other organizations are expected to attend the meeting tonight, when definite plans will be made for a county-wide campaign to prevent the invasion of alcoholic liquor in the county.

A varied program will be presented at the mass meeting tonight. Horace Head, well known Santa Ana attorney and dry leader, will discuss the liquor election situation from a county and state viewpoint. He will discuss the election on June 27 when voters in the state will decide whether or not California will ratify the repeal of the eighteenth amendment.

Presentation of prizes to winners of the essay contest on why beer should not be sold in Santa Ana, sponsored by the Santa Ana Dry association, will be a feature of the evening. The presentations will be made by Thomas Pickerell, attorney, who was a member of the judging committee.

"Alcohol in a Machine Age" is a topic to be discussed by Robert L. Clingan, Santa Ana junior college student. Other brief talks will be made and plans for a county wide campaign to further the dry cause will be made.

Anyone in Orange county interested in the subjects to be discussed is invited to the meeting.

BEST BEARD FOR MERCHANTS FIESTA NEXT JULY TO WIN $25 PRIZE; OFFICES OPENED

"Fiesta del Oro," a name as colorful and glamorous as the event will be, has been adopted as the official name for the gigantic festival and carnival to be staged by the Santa Ana Merchants association in co-operation with the Fiesta association, it was announced today.

The Fiesta is to be given in the streets of Santa Ana and in the Santa Ana Municipal bowl on July 27, 28 and 29.

Definite plans for the event were being pushed today under the leadership of John Wilcox and Ralph McCutcheon of the Fiesta association and Ivie Stein of the Merchants association. Headquarters offices have been established in Stein's store, 307 West Fourth street.

Gay banners of every color will be hung in the streets of the city during the Fiesta, which will be an annual event for Orange county and which is expected to rival (in scope) the Pasadena Tournament of Roses and similar events.

Clerks In Costumes

Individual stores in the city will be colorfully decorated and merchants are expected to enter into the spirit of the Fiesta by having clerks dressed in pioneer and Spanish costumes reminiscent of the days of '49.

A prize of $25 will be awarded to the person who grows the best beard for the Fiesta, which will depict the glamorous and colorful days of '49 in California. The winner will be picked at the Municipal bowl July 27.

The entire city will be decorated and all merchants in the city will cooperate in decorating their individual stores and windows. Relics of the early days will be placed in windows of stores and the new offices will be used as a clearing house for those who desire relics or have them to loan.

Parade Entries

Any merchant or individual who desires to enter the big pioneer and Spanish parade to be staged through the city can make application at the offices. Parade entries will be limited to 100 and many applications have been received already.

Elaborate programs, including one of the best rodeos ever to be staged in the state, are in process of arrangement at the present time.

Fred Schweitzer has been named assistant secretary and will call on merchants within a short time to get assurance of their cooperation.

NAME WILLIAMS TO SERVE ON COUNCIL

W. B. Williams, first vice president and cashier of the First National Bank of Santa Ana, was elected a member of the executive council of the California Bankers' Association, at the annual meeting held yesterday at Huntington Inn, Pasadena. The council is the governing board of the association, each member holding office for a period of three years.

EDWARDS TO BE REGISTRAR FOR FOREST CAMPS

Word was received here this morning by Harry Edwards, director of Veterans' Welfare in Orange county of his appointment as registrar for ex-service men seeking assignment to government reforestation camps.

Edwards' appointment came from Maj. Ed. Borden, regional director of the Veterans' Bureau in Los Angeles. Borden has been appointed to handle all Southern California applications for assignment to the camps.

According to the new ruling 25,000 veterans will be given positions in the camps under Roosevelt's reforestation plan for the relief of unemployment. Edwards has not been notified as to what Orange county's quota in the camps will be.

He said this morning that application blanks will be available at his office in the courthouse annex Saturday morning. Veterans applying for assignment to the camps are advised to bring their discharges with them when they apply unless they already have a record in Edwards' office.

CONSOLIDATION ON ELECTION SAVES BIG SUM

Santa Ana will save about $600 by consolidating its special election on whether alcoholic beverages shall be sold in this city, with the state and county election on June 27, according to figures from City Clerk E. L. Vegely. The city expense will run about $500 Vegely said.

It will not be necessary to consolidate the 71 precincts in Santa Ana to a lesser number because the regular precincts used by the county will be used. Santa Ana will save the cost of paying election officers, however.

The city of Santa Ana will have to purchase election supplies, including separate sample ballots and ballots and ballot boxes for the election, Vegely said. A copy of the ordinance to be voted on must be mailed to voters with their sample ballots. Separate ballots for the special city election will have to be printed, in order to permit absent vote balloting for the county election, as absent voter ballots are not permitted at special city elections.

Vegely estimated previously that the election would have cost the city around $1200 if it had been held separately, even with precincts consolidated.

SMALE FOUND NOT GUILTY OF SLANDER

Deliberating slightly more than six hours, a jury last night returned a verdict acquitting Ernest J. Smale, manager of the Garden Grove Mutual Orange association, on a charge of slandering Edward M. Mahl, county building inspector.

Indications were that the jury based its acquittal on the belief of the members that when Smale protested the appointment of Mahl as building inspector, in a conversation with Supervisor John Mitchell, he was not acting with malice.

Smale, testifying on his own behalf, under the questioning of his attorney, W. M. Burke, told of an interview he had with Supervisor Mitchell following Mahl's appointment as county building inspector. He said that the interview was following the collapse of the packing house building during the earthquake.

Smale said that he questioned the appointment of Mahl and cited the building which had collapsed as a sample of his work. Mahl was in charge of construction of the building. He said that he had told Mitchell that contractors and others had condemned the mortar used in the packing house building as being just plain lime and sand, and admitted having said:

"I fell that any man that would put that kind of material into a building that people have to work out their lives in had just about committed criminal negligence and must be either incompetent, negligent or crooked."

Local Briefs

John D. Strahle, 33, and Josephine I. Hoffman, 23, both of Santa Ana, and Henry E. Blackford, 26, and Naomi F. Hance, 18, both of Fullerton, have filed applications for marriage licenses in Riverside.

* * *

An interesting program has been arranged for the monthly social of Sons and Daughters of Union Veterans of the Civil war, to be held tomorrow evening at 6:30 o'clock at the K. P. Hall, it was announced today by J. H. Mitchell, chairman of the entertainment committee.

STATE PATROL BENEFIT DANCE FRIDAY NIGHT

Members of the California highway patrol in Orange county were busy today selling tickets for the big benefit dance to be staged by the highway officers in the Valencia ballroom between Santa Ana and Anaheim tomorrow night from 8:30 o'clock on.

The entire proceeds of the dance will be used to swell the benefit fund for widows and orphans of members of the patrol. Widows and orphans whose husbands and fathers have been killed on duty receive the benefits of the money raised in the dance.

Music for the dance will be supplied by a large dance orchestra and arrangements were being made today for special entertainment.

WOMEN READY FOR LEGION POPPY SALE

Women of Santa Ana are responding enthusiastically to the American Legion auxiliary's call for volunteer workers to distribute poppies on Poppy day, Saturday, May 27, Mrs. Willard Swartout, poppy chairman of the Santa Ana unit of the auxiliary, said today as she was completing the enrollment of her Poppy day forces. She estimated that the auxiliary would have 30 workers to help it distribute the memorial flowers to the people of the city.

"The response to the Poppy day call reminds me of the World war days," said Mrs. Swartout. "Now as then the women of the city are eager to serve in patriotic work. They appear to realize that in the sale of the American Legion auxiliary poppies they will be helping to rekindle for peace-time service the spirit of patriotism which made the great war achievements of our country possible. They know, too, that they will be accomplishing much for the welfare of the needy veterans' families of our city.

"We hope that the public will recognize their unselfish service and when they appear on the streets on Poppy day, will respond to them in the same spirit that their service is given."

ARREST MEXICANS FOR ILLEGAL ENTRY

Two Orange county Mexicans faced deportation from the United States today following their arrest yesterday by immigration officers on charges of illegal entry to the United States.

Jose Lune and Jose Robles, of La Habra, were booked at the county jail by Immigration Inspector John Jiles, who has offices in the Federal building here. Following hearings and action at Washington, D. C., the men will be deported if found guilty.

Twelve Chinese were booked at the county jail yesterday on charges of illegal entry.

Gilbert And Dale Form Partnership

Chester J. Dale, well known insurance broker, who entered the insurance business here some time ago, has entered into partnership with Guy J. Gilbert, operating the district agency of the Lincoln National Life Insurance company, of Indiana, an announcement stated today.

Dale was formerly president of the Union National Life Insurance company, of Kansas City, and previous to that time was agency supervisor in the middle west for the Lincoln Life. Gilbert, a brother of former Vice Governor Newton Gilbert of the Philippines, now residing in New York, has just completed 21 years with the Lincoln Life, 13 of which have been as district manager in Orange county.

Says Wife Moved Furniture Away

Alleging that while he was away at work his wife removed the furniture, furnishings, radio and other community property to Anaheim, John Sargeant Clarkson has filed suit for divorce from Mrs. Ruth Ellen Clarkson. The charge is desertion.

The Clarksons were married July 28, 1927, in Santa Ana, according to the complaint, and on the night of May 14 while he was at work in a downtown confectionery his wife moved all the household furniture to a vacant apartment in Anaheim, he charges.

TO ATTEND EXERCISES

FULLERTON, May 25.—Mrs. Antoinette Nenno and her daughter, Miss Faustina Nenno, plan to go to Exeter Friday to visit Mr. and Mrs. Maurice E. Clark, another daughter of Mrs. Nenno. While there they will see the graduation exercises of a son of Mr. and Mrs. Clark.

Walker Opens Law Offices In S. A.

With that of J. Eugene Walker a new name has been added to the membership roster of the Orange County Bar association, it was revealed today with the announcement that he had opened up offices in the Hill building on East Fourth street.

Walker is a graduate of the Santa Ana Junior college, and also of Stanford university where he obtained A. B. and LL. B. degrees. Mrs. Walker, nee Muriel Knox, is a daughter of former Mayor John Knox of Santa Ana.

Loan Officials At Annual Convention

Clarence C. Crookshank, manager of the Santa Ana Building and Loan Association; Fred Backs, secretary of Anaheim Savings Loan and Building Association; Henry L. Harry, secretary of Fullerton Building and Loan Association, and Osman Pixley, secretary of Orange Building and Loan Association, left yesterday for Yosemite, where they will attend the 28th annual convention of the California Building and Loan league, which opened today for a three-day session.

Police News

Frank O'Rourke, Los Angeles, reported the theft of his automobile while it was parked west of Broadway on Third street tuesday afternoon.

Theft of a bicycle was reported to police yesterday by Luther Russell, 1121 West Eighth street. The theft occurred at the high school.

Celro Estrada, 36, Los Angeles, has been arrested and booked on a vagrancy charge by Santa Ana police officers.

Joe R. Beech, 1722 West Fourth street, reported the theft of a flash light, a rule, canvass and a rope from his car while it was parked at 405 North Birch street late yesterday.

Two cats which were running wild in the creek bed were killed yesterday by Sergeant B. A. Hershey of the Santa Ana police force at the request of Mrs. Ed Swift, 2385 Riverside drive. Two more died from lead poisoning but there are still about 10 more to be taken care of, according to a report at the police station.

Lewis W. Brown of South Pasadena paid a $8 fine for speeding in Santa Ana when he appeared before Judge Mitchell in the police court yesterday.

LAZINESSS IS HELD CAUSE OF MOST FAILURES

Political, economic and social conditions cannot break a man. Pure laziness caused by lack of interest is the cause of failures. Luck is the magic word used by fools and incompetents. These and many more pertinent points were brought out in an inspirational address given before more than 80 members and guests of the Associated Chambers of Commerce of Orange county at Garden Grove Tuesday night by Harry V. Adams, noted lecturer of Los Angeles.

The speaker, who is now connected with the Security-First National bank speakers bureau, was introduced by Frank Was, manager of the Santa Ana branch.

Discussing the subject, "Laziness; Cause of Business Failures," the speaker held the undivided attention of his audience during his talk.

"It has been said," the speaker declared, "that the business world is divided on the north and south by "Lassitude" and on the east and west by "Loungitude."

"Wise people look within themselves to find the causes of success or failure; unwise persons look to others. We fail, not because of luck or outside forces, but because we are lazy. We are so lazy we seek health from pills and bottles instead of exercising. We even try to get fundamental knowledge of our businesses without studying. We are too lazy to form our own opinions; we prefer to swallow someone else's. All governments are run and controlled by an energetic few.

"Vices and crime are the result of our laziness. It is difficult to be good. It is easier to give loose reins to vice and appetite. Criminals penalize themselves. They are out after easy money because they are too lazy to work for it.

"The solution of the problem, is to give young men so much work to do and to make them work so hard they will have time for nothing else. We need the driving power of a driving love for knowledge, happiness and success."

VOTE IN ORANGE COUNTY AT LAST ELECTION OVER 2 TO 1 AGAINST HORSE RACE BETTING

By THOMAS B. MALARKEY
(United Press Staff Correspondent)
(Special to The Register)

SACRAMENTO, Calif., May 25.—(UP)—For the third time in nine years California's electorate will go to the polls June 27 to decide whether or not pari-mutuel horse race betting will become legal in this state.

Such a proposal was voted down by over a 300,000 majority in 1926. It was again defeated in 1932, but by a close margin of 52,000 votes.

In the 1932 election Orange county cast 27,364 votes against horse race betting and 13,429 votes for it. This total for the state was yes, 904,493; no, 956,895.

The pari-mutuel betting proposal that will appear on the June special election ballot contains precisely the same provisions that appeared in the bill passed by the legislature and vetoed by Governor Rolph. Instead of trying to override the veto, the legislature submitted the issue to the people.

Provisions of the measure which goes on the June ballot include: 1—Appointment of a California Horse Racing Board by the governor which will exercise complete control over racing and pari-mutuel betting; three per cent of first money won by a California bred horse will go to the animal's owner; limitation of the racing season to 100 days; four per cent of each pari-mutuel pool goes to the state which will turn it over to the California state fair, citrus fruit fairs and county fairs. If there is any balance left, it will go either to the unemployment relief fund or to finance animal husbandry studies in college.

Governor Rolph vetoed the bill on moral grounds. In his famous "home against the stable" message to the legislature, he contended pari-mutuel betting would bring economic demoralization and moral degradation to thousands of California homes.

LEROY BURNS NOMINATED AS HEAD OF CLUB

Nomination of officers to be elected at the annual meeting scheduled for June 20, and a program put on by the Santa Ana high school service club, featured the weekly meeting of the Santa Ana Twenty-Thirty club held Tuesday night at Ketner's cafe.

Following are the nominations: For president—LeRoy Burns; first vice president—Richard Ewert and Paul Beckman; second vice president—Howard McIlvain; secretary—Paul Dale; treasurer—Aubrey Glines; sergeant-at-arms—Lyman Farwell; board of directors—Ferris Scott, Wendall Finley, Richard Drew, Calvin Shores, Guy Penn and Dr Herbert Stroschein.

Howard McIlvain, chairman of the social committee, announced a box dinner party, to be held at Irvine park, June 9.

Because of the fact that May 30, Decoration day, falls on a national holiday, the Santa Ana club will attend a joint meeting with the Fullerton club the following day, Wednesday, May 31, it was announced.

Bud Boyle presided over the program presented by the high school service club, which in addition to an address by Glenn Bishop on the program of economy affecting the California school system, included several musical and vocal numbers.

Sewing Machine Theft Warning Issued By Police

Because sewing machines are being stolen in this state by persons who pick them up at homes, telling owners that they are representatives of the Singer Sewing Machine company, authorized and bonded employes are now wearing identification buttons, which are issued each month, it was announced today by city police officials.

One such case occurred in Santa Ana recently when a woman lost a sewing machine by turning it over to a man she believed to be a representative of the company.

SEA SCOUTS TO HOLD REGATTA AT BEACH CITY

Sea Scouts from all over Orange county will compete at the big Sea Scout regatta to be staged at Newport Beach Saturday, with the Newport Beach ship playing hosts to competitors from other ships in the county and to the Sea Scouts of Long Beach, who have been invited as guests.

The regatta will be held at the American Legion and Boy Scout huts, at Tenth street and the bay front. Among the events so far scheduled will be the following:

Fifty-yard breast-stroke swim, 50, 100 and 440-yard free style swims; rowboat races, snowbird races, lead heaving for distance and lead heaving for moving boat; semaphore signalling, Morse code signaling.

Special demonstrations will be given by various Scout ships, including a kyack demonstration by the Newport Beach crew, lifesaving by Fullerton and others.

The first events are slated to start at 10 a. m. Byron Marshall, port captain for the Sea Scouts of the county, and George Leavitt, captain of the Newport Beach ship, will aid county officials in the events.

Accidental Death Verdict Returned

A verdict of accidental death was returned by a coroner's jury in an inquest held over the body of Katsu Kadowaki, 56, well known Japanese, which was held yesterday in the Winbigler Funeral home.

The man, well known in Orange county, died as a result of injuries suffered when he fell from a ladder while trimming a palm tree on North Broadway.

'MUD-SLINGING' PREDICTED FOR J. C. ELECTION

That Santa Ana junior college's next student political campaign will carry more "mud-slinging" than ever before was indicated in assembly Tuesday with the semester nomination speeches.

Six candidates for president, two for vice president, three for secretary, and two for treasurer were nominated during a heated session in which past student administration was severely criticized by some campus leaders, highly praised by others.

Primaries will be held Wednesday, May 31, and the finals the following Friday, according to Duncan Harnois, president of the associated students and who served as assembly chairman.

The order in which the nominations were made follows: For president—George Farquhar, presented by James Quiggle; Minor Whitford, by Roy Wheeler; Robert MacFarlane, by Martin Bowman; George Lake, by Laurence Ridenour; Bruce Handy, by Eugene Stevens; Earl Homan, by Art Casey. For vice president—Jack Havens, by Gene Hill, and Bill McDaniel, by John Wells. For secretary—Miss LeOra Hatch, Miss Tedford and George Curtis. For treasurer—Gerald Goodrich, nominated by Larry Taylor; and Ted Meece, by Dick Heffern.

JEWISH HOLIDAY COMES WEDNESDAY

Shabouth, the Feast of Weeks, a religious event in the Jewish calendar, which this years falls on Wednesday, May 31, will be observed here individually by members of the Jewish community, inquiries revealed. There will be no collective observance due to the fact that there is no synagogue here, it was explained.

Like the other two so-called Pilgrim Festivals, Passover and Tabernacles, the Festival of Weeks was originally related to the agricultural life of ancient Israel. Its designation sometimes as the Feast of "First Fruits," as well as some of the features of its celebration, are described in the Bible. The further fact that the Book of Ruth, with its harvest scenes, is the special scroll for reading on Shabouth, indicates clearly the agricultural character of the festival.

"Look for the stores that display this emblem"

Henry Ford
Dearborn, Mich.

May 22, 1933

I suppose that I may claim to be the first Ford Dealer. I not only made cars, but sold them and frequently delivered them myself.

The "drive away" is not new; often I have driven cars from Detroit to towns in Ohio or Indiana or Michigan to make delivery.

There were no good roads in those days, and the people where I drove had never seen a motor car before.

My first really enthusiastic customers were Country Doctors. They were the first to realize the value of dependable transportation to a widely scattered practice.

Even today I occasionally hear from some of those first Ford users.

We had to teach local mechanics how to care for the cars. That is how Ford Service began, which is now found everywhere in the world.

We believed from the beginning that a sale does not complete our transaction with our customer -- it creates upon us an obligation to see that our customer's car gives him service. Ford Dealers know their duty to the public in this respect.

I can say of Ford Dealers generally that they have been and are men of character and standing in their communities. Most of them have been with us many years, which indicates that we agree on basic business principles. The Company provides that the methods used to sell the Ford car are consistent with the self-respect of the Dealers who handle it.

The present Ford V-8 is the peak of our 30 years experience.

We have never made a better car. Its eight-cylinder engine is powerful and smooth running. The car is admittedly very good looking and has comfortable riding qualities. It is economical in operation because of advanced engine design and low car weight. It is the fastest, roomiest and most powerful car we have ever built.

DID YOU KNOW THAT

Promoter Jack Doyle is ambitious ..the Los Angeles impresario hopes to outdo the record of $155,000—held by Mickey Walker and Ace Hudkins—with his Corbett-McLarnin show, Monday night? The prices on this one are $2, $3, $5 and $7.50.. and tops for Walker-Hudkins were $16.50..pointing out the advantages of this fight, Dean Snyder writes: "Los Angeles is at its best in May..all of the ring championships except the welterweight are clouded and questionable..Tommy Ryan, one of the early champions in the welter division, probably will be one of McLarnin's seconds".. and requests for reservations accompanied by certified checks or postoffice orders will be promptly handled.

Flynn Here To Second Wofford In Delhi Go

M'CARTER MADE FAVORITE OVER JIM'S FIGHTER

Jim Flynn, the only man who ever knocked out Jack Dempsey, brings his crack middleweight from Phoenix, Al Wofford, to the Orange County Athletic club at Delhi tonight to box Orange's "Bud" McCarter.

Flynn's scheduled appearance overshadows the main event. Few Santa Ana fistic followers have ever seen the old-time "Pueblo Fireman," who was one of the world's ranking heavyweights from 1907 to 1915. Flynn fought in the purple days of boxing, his opponents numbering such as Sam Langford, Al Kaufman, Carl Morris, Jack Johnson, Luther McCarthy, Jim Coffey, Gunboat Smith, Al Reich, Jim Barry and Jack (Twin) Sullivan.

Big Jim knocked out Dempsey in 1917. Jim was well past his prime then, Dempsey just a novice. Many experts have laughed off the result in the belief that there was some sort of an "arrangement" but, whatever happened, Flynn stopped the Manassa Mauler in the first round, and the result is written on Dempsey's record for all time to come. It was the one time Jack failed to finish a fight on his feet.

Flynn, his eyesight impaired, has had a tough time getting along for several years. His taxi business at Phoenix failed and the fans there gave him a benefit sometime ago. Now Jim has Wofford in tow and believes the kid will make him some money when he is ready to go pro.

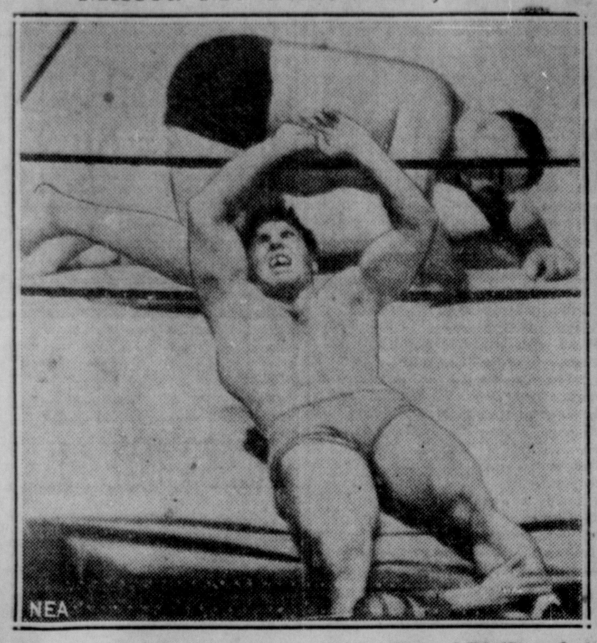

There is no way of comparing Wofford and McCarter but McCarter is at his best now, and has been made the favorite. They're fighting at 165 pounds.

Roy Virgil and Willie Collins appear in the semi-final. The clever Collins made such a miserable showing in last week's main event that he is lucky to be on the card at all. Virgil is favored, although the colored youngster has plenty of native ability.

Harold Sweet and Buck Steele, 195-pounders, collide in the semi. Steele will be better remembered as "Smokey" Banks.

Nat Mills, Bill Wana, Reggie Kerr, Doyle Richards, "Baby" Fleet, Toby Vigil and Paul Brown are others on the program.

"Missed Me That Time, Joe!"

Three times, Jumping Joe Savoldi lunged feet first and Ed (Strangler) Lewis went down with a grunt as 6000 mat fans in Madison Square Garden, New York, counted the match all but over. Then the ex-Notre Dame star lunged again but Strangler crouched and Savoldi sailed through the ropes, skidded off the mat as shown in this unusual photograph, slumped to the floor, bumped his head and lost the match.

SUNDAY SCHOOL LEADER THREAT TO MRS. MOODY

BY HENRY McLEMORE
(United Press Staff Correspondent)

NEW YORK, May 25.—(UP) — Six or seven paragraphs on topics ranging from Sunday school teachers to "Strangler Lewis," from a champion teacher to a hamburger sandwich.

The Sunday school teacher is Dorothy Round, England's best woman tennis player and the gal the tight little isle is counting on to top Mrs. Moody at Wimbledon.

Miss Round is one of those rare persons who practice what they preach. She sacrificed the finest opportunity of her sports career—the practical certainty of winning the coveted French championship—for a matter of principle. The tournament started last Sunday and Miss Round, true to her promise that whatever the exigency, she would not play on a Sunday, did not enter.

She held that as a Sunday school teacher, teaching children the commandment to keep the Sabbath holy, she could not possibly indulge in sport on that day.

In our own nationals at Forest Hills two years ago Miss Round reached the final round of the doubles but refused to play for the title on Sunday. By her play in the recent British championships, Miss Round is the second best player in the business. She whipped Rene Mathieu (Europe No. 1) in the semi-final and Helen Jacobs (America No. 1) in the final.

That was a nice spot Mercer Beasley dropped into at Princeton.

Noted as the teacher of tennis champions, he will take hold of a Tiger squad that, working without a coach of any sort, made a clean sweep of its 1933 matches. So Beasley next year, must improve on perfection, which is always tough. But he's liable to do it, for a man who can turn out a Vines, a Sutter, a Parker and a Babcock, must know something more about tennis than the proper length of flannel trousers for grass court matches.

Having enjoyed success in the Derby and the Preakness (we picked Charley O in the former and De Valera in the latter) this bureau nominates Tred Avon to whip Top Flight, queen of the fillies, in their special match race at Belmont Decoration Day. Tred Avon is consistent, Top Flight isn't. Tred Avon has proved she is ready to go, Top Flight hasn't. Top Flight will be the favorite, and we dislike favorites. And what will you have, senator?

Keith Young of Yale, to whom high jumping has always been secondary to pole-vaulting, jumped 6 feet 6 1-2 inches in the dual meet with Harvard Saturday—all because of a hamburger sandwich.

It seems that for the past year or two every meet has seen Brown wager a hamburger triple decker with the Yale groundkeeper that he (Brown) would attain a certain height. He lost some two dozen sandwiches before his great performance against the Crimson.

It would seem a smart move on the part of the Yale A. A. to offer Brown a tongue and Swiss cheese on rye for a 6 ft. 7 in. leap in the Intercollegiates Saturday. With such an incentive Brown couldn't fail.

Of all the explanations of greatness we've ever heard, we like "Strangler" Lewis' best. "I can cleanse my soul of fear. The others can't."

Santa Ana And Anaheim Collide Friday

Santa Ana and Anaheim, perennial leaders of the National Night ball league but this year struggling along in the second division instead of heading the parade, collide at the Municipal Bowl here tomorrow night in the opening game of the second round.

In the past years, both teams would be considered out of the race off their present standing, but this season the "first half" is composed of "three rounds and, in the 14 games still to be played, the Stars and Valencias still hope to climb to the top.

Joe Cornelius has been assigned the Santa Ana pitching spot. Bob Rose, who held the Stars to five hits in the first meeting of the clubs, is scheduled to work for Anaheim.

Other games: Whittier at Torrance; Westminster at Fullerton; Huntington Beach at Olive.

CROMWELL-TEMPLETON CONCEDE EACH OTHER MEET; EASTMAN TO COMPETE ONLY IN 800 METERS

CAMBRIDGE, Mass., May 25.—(INS)—Following usual pessimistic outlooks by Coach Dean Cromwell, of Southern California, and Coach "Dink" Templeton, of Stanford, track and field athletes of the two Pacific Coast colleges, today were preparing for the Intercollegiate A. A. A. games at Harvard stadium Friday and Saturday.

Runners of both teams took brief spins around the track for limbering up exercises after their trans-continental journey.

Cromwell made the prediction that "Stanford has the title sewed up," and vouched that his men didn't have a chance.

Coach Templeton, while pessimistic, didn't return the "compliment." Instead, he expressed his fear of Yale.

Ben Eastman, Stanford's star middle distance runner, isn't in his best condition, according to Templeton, and even if he qualified for the 800-meter run, "Dink" says he may have to withdraw him. The best Templeton could see for his team was 40 points, although Cromwell was positive they should score about 63.

Preliminaries will be held in nearly every event tomorrow.

French May Quit Olympics If Jew Athletes Barred

PARIS, March 25.—(UP)—Unless Chancellor Hitler of Germany modifies his attitude toward Jewish athletes, Henry Pate, vice president of the French chamber of deputies and former under secretary of state for physical education, will urge the French Olympic Committee to withdraw from the 1936 Games in Berlin, he announced last night.

Pate said he doubted that the world Olympic Committee would permit the Berlin games in view of the decree prohibiting Jewish athletes residing in Germany from competition.

TERRY, READY FOR DUTY, IN QUANDARY AS HIS SUB STARS

NEW YORK, May 25.—(UP)—The best baseball drama of the season is nearing a finale.

After a month's absence with a shattered righ wrist, Manager Bill Terry is ready to return to the New York Giants' first base, but like a modern Enoch Arden, he finds the position wedded to his substitute, Sam Leslie.

Terry is stumped!

Shall he, the outstanding first baseman in the National League, give way to a chap he tried to peddle off during the winter, and start chasing flies in the outfield? Or shall he, the manager responsible for his team's pennant progress, bench Leslie who is hitting around .310?

"Memphis Bill" had a batting percentage of .207 when one of Joe Shaute's slants struck him April 24. The Giants were in second place then, and they're at second place now, but Leslie's brilliant play has been an important factor in keeping them there.

SANTA ANA CATS IN 7-6 WIN AT ANAHEIM

Santa Ana's Green Cats scored a 7-6 victory over the team that will represent Anaheim in the impending Orange County Night Ball league, at Anaheim last night.

Bunching hits in the fourth, fifth, sixth and seventh, Santa Ana rolled up a 7-0 lead which Anaheim whittled down in the last of the seventh and ninth.

Wilbur Stinchfield pitched scoreless ball for five innings, striking out 11, but his successor, Leo Morse, was not as effective although he ran up 7 strikeouts himself.

HELEN JACOBS OUT OF FRENCH DOUBLES

AUTEUIL, France, May 25—(UP)—Elizabeth Ryan of California and England, and Mme. Rene Mathieu, No. 1 ranking French player, today gained the semi-finals of the French tennis championship women's doubles with a 6-1, 6-0 victory over the English team of Mary Heeley and Frieda James.

Frank Shields of New York, and Dr. Daniel Prenn, German star, entered the quarter-finals of the men's doubles when the South African duo of Victor Kirby and Norman Farquharson defaulted.

A mild surprise was scored when the Franco-American team of Helen Jacobs of California, U. S. champion, and Ida Adamoff were eliminated in the quarter-final round of the women's doubles by the French pair, Jacqueline Rosambert and Mme. Marie Henrotin, 3-6, 6-4, 6-0.

Miss Ryan then became the only American survivor in women's doubles.

SHULTE MAKES NEW WILLOWICK RECORD

Stan Shulte, Fullerton junior college golfer, established a new amateur record of 68 in a round at the Willowick club here yesterday. He was out in 36, back in 32. Par is 71.

Weller Noble of San Gabriel shot a 66 over the "old Willowick" course two years ago but Shulte's mark is low for amateurs since the club added several holes and changed the course. The professional record of 64, is held by Harold Hiser, Willowick's present pro.

Shulte's card: 4-3-4-4-5-3-6-3-4 on first nine and 3-2-5-4-2-5-3-4-4 on the second

Mrs. Charles Chapman, with a 90-20-70, won first place in women's medal play Tuesday.

SAINT INTER-TEAM SERIES COMPLETED

"San Diego' 'and "Long Beach," tied for first place in Santa Ana Hi's spring grid series, were to clash at Poly field this afternoon for the 1933 championship.

Altering his plans, Coach Bill Foote decided not to hold the "Alhambra-Pasadena" game yesterday, and shoved ahead the "San Diego-Long Beach" tilt, originally planned for tomorrow.

The "last year-this year" contest, the climax of the spring series, will be a night game at Municipal Bowl one week from tonight, according to Foote.

Troy Basket Star To Tutor Japanese

LOS ANGELES, May 25.—Jack Gardner, captain of the University of Southern California basketball team in 1932, will spend a month in Japan this summer giving courses in basketball coaching in leading cities.

Conducting the courses under the auspices of the basketball division of the Amateur Athletic Association of Japan, Gardner will leave here Monday and start his work in Tokyo, June 15. A week in Tokyo and a week in Osaka will be followed by two weeks of instructions in smaller cities.

DON GRID PRACTICE MAY BE CURTAILED

Circumstances so far preventing enough candidates for reporting, Santa Ana junior college's spring football drills may contain only fundamentals this year, Coach Bill Cook said today.

Unless he can be assured of 30 regular prospects by Monday, the Don mentor plans to cancel three proposed games, and proceed with the work on fundamentals which he started several days ago.

Cook has enough men on his spring grid list, but student laboratory hours and outside employment prevent them from reporting regularly. He receives a different group every night and cannot hope to conclude games under such circumstances.

There is a possibility that a game between the alumni and next fall's varsity will be played anyway.

Homer Costs Tiger Hurler No-Hit Ball

NEW YORK, May 25.—(INS)—The doubtful distinction of being the champion hard-luck pitcher of the major leagues goes to Tommy Bridges of Detroit.

For the third time in two years and the second time this season Bridges missed a no-hit game by a margin of one wallop yesterday when Joe Kuhel of the Senators nicked him for a home run over the right-field fence in the eighth inning.

WASHINGTON ENTERS LONG BEACH MEET

LOS ANGELES, May 25.—(UP)—Washington university's rowing crew, Pacific Coast intercollegiate champion, will compete in the National intercollegiate regatta to be held at the Long Beach Olympic marine stadium July 8.

Acceptance of an invitation extended by U. C. L. A. and the Los Angeles Junior Chamber of Commerce, sponsors of the event, was wired by Earl Campbell, graduate manager of the Huskies.

Harvard, Yale and Cornell already had entered. California and U. C. L. A. are expected to compete.

RESUME CITY BALL SCHEDULE TONIGHT

The second bracket of games of the 1933 Santa Ana City league baseball season are scheduled at the Municipal Bowl tonight, with the curtain-raiser at 7 o'clock.

The United Presbyterians face Weber's bakery in the first game. The First National bank and Beachman's garage collide in the windup at 8.

TROJANS, CARDS TO ENTER N. C. C. MEET

CHICAGO, May 25. — (UP)—Track stars from Southern California and Stanford, participating this week in the Eastern Intercollegiate meet, will perform before World's Fair visitors here June 16 and 17 at the National Collegiate championships.

Major John Griffith of the National track committee said he had been informed by Coach Dean Cromwell of the Trojans and Coach "Dink" Templeton of Stanford that the best members of the respective squads would be in Chicago for the meet.

Invitations have not yet been sent for the N. C. A. A. meet because only the best men in the nation's conferences are eligible, and all sectional championships have not yet been decided. The National meet will be held at Soldier field.

M'LARNIN, CORBETT IN FINAL WORKOUTS

LOS ANGELES, May 25.—(UP)—Final hard workouts for Young Corbett and Jimmy McLarnin, who meet here next Monday night in a world welterweight championship fight, were scheduled today.

Tomorrow the two boxers, pronounced in "perfect physical condition" by their trainers, begin tapering off exercises.

McLarnin, challenger for Corbett's title, was expected to show some new footwork. He has been working on speed, especially closing in and coming away from opponents.

The champion planned workouts featured by heavy slugging practice, since he believes his boxing is flawless.

'BABE' DIDRIKSON TO SEEK GOLF TITLE

DETROIT, May 25.—(INS)—"Babe" Didrickson will drop all other sports to concentrate on golf.

She is determined to be a National golf champion.

The world's greatest all-'round woman athlete made this announcement herself in the course of her current visit here.

"I am going to be a National golf champion," she said. "And to that end I will devote all my time. I'm going to specialize."

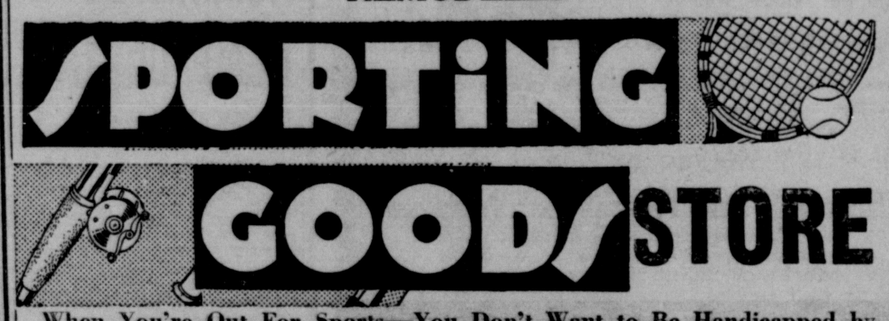

RIALTO TAKES LEAD IN LAND CIRCUIT

"Millionaire" Al Morgan's Rialto Stars, challengers for the American Night Ball league championship for the past two years, appeared well on their way to a first half title today, following their 6-0 shutout over Colton at Colton Tuesday.

Venn Botts stopped the Reds with seven scattered blows, while his mates were knocking Jim Duncan off the mound in five innings.

In other games, the defending champion Riverside Rubes outclassed Highland, 14-1, and San Bernardino smothered Pomona, 14-4.

Citizens' Dry Committee Prepares For Campaign

SECRETARY OF CLUBS HONOREE AT PARK PICNIC

FULLERTON, May 25. — Mrs. Agnes W. Purnell, executive secretary of the Federated Women's clubs of California, was welcomed to Fullerton Wednesday by the study section of the Ebell club when the members entertained for her at a picnic at Commonwealth park as part of their closing program of the year. Mrs. O. M. Thompson was installed as new chairman and Mrs. Otto Idso was installed secretary.

The program of the day included a review of "Democracy in the Making," by Mrs. Albert Launer. The book, written by James Truslow Adams, is one that has been given rather close study by women's club this spring.

The meeting was at the Amerige cottage in the park, the historic cabin in charge of the section.

Mrs. Idso reviewed a diary written by a veteran of the Civil war. Mrs. Burnell, who is to make her home in Fullerton, headquarters of the federation, will assume her offices here June 1. She told of the co-ordinating and organizing work of the federation.

Mrs. Carrie Ford was hostess.

Girl Reserves Of North Section In Park Gathering

FULLERTON, May 25.—The annual meeting of the Junior Girls Reserves of Northern Orange County Y. W. C. A. clubs was held at Commonwealth park and at the Fullerton Methodist church Tuesday evening, with more than 100 attending from Brea, Placentia, Buena Park and Fullerton. The Placentia Presbyterian and the Fullerton Christian church groups reported 100 per cent attendance.

Following dinner at the park, the groups assembled at the Methodist church, where Mrs. E. Dow Hoffman presented an inspirational talk and where a group of the young people presented a program. Jean Freek, Betty Riley and Bessie Stovall gave readings. Rose Mary Kraemer, of Placentia, presented a group of piano numbers; Jean Greenwalt, of Buena Park, played a group of numbers; Carolyn Terrill played for group singing and Bessie Stovall played taps.

Attending were Mrs. Purnell, Mrs. Albert Launer, Mrs. A. W. Miller, Mrs. Beckstein, mother and houseguest of Mrs. Craig, Mrs. Tripp, Mrs. Adrian King, Mrs. Frank, Mrs.. Daisy Reese, Mrs Craig, Miss Nettie Toombes, Mrs. Max Orkin, Mrs. W. J. Carmichael, Mrs. A. W. Chaffee, Mrs. William Holve, Mrs. William Wade and Mrs. Idso.

The Public Forum

Communications under this heading must be signed by the name of the writer. These communications express the opinions of those who write them. The opinions may or may not be the opinions of The Register.

Fullerton, California,
May 24th, 1933.
Dear Editor:

May I say a few words relative to the beer ordinance for Fullerton which will be voted upon, June 27th? The arguments advanced for its adoption are interesting, if true.

First: It is claimed that this beer ordinance will "promote actual temperance," in other words, remove the prohibition on beer, and men will drink less beer. If that be true, why not remove the prohibitions on narcotics, stealing, murder, and traffic regulations? Why single out the one and ignore the others?

Here is the fact relative to beer drinking: In the first 24 hours after the beer bill was passed, legalizing beer, our country drank one million, five hundred thousand barrels of beer, and congress alone drank 720 bottles of beer in four hours. Does that sound like legalizing beer "promotes temperance?"

Secondly: The proponents of the beer ordinance claim that it strikes a heavy blow at the bootlegger. Possibly it does strike at the bootlegger, but it misses him entirely

Chief Finlayson of the Los Angeles police force said, on May 23, 1933, in speaking to a group of people assembled at the First Methodist church, Los Angeles, that the legalization of beer made the work of the police much more difficult, for it turned every drug store and other place where beer is sold, into a saloon.

When beer is illegal, possession is evidence of guilt, but, when it is legal, anyone may have it and sell it, illegally, without much chance of being caught by police.

Canada reports: "It is impossible to check bootlegging since the government legalized the liquor traffic."

Thirdly: We are told that the people of Fullerton will desert their home town merchants and go where they can buy beer, unless we make Fullerton wet. That is poor reasoning, for there are thousands of folk in Fullerton who will not drink beer and who will be loyal to their home-town merchants who have the courage to remain dry. Furthermore, those who want beer have only just so much money to spend, and, if they spend it for beer, they cannot buy bread, meat and clothing for their families—in Fullerton or any other place. I do not believe that there are many folk in Fullerton who love beer better than they love their families and their home town.

Fourthly: They claim that "new business" will not come to Fullerton unless we vote for beer; but merchants all over the state are testifying that beer has not helped their business one bit, but rather has hindered it, because the dry folk are "buying dry" and the beer stores are losing trade. If Fullerton will vote to remain dry, we will receive the greatest publicity that the city has ever known, and from all the surrounding towns, loyal dry folk will come for trade purposes and to make their homes in a clean city.

Fifthly: They argue that the beer ordinance "places Fullerton squarely behind the national program for overcoming the depression." In other words, we are asked to drink enough beer, that we may become rich. Here is the truth about that: In the month of April, California drank 2,783,543 gallons of beer. The revenue for the state was $55,670.86 [illegible] of that beer to the common people of California, at fifteen cents a pint, was $3,340,251.60—exactly 60 times as much as the revenue received; and that means that we took over three millions of dollars away from legitimate trade—the butcher, the baker, and the clothier in these times of depression and unemployment and spent it for beer, which has no value to anyone except the brewers and the others who sell it. The consumer gets no benefit whatever from beer, and his family is robbed of the comforts, and many times of the necessities of life. The proposed beer ordinance is a brewers ordinance and will not benefit us at all. Vote no and kill this vicious measure.

Signed,

E. DOW HOFFMAN.

LEAGUE MEMBERS IN PARK PROGRAM

FULLERTON, May 25.—Special guests of Fullerton Izaak Walton club last night were part of a group of donors to the log cabin, the new home o fthe Waltonians in Hillcrest park. It was a first of a series honoring those who contributed labor, money or materials to the cabin.

The Rev. Frank Dowling was master of ceremonies, and introduced the program, which consisted of musical numbers by Dick Mabee and Mason Henry, radio talent and a talk by Randall L. Jones, who presented new colored pictures of the Grand Canyon. Secretary Bert Johnson opened the meeting.

Alaskans Find Bu-hach Best for Mosquitoes

The worst mosquitoes in the world, travelers agree, are to be found in Alaska, where the stinging pests can actually bite a man to death.

How do Alaskans protect themselves?

By burning Bu-hach! Nothing like it, they say, to give you absolute protection. It's sure death to the pests, though guaranteed safe for humans and domestic animals.

Bu-hach comes in handy sifter cans at 25c and 50c at all pet, seed, grocery and drug stores.—Adv.

CHURCH CHOIR IN SHOWER FOR RUBY BLYTHE

FULLERTON, May 25. — Miss Ruby Blythe, daughter of Mr. and Mrs. Reese Blythe, was complimented Wednesday night, when the choir of the Christian church surprised her with a shower following choir practice at the home of the director, Mrs. J. B. Horner, West Valley View boulevard. She is to be married soon to Clarence Kelley. Mrs. R. L. Black, who has been a guest soloist for the choir, shared in the complimentary party when several gifts were given her in appreciation of her work.

Mrs. Horner had decorated her home in large bouquets of Paul Scarlet roses and Scotch broom. At the close of the social hour, refreshments were served.

The gifts for Miss Blythe included choice articles from the pantry shelves of the choir members, such as jellies and jams.

Guests were Maybelle Moore, Dean Lawren, Ruth Steele, Mildred Copleman, Ida Wagner, Dorothy Shryock, Willard Mason, John Raitt, Louis Riehl, Darrel McGavren, Donald Daniels, Laurel Shryock, Stanley Berkey, Mr. and Mrs. Claude Rogers, Eloise and Barbara Rogers, the Rev. and Mrs. George Tinsley, Mr. and Mrs. Charles Peckham, Mrs. Vinton Lee, Mr. and Mrs. Roy L. Block, Mrs. Dale King, Mrs. George Seymour, Mrs. George Riehl, Mrs. Myrtle McGavren, Mrs. Hattie Clark, Mrs. J. Antoinette Nenno, Mrs. A. J. Swoffer, Mrs. Rosie Lewis, Mrs. T. K. Gowen, Miss Ruby Blythe, Clarence Kelley, and Mr. Horner and Miss Jean Horner.

USE R. F. C. FUNDS TO IMPROVE PARK

FULLERTON, May 25.—One of the improvements being made with funds for labor from R. F. C. is the ball park that joins Commonwealth park on the east. The grandstands have been completed at the south end of the three-acre tract, and the north end is being set to grass.

A sprinkler system is installed, the ground is leveled and planted, and roped off until the grass starts.

Legion Unit Is Ready For Poppy Sales

FULLERTON, May 25.—"Poppies of Flanders Field" will be on sale all day Friday and Saturday on the streets of Fullerton. Members of the American Legion auxiliary will ask all to buy to assist the workers among the disabled, non-compensated war veterans, who receive three cents for each red poppy they make.

Members of the auxiliary met with Mrs. R. E. Black yesterday and tagged the poppies. After a covered dish luncheon they played cards. Mrs. Ernest Kirby and Mrs. Albert Caillaud were prize winners.

Mrs. Hollis Knowlton is chairman of the poppy sales committee. Headquarters are at the office of Dan O'Hanlon. Assisting Mrs. Knowlton are Mrs. Y. W. Ramsey, Mrs. Albert Caillaud, Mrs. Black, Mrs. Gordon Handsfield, Miss Laura Porter, Mrs. George Vance and Miss Lillian Gottlieb.

Next meeting of the auxiliary will be June 12 at the American Legion hall.

RESIDENTS TO GET FACTS ON LIQUOR ISSUE

FULLERTON, May 25. — Final arrangements for organization of groups to distribute information on the election June 27 was made yesterday, when members of the Citizen's Dry committee met at headquarters, the Dan Smith building, Spadra road.

The plans, according to E. W. Moore, chairman, are to distribute through churches, organizations, from door to door, and through newspapers, information on the isues at stake. At the general state election, Fullerton voters are to be asked to determine whether they want to adopt an ordinance that will repeal all other liquor control ordinances, and will provide new control laws, and permit the sale of intoxicating beverages as allowed through a recent act of congress.

To insure complete coverage, the whole city has been divided into precincts and these precinits are to be canvassed by volunteer workers.

GOODYEAR TIRES

$1 A WEEK and up — small sum down — soon pays for a pair of new Goodyear Tires.

RIDE AS YOU PAY!

GOODYEAR certainly makes it worth while for you to put money in tires *now*.

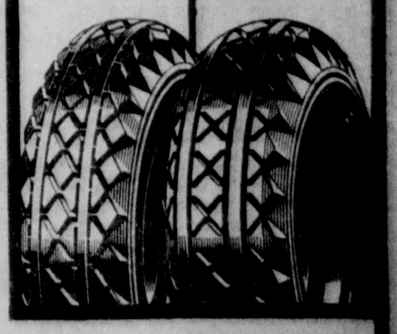

Your dollars never bought tires to equal the quality, the safety, the mileage which Goodyear is today building in every tire wearing the Goodyear name—

And because Goodyear now concentrates on two main lines of tires—a real saving in costs is passed on to you.

Look at the present prices of the world's most popular tire, the Goodyear All-Weather—and the prices of the thrifty Goodyear Pathfinder—and you'll certainly agree, *it's smart to buy Goodyears NOW*—while prices are still down close to bottom, and your money buys more than it may ever buy again.

NATIONAL WHIRLIGIG

-- *News Behind the News* --

WASHINGTON
By Paul Mallon

SHIFTING

The administration's private ideas about this vast national economic planning have recently undergone an unannounced change.

The course of action being mapped out on the inside is considerably more moderate than the relief bills you have been reading about.

The inflation program has already been shelved. The farm bill is being largely filed away for future reference. The railroad bill has been diluted to half strength. The current industrial recovery bill WILL NOT be carried out to its fullest.

If the administration uses fifty per cent of the powers granted it everyone behind the scenes will be surprised.

• • •

Reasons for the change are obvious. At first the college professors got their heads together and planned ways to take the economic situation by the horns. They wrote bills which lodged the greatest powers in the executive. One bill came after another. They all fit now into a unified purpose. That purpose is to bring about national economic planning never before attempted in a republic.

Since then the beginnings of recovery have been accomplished. Also the theorists have run against practical objections on every side.

• • •

What has happened backstage on the farm bill is a good example of the situation. Agriculture Secretary Wallace and Prof. Tugwell with the other professors devised an omnibus farm relief bill. It had all theories in it. They want to experiment with these theories, particularly the allotment plan.

George Peek, the new farm administrator, was pushed into the scene by no less practical a non-theorist than Bernard Baruch. Peek believes he can get along without the allotment plan. He wants to try something else first. The White House has shown signs of sympathy for that idea.

In the end they will probably compromise. At any rate the Wallace-Tugwell-Ezekiel ideas will be toned down considerably.

• • •

The truth underlying the $3,400,000,000 public works bill is the same. The highest treasury officials will whisper in your ear that the government could not possibly use more than $750,000,000 in legitimate public construction during 1934.

The bill authorizes two billions in loans to states and municipalities for construction. Everyone inside knows the actual expenditure will fall far short of that during the next two years.

What all these things boil down to is a rather conservative administration of rather radical ideas.

• • •

That conservative administration will not mean government control of all business. It will mean the government will file away the power to control business and ask business to control itself. What you will ultimately get therefore is self-regulation of business. Of course no business would be foolish enough to decline to regulate itself when it knows the government can step in any time with a big stick.

At least that is the new conception of the New Deal. It has not been publicly announced and therefore it cannot be guaranteed. But the chances are ten to one it will go through that way.

• • •

PRESS

Mr. Roosevelt's free press conference idea is working out well. He has been caught in one or two minor difficulties by submitting himself to bi-weekly cross examination at the hands of the press. But by and large the system has worked out well. The press is satisfied and so is Mr. Roosevelt.

At first the newspapermen thought it could not last. A president deals with such a wide variety of problems he cannot know about all of them. He is very likely to get into trouble by talking off-hand. Mr. Harding once did. He said the island of Yap had a different classification than the American-Japanese treaty provided, and the Japanese made him retract.

Mr. Roosevelt gets along because he is adept at verbal sparring. He does not disclose his mind very freely but he preserves the appearance of answering all questions.

• • •

METHOD

One reason the senate frittered away so much time on the Louderback impeachment case was the senators were not anxious for early adjournment of congress.

Every day spent in trying the San Francisco judge added a day to the session. The Republicans were particularly glad to see the case tried fully. They do not relish the idea of departing and leaving Mr. Roosevelt with all the power he now has.

The case proved to everyone that some different impeachment method must be adopted. It cost somewhere around $40,000. The senate spent two weeks on it.

• • •

POWER

There may be more behind these Muscle Shoals power theft charges than you have heard. Those pushing the investigation are supposed to have up their sleeves a confession from a certain gentleman who was on the inside. It was his tip which started the present ruction. His identity is being carefully guarded.

If his story is verified it will furnish a lively sensation.

If not, the investigators will have a difficult time trying to prove conclusively that anything as intangible as power was stolen.

• • •

LABOR

Those labor amendments to Mr. Roosevelt's railroad bill are certain to be adopted by congress. Certain labor senators have made an ultimatum that they must be adopted or the whole bill will fail. One in that group is Senator Dill of Washington.

The changes will be satisfactory to Mr. Roosevelt. They will not be to the railroad executives, but it is too late for them to do anything about it.

• • •

DIPLOMACY

The new Polish ambassador strolled into the state department the other day. State Secretary Hull gave him an oration on disarmament. Expert Feis spoke a piece on tariffs. The ambassador sat in repose. His face was a blank mask.

When our officials concluded, he arose and said: "Gentlemen, I do not understand all that you are talking about, but my government will give it very serious consideration"

Hull was revived with a drink of water.

• • •

NOTES

Mr. Roosevelt has a little way of patting his cabinet officers on the back when rumors that they may retire soon are floating around ....He gave Treasury Secretary Woodin credit for settling the banking crisis when Woodin's morale was low and State Secretary Hull drew a boost on the world peace message when Hull was getting morose....The old law directories show that Interior Secretary Ickes was once a partner of Donald Richberg, railroad labor attorney and leading Liberal.... Baruch only used the punitive power of the war industries board twice during the war....Once on copper and again on another industry he cannot recall.

CHANGE

Private banks—aware that future limitation of their activities is certain are busy planning for the future.

While no definite decision has been made yet, the weight of opinion in one of the most important houses favors sticking to deposit banking—under such government regulations as may be prescribed—and throwing the investment business overboard. This particular institution has a very pretty nucleus of deposits to start with.

The idea would be to build up commercial deposits of the highest quality and to give investment advice on the side. This investment advice angle would keep the door open for pleasant profits from non-banking activities without running afoul of the law.

If the plan develops as indicated partners who do not fit into the new picture will be politely invited to find a new field for their talents.

Advance Plans For Famous Harbor Light Tournament

JULY 22 EVENT MARKS SILVER ANNIVERSARY

The 1933 Newport-Balboa Tournament of Lights, to be held in Newport Bay Saturday, July 22, will have "lights" of many kinds, its was stated today by Harry H. Williamson, chairman of the chamber of commerce committee in charge.

Arrangements were being completed today to have the Goodyear dirigible Volunteer fly over the parade during the evening, as well as to give flights over the bay in the afternoon. The blimp has been part of the marine parade during the past three years. It is expected that anti-aircraft searchlights from Fort MacArthur will again cooperate in lighting up the general scene.

The Newport Harbor Service club, which has one of the most striking floats in the parade each year since the club was organized, at its meeting yesterday named a committee to report next week on what should be done this year. The committee consists of Irvin George Gordon, Ray J. Saunders and G. C. Macleod.

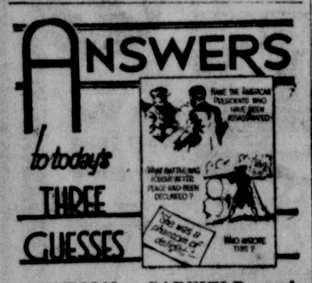

Macleod, secretary of the chamber of commerce, told members of the club of progress made so far to give one of the best illuminated water shows ever held.

According to the committee's plans, the parade this year will include, as one entry, a gondola and eight canoes, lighted with Japanese lanterns, which will be a reproduction of the "water carnival" of 1908, from which the lights fiesta developed. That was 25 years ago. About 15 years ago, under the direction of Commodore J. A. Beek, who managed it for several years, it became known as the Tournament of Lights.

SUNSET BEACH

SUNSET BEACH, May 25. — Mr. and Mrs. Ernest Bridenbaugh and family, of Upland, are spending a few weeks here in their home on Ocean Front.

Mr. and Mrs. C. B. Thorpe, owners of the sand pit located on Bolsa road, just back of Sunset Beach, have moved to Big Bear.

LINCOLN, GARFIELD and McKINLEY are America's martyred presidents. The BATTLE OF NEW ORLEANS was fought after peace had been declared because the news of the treaty had not yet been received on this side of the Atlantic. The quotation is by WILLIAM WORDSWORTH.

Do they tell the Truth?

The skeptical ones are saying, "Ha! Your suit will not cost you any more this fall than it does now!" AND THEY SPEAK THE TRUTH!

You probably will be able to buy suits for the same money as at present, $20, $25, or $30!

But, you can take it straight from us that you will not get the same quality suit that you can buy now for $20, $25 and $30!

It is so easy to remove the quality from a suit without your knowing it! WE'LL know it . . . and we'll continue to give you the FACTS about clothes you buy from us without fear or favor!

JUNIOR COLLEGE CONCERT TO BE GIVEN FRIDAY

A concert featuring various phases of the music work of the Santa Ana Junior college will be given tomorrow evening in the high school auditorium at 8 o'clock, it was anounced today by President D. K. Hammond. This program was prepared as a substitute for the usual opera which was given up this year on account of financial conditions.

Many of the groups appearing on this program have received high praise in their previous public performances. The orchestra and combined choruses will put on a most difficult number in "Hail Bright Abode" from Tannhauser. Everyone is invited to enjoy this evening of fine music.

The program is presented under auspices of the music department of the college, with orchestra and instrumental work directed by S. J. Mustol, piano solos directed by Alan A. Revill, and choruses and vocal work directed by Myrtle A. Martin.

1. (a) Overture, "Caliph of Bagdad", (Boieldieu); (b) "March from Carmen", (Bizet), Orchestra.
2. (a) "Spirit Flower", (Reigger), solo, Martin Bowman; (b) "Sylvelin", (Baldwin), Men's Chorus.
3. (a) Cornet duo, "Sextet from Lucia", (Donizetti); (b) Cornet duo, "On Wings of Music" (Mendelssohn), Harold Lutes and Robert Kelly, (Accompanied by Duncan Harnois.)
4. (a) "Flower of Dreams", Clokey); (b) "Serenade", (Strauss), Women's Chorus.
5. (a) Piano Solo, "Romance", (Sibelius), Mary Nalle.
6. (a) Vocal Solo, "Invocation to Life", (Spross), Mark Hare.
7. (a) Instrumental Trio, "Le Deluge", (Saint Saens); (b) Instrumental Trio, "Gondoliera", (Carl Hillmann), Emalena Richards, (violin); Philip Hood, (flute); Carolyn Mueller, (Piano).
8. (a) Vocal Solo, "Onaway, Awake, Beloved", (Coleridge-Taylor) Verna Helm.
9. (a) "Wind on the Hill", (O. Hare); (b) "The Living God", (O'Hara), Men's Quartette, Mark Hare, Martin Bowman, Bill Fox, Rutherford Williams.
10. (a) Piano Solo, "Polonaise in A Major", Chopin), Ray Baker.
11. (a) Vocal Solo, "The Bird Song", (Curran), Jean Baldwin.
12. (a) "Adoramus Te", (Palestrina); (b) "Go Down, Moses", (Cain), A Cappella Choir.
13. Ensemble, "Hail Bright Abode", from Tannhauser, (Wagner), Orchestra and Combined Choruses.

BROTHER AND SISTER TIE FOR CLASS HONORS

To a brother and a sister, John Blewitt and Marion Blewitt, both members of the graduating class at the Anaheim Union High school, comes the unusual and unique distinction of having obtained such high scholarship ratings that they are tied for the highest class honors. A chivalrous gesture on the part of the brother, places the sister as the valedictorian of the class, while the former will reply to his sister's official class message as salutorian.

According to Miss Bella J. Walker, vice principal of the school, the averages of 2.9 obtained by the brother and sister classmates are the highest ever given any student in the school.

In addition to their scholastic accomplishments, the brother and sister have made their mark in other student activities. Marion is president of the Girl Reserves, president for the first semester of the Honor Society, and held a place on the varsity hockey and basketball teams.

John is now secretary of the Hi Y, and was on the varsity football, track and tennis teams, making his letter in each.

They plan to attend Fullerton Junior college next year, and then complete their college work at some university.

POSTER PRIZE IS WON BY S. A. GIRL

Additional honors for high grade art work in poster composition today came to Miss Erma Swarts, a senior student of the Frances E. Willard junior high school, already winner of the American Legion fifth area Auxiliary Poppy poster contest, with receipt of advices that she had been awarded second prize in the poster contest launched a short time ago by the Oakland Humane society. Accompanying the official notice of award was a check for $5.

The American Legion Auxiliary Poppy contest embraced the fifth area, which includes the southern counties, and the city of Los Angeles, a circumstance, considering the large number of entries made the award to Miss Swarts more coveted. This prize is $10, and will be presented publicly in the assembly at the Willard school on June 2, when Andree Olson, of Los Angeles, department poppy chairman for the Legion Auxiliary, will present the award.

HEALTH OFFICER WARNS AGAINST SCARLET FEVER

Declaring that 100 cases of scarlet fever have been quarantined since January this year with an average of about one new case appearing daily in the county, Dr. K. H. Sutherland, county health officer, is urging parents to be more careful and watch their children for symptoms of the disease.

He said that for several months scarlet fever has been the most prevalent of any of the more serious contagious diseases throughout the county. During 1932 there were 292 cases quarantined in the county.

Dr. Sutherland said that the cases now under quarantine and those appearing daily are pretty well scattered throughout the county bearing evidence to the fact that the disease is being kept alive by missed cases or carriers not reported to the health department for supervision.

He said:

Mild Cases Troublesome

"Many of our cases of scarlet fever are so mild that it is difficult to recognize them. These may be of the most dangerous cases, however, since they are likely to be the ones to spread the disease. Then, too, the lack of obvious need for care in these cases may result in neglect which may cause complications involving the eyes, ears, heart or kidneys. These complications often cause more danger than the scarlet fever itself and should be guarded against in every possible way.

"We used to believe that scarlet fever was spread from one person to another by the scales of skin which come from the patient late in the disease. We know now this is not true, but that the infection is carried by the secretions of the nose and throat frequently in the early stages of the disease. In this respect scarlet fever is similar to colds, diphtheria, whooping cough and measles.

Suspicious Symptoms

"Parents should not carefully any sore throats, especially if they are accompanied by a rash, slight fever or peculiar red color of the tongue and the inside of the mouth. Anyone having such symptoms should be kept away from children until the cause of the trouble is determined.

"If there is reason to believe that there is a case of scarlet fever or any other contagious disease in a family where a physician has not been called the health department should be notified at once."

DELAY ACTION IN AWARDING MUSEUM JOB

No recommendations for the appointment of a curator at the Bower's Memorial Museum, North Main street, expected to be made some time after the beginning of the next fiscal year, July 1, will be made by the museum board until Miss Lulu Minter, a member of the board, now traveling abroad, returns to Santa Ana, it was announced today by T. E. Stephenson, president of the board. Miss Minter is expected back about June 20, it was added.

Inquiries revealed that more than 40 applications already have been received for the position, which in addition to a stated salary, will carry with it free living quarters in the museum building, water, light and heating, and other services.

Though no definite amount has been agreed upon by the commission as suitable compensation for the position, Stephenson intimated that it would be in the neighborhood of $100 a month. As regards qualifications, the board executive hinted that it was desired to secure the services of a well recommended man, who, in addition to satisfactory references as to character, would be interested in the work of the institution.

MIDWAY CITY

A 5 o'clock tea honoring a group of friends was given Saturday evening by Mrs. F. M. Florey at her Jackson street home. In the group were the Rev. and Mrs. John J. Woodson, who are leaving Midway City within a few weeks; Mrs. Daniel Brentlinger and Mrs. Brentlinger's house guest and sister, Mrs. B. F. Ford, who is spending a week here from Los Angeles.

IN STUDENT FUND BENEFIT

Shown here are three of the performers who will take part in the program given by the Putnam School of the Dance next Saturday night at the high school auditorium as a benefit for the junior college student loan fund. They are Lorie Buell, Lucille Knowlton and Jean McKamy.

ASKS ACCOUNTING ON PROPERTY SALE

Accounting for property sold under an option granted in 1925, judgment for the amount found due under the accounting and cancellation of the agreement are sought in a suit filed in superior court by E. W. Bringhurst against E. E. Gagnon.

Property involved is a 12-acre piece of Hanson Road and Spring street, known as the Lobo Tract.

According to Bringhurst on July 1, 1925, he granted Gagnon an option to purchase and resell the property in lots at prices stipulated in the contract. Among other things it was stipulated that Gagnon should sell five lots the first month the contract was in effect, and 10 lots every month thereafter. Bringhurst alleges that the quota of sales was not met.

In his bill of complaint Bringhurst alleges that Gagnon has sold a large number of lots from the tract and has failed and refused to account for the number sold, or give names of the purchasers, conditions of the sales, the purchase price, dates payment was to be made on the sales contracts or any other data connected with the sale.

FARM PROBLEMS TO BE BANKERS' TOPIC

Agriculture will occupy one session of the forty-second annual state bankers convention to be held this week at the Hotel Pasadena, according to Frank Was, Santa Ana, county key banker, representing the agriculture committee of the California Bankers' association in Orange county. The entire program of Thursday afternoon, beginning at 2 o'clock will embrace agriculture problems as it concerns the banking business of the state

Prof. B. H. Crocheron, director of the agricultural extension service, University of California, and in charge of farm advised work in California, is scheduled to discuss "Agriculture and the Present Emergency."

Carlyle Thorpe, general manager of the California Walnut Growers' association, will talk on "The Danger Confronting Agricultural Co-operation," and E. D. Woodruff, president, California Lands, San Francisco, has for his subject, "Farm Financial Problems."

CHURCH CLUBS FRATERNAL WOMEN-SOCIETY-THE HOME WEDDINGS FASHIONS HOUSEHOLD

Date of Wedding Told With Announcement of Betrothal

Mr. and Mrs. Ralph H. Hendricker, 1018 Riverine avenue, formerly of Chicago, have announced the betrothal of their daughter, Miss Violet Patricia White, to George I. Hanscom, U. S. N.

The young people will be married quietly on Saturday, May 27, and after a short honeymoon through the Southland, will make their home in Long Beach where Mr. Hanscom will resume his naval post. He is the son of Major Frank I. Hanscom, New York City, of the New York pardon and parole board.

The choice of May 27 as the wedding date was an especially happy one, as it also celebrates the bride's eighteenth birthday. Miss White comes from a fine old English family, tracing her ancestry back to the early British rulers.

Games Program Varied When Guest Sings Solo Group

Sweet peas, roses, larkspur and other flowers of the season were mingled charmingly in the decorations of the J. H. Tompkins home, 711 South Sycamore street, when Mrs. Tompkins, Mrs. Jacob Bohlander and Mrs. Mabel Cole Tuesday received members of the Social section of Santa Ana Woman's club.

Tables were provided for both anagram and bridge players, prizes in the two groups going to Mrs. E. M. Waycott for high bridge score, and to Mrs. Charles Hoehn in anagrams. A special guest prize went to Miss Lela Finch, a house guest of Mrs. Tompkins, and Miss Leonora Tompkins.

Miss Finch, who is from Oberlin Conservatory of Music, Oberlin, Ohio, and Chicago, graciously sang for the guests, to Miss Tompkins' piano accompaniments. Her songs were "Sunbeams" and "April," and clubwomen were impressed by the clarity of her tone and her pure, clear diction.

The afternoon closed with the serving of ices, cookies and hot tea at tables freshened with pretty linens, flowers and china. There were between 30 and 40 guests to share the enjoyable afternoon. Announcements made at a short business session included that of the regular meeting of Santa Ana Woman's club on Tuesday, June 6, with Mrs. Asa Vandermast, 425 South Birch street. The Drama section will meet Friday night at 7:30 o'clock with the leader, Mrs. E. M. Waycott, 1519 East First street.

Members Participate in Varied Literary Program

Gathered around a wide fireplace where pine cones from the mountains at Descanso, cast their magic glow on the scene, members of Quill Pen club spent an interesting interval in discussing phases of the preceding program at the final May meeting of the club Tuesday evening with Mrs. S. B. Marshall, 2116 North Main street.

This program had featured different types of original work beginning with the story, "Forever Is a Long, Long Time," written by Mrs. C. M. McClintock for a short story source. Dealing with the World war and with romance, it proved an enthralling tale as read by its author. Mrs. McClintock also contributed a bit of humorous verse, and "An Appreciation."

Mrs. Maude Goff's series on homesteading in Oregon, told in letter form, was humorously intriguing, and illustrated the means whereby the homesteaders met the prevailing depression. Members are anticipating the continuation of the series.

Verse was the form taken by Mrs. N. E. Wells for her contributions to the program, and her muse found graceful expression in two nature studies, "Ragged Robin" and "Desert Life." General discussion of the individual program numbers gave constructive criticism to each writer.

This discussion interval also gave opportunity to the hostess, Mrs. Marshall, to serve a refreshment course which included moulded salads and a strawberry roll.

Present for the evening were the hostess, Mrs. Marshall, Mrs. J. D. Campbell and Mrs. Marshall Harnois, club president and secretary, respectively; Mrs. N. E. Wells, Miss Verna Wells, Mrs. J. U. Viau, Miss Lella Watson, Mrs. C. M. McClintock, Mrs. Maude Goff, Mrs. Roy Winchester, Mrs. Frank Was, and two guests, Miss Anne Marshall of the home, and Mrs. Harry B. Adams of Glendale, the guest of Mrs. Was. Mrs. Adams had accompanied her husband to this city when he came to fulfill a speaking engagement before the Associated Chambers of Commerce, meeting in Garden Grove.

College W. A. A. Ends Social Program With Dinner

Women's Athletic association members of Santa Ana Junior college complimented their mothers Wednesday evening at the annual mother-daughter banquet, held in the Doris Kathryn as a finale to the year's social program of the association.

Approximately 60 mothers and daughters found places at the tables by means of cards in garden party hat design, the pastel colors harmonizing with nut cups which they topped. Flowers in green vases brightened the tables, and at each place was a corsage of sweet peas and roses.

The dinner program, announced by Miss Florence Turner, general chairman, featured solos sung in both English and Spanish by Miss Henrietta Armendariz, accompanied on the piano by Miss Alta Fisher. Miss Fisher also accompanied Miss Marian Leihy in a musical reading. Little Miss Carolyn Wells and Master Barry McPhee Jr., accompanied by Mrs. Barry McPhee, presented several Spanish dances and two clever song and dance numbers.

Installation of officers was conducted by Miss Turner, outgoing president, who administered the oath of office to Miss Ruth Crowl, president; Miss Evelyn Furtsch, vice president; Miss Marian Brownridge, secretary, and Miss Margaret Cox, treasurer. Each new officer was presented with a corsage. In appreciation of the work done by Miss Zena Leck for the association this year, a gift was presented her. Miss Leck then gave out letters, the script "S" being won by Miss Rowena Blocker. The block "S" was presented to the Misses Susana Alexander, Barbara Copeland, Florence Turner, Margaret Cox, Ruth Crowl, Elizabeth Downie, Helen Harper, Margaret Hoefner, Virginia Hopper and Frances Miller.

In arranging details for the successful affair, Miss Turner was assisted by the Misses Dorothy Tedford, Alta Fisher, Charlotte Richards, Frances Curl and Marian Brownridge.

Poly Hi Upper Classmen Are Anticipating Senior Prom

With Santa Ana High school seniors as hosts and members of the junior class as their guests, the Senior Prom to be staged in Andrews gymnasium tonight at 8:30 o'clock, promises to be one of the most pleasant social events of the school year.

A call for flowers to be used in decorations was sent out over a week ago, and response on the part of amateur gardeners of the city has been quite generous. Members of the committee today reminded those who have flowers they might wish to donate, that a telephone call left at the high school, together with the address, where such flowers might be obtained, would meet with appreciative response on the part of the decorating committee. To Bob Spurgeon and his committee has been entrusted the responsibility of decorating, according to Bob Mitchell, general chairman. Entertainment in addition to the dancing, will be under the direction of Weston Sprague.

This will include bridge, pingpong and other games, tables for which will be placed in the small gymnasium, with prizes for winners in various events. Dancing in Andrews gymnasium will be to music furnished by Carleton Smith's orchestra. In the intermission there will be additional entertainment by youthful pupils of dancing schools of the city.

You and your friends

The recent Knights of Columbus convention held at St. Mary's college in the Marago valley, was attended by a group from this city including Mr. and Mrs. Clyde H. Ashen and Herbert Huelskamp. They made the trip with Mr. and Mrs. Roland Collett of Redondo Beach, until recently residents of Santa Ana. The group visited the Yosemite before returning home a few days ago.

Mrs. Alta Cook, 1920 North Ross street, has returned from Berkeley, where she attended the graduation of her son, Lyle Cook, from the University of California, and saw him admitted to the California bar.

Mrs. Harry E. Zaiser who has been quite ill for the past week is now well on the road to recovery, and is able to be up part of each day at her home at Orange County hospital where Dr. Zaiser is superintendent.

Mrs. Sarah Alford, president of Shiloh Circle Ladies of the G. A. R., returned yesterday to her home, 721 Kilson drive, from attendance at the departmental convention of the G. A. R. and allied patriotic organizations, held in Berkeley. Mrs. Alford will give her reports on convention sessions at the next meeting of Shiloh Circle. Next year's departmental convention will be held in Long Beach.

Mrs. Albert Harvey and small son, John Albert Harvey III, of 1314 South Parton street, left Monday by steamer for Seattle, to spend the summer with the former's parents, Colonel and Mrs. W. B. Greeley. This was to be Mrs. Harvey's first visit home with her infant son, the first grandchild of Colonel and Mrs. Greeley. Mr. Harvey plans to join them for his vacation in the late summer, the little family returning to Santa Ana together.

Word from J. H. Shaw, 714 West Eighth street, was that he was resting comfortably today from the effects of an emergency operation which he underwent yesterday morning in St. Joseph's hospital. He was taken suddenly ill on Saturday, and the operation was decided upon yesterday.

Student Recital

Mrs. Eyerly's Class

Richland Avenue M. E. church, graced with flowers and crowded with friends, was the scene of a recent recital in which piano pupils of Marie Stanton Eyerly were highly praised for the program illustrating the careful training received at the hands of their instructor.

Each young musician played from two to four numbers, and several appeared in duet selections, including Ralph Tippin, who played "Comrades," by Rolfe, with Mrs. Eyerly; Donna Baker and Ruth Hawley, playing "Salute to the Colors," by Anthony; Richard and Stewart Gibson, playing "The Peacock," by Schiller, and a fine piano and pipe organ diet, Wilson's "Shepherd Boy," with Ruth Hawley at the piano and Mrs. Eyerly at the organ.

Richard Gibson opened the program with two piano solos, "In Camp" and "The Harp." Other young pianists were Maxine Kauffman, playing "Bessie Polka," "London Bridge" and "Lilacs"; LaVonne Wells, playing "Drifting," "Sou'wester" and "Christmas Bells"; Stewart Gibson, playing "Haste, Merry Mill Stream," "On Roller Skates" and "Summer Days."

Billy Gulley played "Sweet Flowers," "Band Is Playing" and "Boys in Blue"; Ruth Hawley played Beethoven's "Minuet in G," "Blue Danube" and "Sweet Bye and Bye"; Ralph Tippin played "Billy," "Waltz of the Snowflakes" and "Jolly Darkies," and Donna Baker played a Chopin waltz, "Japanese Intermezzo," and MacDowell's "To a Wild Rose."

At the close of the program the Rev. O. W. Reinius, pastor of the church, talked briefly on music appreciation, and congratulated the young people and their teacher. A phase of the program that made it especially interesting was the demonstration given by each young pianist, in turn, of constructive scales, chords and arpeggios.

Mrs. E. G. Warner and the Misses Marcelle Shanfelt, Mary Ann Lucas and Norman Smith assisted in receiving guests and ushering them to their seats.

Local Couple United at Quiet Church Ceremony

A quiet marriage ceremony of Wednesday morning, May 24, in the First Christian church served to unite a popular young couple of this city, Miss Dorothy Delores Dennis, daughter of Mr. and Mrs. G. B. Dennis, 819 West Fourth street, and Claude Williams, son of Mr. and Mrs. Lawrence Williams, 714 South Sycamore street.

Mrs. T. L. Bramlette of Hollywood and the mothers of the bride and bridegroom, Mrs. Dennis and Mrs. Williams, were the only attendants at the service, read by the Rev. W. S. Buchanan, pastor of the church.

Miss Dennis was very lovely in a smart white ensemble, with which she wore harmonizing accessories. Her corsage bouquet was of roses and lillies of the valley.

Immediately after the rites the new Mr. and Mrs. Williams left for a short honeymoon trip to Agua Caliente and other Southland points of interest, with plans to return soon to establish their home here at 1051 West Eighth street. The couple became acquainted when both were attending Santa Ana Junior college. The bride is a graduate of Hollywood high school.

Mr. Williams is owner and proprietor of a service station at First and Main streets.

Daughters of Veterans

Through reports of the recent G. A. R. encampment held at Berkeley, given Tuesday afternoon at a meeting of Sarah A. Rounds' tent, Daughters of Union Veterans, members learned that their president, Mrs. Rowena Grout, had been named delegate to the national convention to be held at St. Paul in September. Mrs. Nellie Parker gave the official convention report.

General plans were made for a father and daughter luncheon to be held Tuesday, June 27, at noon.

Daughters were reminded to meet Sunday morning at 10:30 o'clock at the United Presbyterian church, corner of Sixth and Bush streets, to form a flag line for members of the patriotic orders attending Memorial services.

Members of the tent are to meet Monday afternoon at 2 o'clock with Mrs. J. R. Moore, 424 West Second street, to make bouquets for distribution at the cemetery on May 30.

During the business session, it was reported that 31 calls had been made and 57 bouquets distributed during the past several days.

Eastern Star

Initiation of two new members, Betty Ruth Milner and Frances Trine, took place Monday evening at a meeting of Santa Ana chapter, O. E. S., held in Masonic temple. Mrs. Jennie Shipe and R. L. Spaugh, worthy matron and patron, presided over the session.

In the second floor dining room refreshments were served by a committee composed of Adele Schwarm, Caroline Good, Josephine Good and Catherine Good.

Garden Bridge Party Promises to Draw Many Guests

Ebell Fifth Household Economics section members have outlined such delightful plans for the garden bridge which they are presenting next Monday afternoon at the home of Dr. and Mrs. D. A. Harwood, 2467 Riverside drive, that it seems as though response would be so enthusiastic that the resultant crowd on pleasure bent, would tax even the spaciousness of this beautiful garden.

Mrs. Harwood, Mrs. Severin Schulte and Miss Clara Richards comprise the hostess committee directly responsible for the party plans, but each of the 24 members is active in furthering all arrangements for a successful afternoon.

Tables for both auction and contract bridge will be placed about the garden, with prizes to be awarded in both events. Emphasis has been placed upon the beauty of the surroundings, one enthusiastic guest-elect, declaring that it would be worth the nominal ticket charge, just to see Mrs. Harwood's rose arbor, flaming with Paul's scarlet roses.

Playing is scheduled to begin promptly at 2 o'clock, so guests must arrange to be there promptly. Many reservations are being made through the hostess trio and through section members in general, and an interesting phase has developed through enterprising women reserving tables in groups at which to entertain parties of friends. This scheme is proving quite popular, and section members felt that perhaps others might like to follow the plan.

Motorists Return From Trip Into Oregon

Mr. and Mrs. George W. Bond have returned to their home, 507 East Myrtle street, from a fortnight's automobile trip which took them as far north as Eugene, Ore. They were accompanied as far as San Francisco by their son and daughter-in-law, and Mrs. Clarence Bond, 2019 Victoria drive, who returned home by boat.

Mr. and Mrs. George W. Bond continued from San Francisco through the redwood country, crossing to Grant's Pass and from there to Eugene, where they enjoyed meeting old friends of Newport, Ore. Their return to the Southland was by the inland route, the entire trip giving them a comprehensive view of coastal plains, mountains and rolling hills just now at the loveliest season of the year.

Announcements

St. Joseph's P.-T. A. will meet tomorrow afternoon at 2:30 o'clock in the school annex.

The meeting of Sycamore Rebekah lodge Saturday evening in I. O. O. F. hall will begin with a covered dish dinner to be served at 6:30 o'clock.

Third Travel section members of Ebell society were reminded today that their meeting for tomorrow afternoon will begin at 2 o'clock in the clubhouse lounge, with the program scheduled to begin promptly at 2:15 o'clock to precede the business session. Miss Preble Drake is in charge of a program on North Africa. Calvin Flint will be guest speaker.

This season's dancing parties for Santa Ana Country club members are to be climaxed tomorrow evening when an informal sports dance will be held at 9:30 o'clock in the clubhouse. Hosts will be Mr. and Mrs. George Baker and Mr. and Mrs. Paul Wallace. Excellent music is promised for the gala occasion, which will be the last of its kind until sometime next fall. An unusually large attendance of members is expected.

Girls' Ebell society will meet tomorrow afternoon at 3:15 o'clock with Miss Janet Hollingsworth, 2442 Riverside drive.

ANN MEREDITH'S MIXING BOWL

EAT AND GROW SLIM

Breakfast

1 baked apple, or,
Dish of apple sauce
1 coddled egg
2 thin slices bran bread toast
1 teaspoon butter for toast
1 cup coffee with 1-4 cup hot skim milk, no sugar.
Calory total, 395.

• • •

Baked apple or apple sauce for a reducing diet must be cooked minus sugar, but that doesn't say that it must be eaten in this unpalatable state. For the baked apple allow 1 teaspoon of sugar, and for 5 tablespoonfuls of the sauce allow 2 teaspoons of sugar. No cream is permitted with the baked apple.

• • •

To coddle an egg bring a small vessel of water to a rapid boil, draw off the fire and put in the egg. Cover closely and let stand 10 minutes. The white will be delicately jelled and the yolk eatable.

• • •

Some weeks ago I told you how to cut down the oil content of mayonnaise by using buttermilk. I wonder if anyone tried the idea and liked it well enough to save the recipe? It appeals to me because the fat calories in the mayonnaise are so notably decreased.

Make the mayonnaise just as you always do, only use more egg yolk . . . about 3 extra yolks to 2 whole eggs for 2 quarts of mayonnaise. Have bowl, whipper, oil, eggs and vinegar thoroughly chilled. Mix eggs with a little mustard pinch of salt and sugar, start dripping the oil carefully until the dressing thickens, then alternate oil and vinegar until a quart of oil has been used. At this stage begin using the buttermilk, very carefully, adding a tiny bit of oil occasionally. With care almost a quart of buttermilk can be worked in.

• • •

Here is something to think about: 1 tablespoonful of oil mayonnaise holds 100 fat calories. Buttermilk mayonnaise has but 50 calories. With summer salads high in favor this fat-reduced mayonnaise is a real boon to men and women who gain too easily.

TODAY'S RECIPE

Macaroni Baked With Peanut Butter, Cheese and Crumbs

1 cup uncooked macaroni
2 cups milk
1 tablespoon cornstarch
4 tablespoons peanut butter
1-2 cup grated cheese
1-2 cup buttered crumbs
Salt and pepper

This fine luncheon dish fills up hungry youngsters like magic. Indeed, it's so good it might very nicely be the main dish at dinner with green vegetables.

• • •

Cook the marcaroni in salted boiling water 20 minutes, strain and rinse in cold water, then put in a buttered baking dish, a shallow one, please heat the milk, adding the peanut butter to it while heating. When smooth thicken slightly with the cornstarch, season, and stir through the macaroni.

Mix crumbs and grated cheese and cover the top thickly. Bake about 40 minutes in a medium oven.

• • •

There are 1800 calories in the macaroni dish and enough for six hungry people. Tissue-builders and energy-makers are about "even-Stephen in this case.

• • •

Friday: Corn and Tomato Bisque, or, cream soup if you like that better.

PROOF THAT NEW FACE POWDER WON'T MAKE BLOTCHES

Many face powders are made out of cosmetics which darken when the oil in the perspiration strikes them.

Perspiration comes out through the openings of your pores and the oil along with it. Every pore which is giving out oil is darkening the powder around the opening of the pores. Thus you have dark spots around the pores and white spots between them, making an ugly, dobby face of blotches, especially on the nose.

The new Mello-glo Face Powder contains none of these inferior cosmetics which are so easily darkened by the oil in your perspiration. Prove it for yourself. Powder one side of your nose with another powder. Powder the other side with the new Mello-glo. In five minutes, let your mirror give you the answer.

We challenge the world to produce a finer and more luxurious face powder than the new Mello-glo. The new Mello-glo formula is the formula used by the most exclusive cosmeticians in New York and Paris.

You don't buy face powder to make your face look dobby and blotchy. Therefore, do not waste your money on powders that you are not sure of. Ask for Mello-glo Face Powder by name. Look for the name Mello-glo Face Powder on the gold box. Refuse the unfair offer of "something just as good," which may blotch your face. Ask for Mello-glo by name and get it. 50c and $1. Tax free.

Retired Officer Advocates Naval Base At Seal Beach

NEED OF DRY DOCK TOLD AT CLUB SESSION

ORANGE, May 25.—A saving of between $2,000,000 and $3,000,000 would accrue from the location of a naval base at Seal Beach, declared Commander J. F. Daniels, retired United States naval officer and a former member of the staff of Admiral Sims, at a meeting of the Lions club yesterday.

Commander Daniels, who served 31 years in the navy before retiring 10 years ago, believes that an ideal spot for establishing a base and dry dock would be along the lowlands at Seal Beach where, he declares, a harbor could be scooped out as was San Pedro harbor. The speaker pointed out that much the same condition existed at San Pedro as exists at Seal Beach before the former harbor was built.

Breakwater Needed

If the federal government could be persuaded to build a breakwater it would be of material assistance in forming such a base, said the naval officer. Something better should be evolved for the fleet, than anchoring ships out at sea and transporting 10,000 men, half of the force, to and from the ships daily, the speaker said.

The trips cost approximately five cents each way, or an aggregate of $360,000 a year. Adding to this sum the money spent in taking supplies to the fleet and other transportation costs, the sum per year for keeping the fleet in the oceans totals in the millions, he stated.

The speaker outlined a plan for a circular dock with finger slips for warships. Water lines and gas lines could be connected directly with the vessels and when voyages were ended expenses would cease. Low pressure steam could be secured from shore steam plants for the entire fleet as could electric power, said the commander, as he called attention to the fact that if each household maintained its own power plant the expense would be enormous, as it is when each ship must maintain its own power producing equipment.

Few changes have been made in the matter of anchoring ships since the days of Drake and Nelson, the naval officer declared. An additional advantage to be gained by the plan would be that each ship would be equi-distant from the flagship.

One Pacific Base

At present there is one naval base on the Pacific coast, that at Puget Sound, said Commander Daniels, and four on the Atlantic coast. Ships going into drydock now must travel 2000 miles and be separated from the fleet for a period of months, it was pointed out.

Reasons for delay in the project were cited by the speaker as an unawakened interest in the public and indifference of Los Angeles county people and press toward the project. The latter county would be extremely interested, he declared, if the location selected were within the confines of that county. There is no room in an industrial development like San Pedro for a naval base, said Commander Daniels.

Tells of Travels

In opening his talk, Commander Daniels gave a humorous resume of several years as a commander of a school ship for cadets of the merchant marine and of a trip to Spain, France, Italy and Portugal with 75 live young Americans who were "rarin' to go" at every possible opportunity. He told also of visiting every port in the world and of seeing a part of Italy in company with Thomas Nelson Page.

Capt. Al Wunderlich was program chairman and introduced the speaker.

LUNCHEON HELD BY MEMBERS OF CLUB SECTIONS

ORANGE, May 25.—Members of the Second Economics section of the Orange Woman's club were hostesses to members of the First and third Economic sections Tuesday at a 1 o'clock demonstration luncheon at the Woman's clubhouse. C. E. Short furnished the prizes given at the close of the luncheon and the talk of the afternoon was made by Nina G. Abbey of the educational department of the Southern California-Arizona Association of Ice industries.

Mrs. Abbey told of correct ways of making and serving cocktails and made a cocktail of cantaloupe and orange juice. Gelatin salad may be made and set in 30 minutes, she said, by using one-half the amount of liquid specified and by substituting cracked ice for the other half.

The demonstrator made Cecil Brunner roses from cream cheese slightly thickened with flour and colored to decorate the salad. A sandwich loaf was made of layers of hard boiled eggs, sweet pickles, a layer of pimiento cheese, one of avocados and deviled ham and the whole frosted with white cream cheese. This she cut for sandwiches.

Prizes were awarded to Mrs. George Bartley, Mrs. Seth Perkins, Mrs. Nellie Ainsworth, Mrs. George Curtis and Mrs. E. M. Chapman. Mrs. Abbey was accompanied by Mrs. Ann Crownover, of Pasadena.

The second section will hold its regular meeting and luncheon at the clubhouse June 13.

NEW OFFICERS MAPLE STREET P.-T. A. INSTALLED AT FINAL GATHERING OF SCHOOL TERM

ORANGE, May 25.—Officers for the Maple street P.-T. A. were installed yesterday by Mrs. W. E. R. Crawford, of Santa Ana, program chairman of the Fourth District, when the organization held its final session for the present year. The following officers were installed: President, Mrs. Kenneth King; vice president, Mrs. J. N. Livernash; secretary, Mrs. L. G. Holman; treasurer, Mrs. John Erickson; parliamentarian, Mrs. C. E Wood; historian, Mrs. B. D. Stanley.

Mrs. Livernash will serve as program chairman for the coming year; Mrs. T. H. Elijah as membership chairman; Mrs. C. A. Palmer, hospitality; Mrs. Verne Estes, standard; Mrs. D. V. Rothenberger, publicity; Mrs. John Erickson, finance and budget; Mrs. Sanford Cole, art.

At the close of the meeting, Mrs. Iva Lee, principal of the school, was presented with a basket of flowers and the other teachers with handsome corsages. They were Vearle R. Chambers, Ruthe E. Chase, Helen E. Lush, Eva M. Stration and Floy P. Wilber.

The speaker of the afternoon was Mrs. A. M. Robinson, of Tustin, who spoke on "The Child's Right to Understanding." Reports of chairmen of committees for the year were given by Mrs. E. G. Smith, program; Mrs. C. E. Wood, membership; Mrs. Verne Estes, hospitality; Mrs. E. S. Ross, publicity; Mrs. C. E. Short, standard; and Mrs. J. N. Livernash, summer-round-up, and Mrs. B. D. Stanley, historian. Mrs. Smith was extended the thanks of the association for the interesting programs which she had planned throughout the year.

Mrs. King gave a resume of the activities of the association which she will give at a school of instruction to be held by the district at Irvine park June 2.

Tea and cookies were served by the hostess commitee, Mrs. Sanford Cole, Mrs. C. A. Palmer, Mrs. A. D. Burkett, Mrs. L. G. Holman and Mrs. E. S. Ross.

MRS. McDONALD IN NEW W. R. C. OFFICE

ORANGE, May 25.—Holding their monthly special meeting Tuesday afternoon in the home of Mrs. Mamie Higgins, North Lemon street, members of Orange W. R. Miss Anna Muffleman, a former resident of this city, who has been living in Los Angeles for the past three years, has re-established her residence in Orange at 610 South Grand street.

THERE'S no secret to it. Just a bit of this, and a dash of that, and fill your glass to the brim with Canada Dry.

But it's really important to use The Champagne of Ginger Ales in a long, tall drink. For Canada Dry doesn't merely mix . . . it blends! And that makes all the difference in the world!

Just try it! Even the ice seems to tinkle more musically. Deep down there's a gleam of frosted gold and a gay parade of crystal bubbles you see only when the drink *is* made with Canada Dry. And what other beverage ever had such a bouquet . . . such tangy zest?

We could give you plenty of reasons for all this. Tell you about our special process of carbonation; about the care we take with our ginger; about our secret formula; about the perfect balance. But what's the use? Your first sip of a long, tall drink made with Canada Dry will do all this . . . and more! It's a treat no one can describe. And of course it's delightful just by itself!

BIG BOTTLE ONLY 20c

(Plus 5c returnable bottle deposit)

Not just a large bottle but a BIG 28-ounce bottle making from 5 to 8 tall drinks. Canada Dry is also available in the regular 12-ounce size.

THE TINYMITES

STORY by HAL COCHRAN—PICTURES by KING

The ladder that the Tinies made against the monstrous tree was laid. The big woodpecker eyed it, but kept pecking at the tree.

Said Dotty, "My, that bird is smart. His pecking is a work of art. I'll bet he knows he's making a fine little home for me."

"Me, too," cried Goldy. "Don't forget, that when the tree house is all set, we two are going to share it. It will be our home, sweet home.

"Now, if a wild wind comes along, 'twill be all right. The house it strong. We'll never find a safer one, no matter where we roam."

* * *

Then Scouty shouted, "Look! It's done! The bird has had a lot of fun. I wish that he would come down here and let us pet his head."

The bird, however, flew away. The bunch then heard wee Coppy say, "It's getting dark. I think it's time for me to go to bed."

"That suits me fine," said Goldy. "Gee, here's where I climb up in the tree." The Tinies held the ladder, so the two girls wouldn't fall.

"Oh, what a fine place," Dotty cried. "It's really nice and warm inside." "Good night," said Scouty. "Get up in the morning, when we call."

* * *

The balance of the Tinies went right over to their little tent. It wasn't long until they all were sleeping very sound.

The long night drifted into day, and then the lads heard Windy say, "Get up! I have some bad news. I've been out to look around.

"The girls are missing from their house. I sneaked up, quiet as a mouse, but they were gone. It's somethi hat I cannot understand."

"All of the Tinies rushed outside and, very shortly, Scouty cried, "Hey, somebody has been here. There a re footprints on the sand." (Copyright, 1933, NEA Service, Inc.)

(The Tinies start out to find Goldy and Dotty in the next story.)

Placentia High School Petitions Presented Friday

NEW PROJECT GIVEN BACKING OF 800 SIGNERS

PLACENTIA, May 25.—The petitions asking for withdrawal of the Placentia Union grammar school district from the Fullerton Union high school district are to be filed tomorrow, if plans of the citizens handling the petitions carry.

A group of interested taxpayers has been working for several weeks on circulation of the petitions, which now bear more than 800 signatures. There are more than 1400 voters in the union district.

The petitions will be filed with the county superintendent of public instruction, Ray Adkinson, who by law is allowed 20 days to verify the signatures, and who then sends them to the state board of education. The state board then sets a hearing, and if it approves the withdrawal, after hearing both sides of the case, sets an election.

Cypress Girl To Marry Saturday

CYPRESS, May 25.—Miss Bernadine Bettendorf, popular Cypress girl, will become the bride of John Wollenman of Anaheim at St. Mary's Catholic church in Fullerton Saturday morning. The romance of the young couple started six years ago in the Anaheim Union High school from which they graduated with the class of 1930. For the past few years Miss Bettendorf has been teacher in the Buttree School of Music in Anaheim.

After a wedding breakfast at the home of the bride's parents, Mr. and Mrs. Nicholas Bettendorf, the newlyweds will leave on a honeymoon trip through Northern California. On returning they will make their home in Fullerton.

Begin Rehearsal For School Play

OCEANVIEW, May 25. — Rehearsals are under way on the play the eighth grade class will present in June. The date has not been set.

The class has elected officers as follows: Newell Honeycutt, president; Cuzuko Furuta, vice president; Jim Sakamoto, secretary and treasurer.

Dark coats and flannels are to be worn by the boys for commencement on the evening of June 16, while the girls have chosen white dresses and accessories as their commencement costumes.

Check on the Stanford achievement test brought to light that one 13-year-old girl of the school showed a 17 1-2-year-old mentality ability.

80 Present For Dinner at Beach

NEWPORT BEACH, May 25.—Executives of the Red and White stores of Orange county and their wives and salesmen, numbering 80 people, met this week in the main auditorium of Christ Church by the Sea for their bimonthly social time. An interesting talking picture was the main part of the evening's program. The meeting was held here on the invitation of the local Red and White grocers, Charles Way and A. S. Thompson. A fish dinner was served by the Newport Beach circle of the local Woman's Aid society. The auditorium was beautifully decorated in red and white.

Women of the circle in charge of the kitchen were Mrs. A. S. Thompson, Mrs. J. A. Bodeman, Mrs. J. L. Berry, Mrs. Dallas Blue, Mrs. E. S. Winchel and Mrs. Albert Smith. In charge in the dining room were Mrs. Caroline Fischer and Miss Marguerite Way. Waitresses were the Misses Jean Louise Bodeman, Patricia Torrance, Dorothy Blue and Jeanette Wells. Mrs. Ida Nylor and Miss Marguerite Way were in the reception line.

Scouts Preparing For County Event

WESTMINSTER, May 25.—With the camporal for Boy Scouts of the county set for June 2, at the Limestone camp, the 15 acres donated last year by James Irvine to Scouts for camping purposes, one patrol of the local troop, the Midway City group, is holding practice for the event.

One practice camp was made over night this week by this troop of which Bill Clinton is patrol leader, the group going to the ranch operated by Armand Heil near Huntington Beach.

Scouts of the local troop are spending their spare time working on the Scouts cabin.

NEW MARKET SCHEDULED AT LAGUNA BEACH

LAGUNA BEACH, May 25. — With the opening Friday of Van's Food market, in the Hofer building, which forms an "L" around the corner of Coast boulevard and Ocean avenue, three important business changes will have been made this week.

The stock and fixtures of the Continental stores, 223 Forest avenue, were sold to Loyd Acord, of Orange, who has joined O. G. Rains, proprietor of the meat market and George Ais, owner of the fruit and vegetable business at that address, in a working agreement under the name Laguna market.

The space occupied by the Food shop at 241 Forest avenue has been doubled by knocking out the wall between that building and the one adjoining, occupied by the Harris bakery. The entire front of the double store room has been opened. Glenn B. Teter, proprietor of the meat market, has moved his show cases to the far wall of the old bakery and the bakery has moved to the far wall of the Food shop. Jones and Nosler, fruit and vegetable dealers, are occupying the space in the front central part of the enlarged store. Emma Jane Pence's grocery store has the entire space at the rear of the market proper. Behind the shelves of the grocery store ample room is left for the baking ovens, the big refrigerator and for storage. The design for the reconstruction was made by Manfred De Ahna of this city.

Van's Food market will have the largest floor space ever occupied by a similar business in the city. V. J. Anderson, of Santa Ana, has the contract for the reconstruction of the building. The grocery department will occupy a huge space on the wall perpendicular to Ocean avenue. The Harris bakery will have a department on the Ocean avenue side. Henry Schmidt will have the meat market along the wall running perpendicular to Coast boulevard; also the delicatessen department. Charles Barron will have the fruit and vegetable business. The stand will front on the main entrance on Coast boulevard.

New Residents For Midway City

MIDWAY CITY, May 25.—Several new residents have moved to Midway City this week, among them being the A. N. Smalley family, formerly of Midway City and now moving from Oceanview to the Central Memorial Park property on First street, last occupied by Mr. and Mrs. McLaughlin.

J. Hutchins, who is with the Edison company, has moved his family to 175 Jefferson street, the house formerly occupied by Mr. and Mrs. William Frazier ,and owned by Mrs. Hazen, of Los Angeles.

The DeBrees family from near Huntington Beach has taken the house at 308 Van Buren street recently vacated by the Branni family, now of Long Beach. Mr. DeBrees is an employe of the Superior Oil company at Huntington Beach.

Fish Warden For Newport Section

NEWPORT BEACH, May 25.—Indicating the importance of the Orange county coast line from a fishing standpoint, T. W. Schilling, fish warden, has been stationed here by the State Fish and Game division, it was learned today.

Schilling will have charge of the coast line from Seal Beach to Oceanside in San Diego county, it was stated, including the fishing centers at Laguna, San Clemente, Capistrano Beach, Huntington Beach and the Newport Harbor district.

This is the first time a fish warden has been stationed in this vicinity, and Schilling stated that the division is anxious to cooperate with local agencies in the protection of the fishing resources of the state.

Glad She Lost 22 Lbs. of Fat

"When I started to use Kruschen Salts I weighed 153 and now with my 3rd bottle I weigh 131 pounds without any harm done. Thanks to Kruschen. I like it because it doesn't weaken me as some other salts I had taken. I have lost 3 pounds in one week and haven't starved a single moment." Libbie J. Lahut, Parma, Ohio (Dec. 6, 1932).

Once a day take Kruschen Salts—one half teaspoonful in a glass of hot water first thing every morning. Besides losing ugly fat SAFELY, you'll gain in health and physical attractiveness — constipation, gas and acidity will cease to bother — you'll feel younger—more active—full of ambition—clear skin—sparkling eyes.

A jar that lasts 4 weeks costs but a trifle at McCoy Drug Co., 2 stores, or any drug store in the world—but demand and get Kruschen and if one bottle doesn't joyfully please you — money back.—Adv.

PLUME RESIGNS PLACE ON SAN CLEMENTE CITY BOARD

SAN CLEMENTE, May 25. — Councilman Robert C. Plume turned in his resignation yesterday afternoon as a member of the city council to take effect at the next regular meeting on June 2.

Plume states that he advised the council some months past that it would be necessary for him to take this step on account of the requirement that he spend a large part of his time in the future in Glendale, where he has business interests and that he has stayed on longer than he should in order to complete the installation of the new water system, as he held the position of water commissioner on the council.

Plume will remain here until after the special council meeting called for tomorrow afternoon, then will be absent for a period of a week or more making necessary repairs on a house in Eagle Rock.

This makes the second resignation from the council in a week, H. H. Cotton having resigned last Friday.

LA HABRA W. R. C. PLANNING DINNER

LA HABRA, May 25.—Those from La Habra who attended the all day meeting of Federation No. 1 of the Woman's Relief corps at Fullerton were Mrs. Minnie Williams, Mrs. Robert E. Carey, Mrs. Lida Selden, Mrs. Anna C. Launer, Mrs. Milton Keeler, Mrs. Joe E. Strupp, Mrs. Maude Adcock, Mrs. Mae Delacour, Mrs. Charles E. Trent and Mrs. Sarah Elder.

The next federation meeting will be held in Whittier July 24.

Plans were made by the La Habra W. R. C. for a mother and daughter banquet to be held in the near future, no definite date being set. Mrs. M. C. Fiscus was appointed chairman of this affair.

The members plan to take part in the Memorial day services at Loma Vista cemetery and to attend the Baptist church in a body May 28 for the memorial services there at the special invitation of the pastor, the Rev. T. C. Jordan.

Sign Affidavits On Newport Fish

NEWPORT BEACH, May 25.—Affidavits were being prepared today in connection with the world-record, 692-pound marlin swordfish caught off Balboa August 18, 1931, by Alfonse Hamann, who had the giant fish preserved and will exhibit it at the Century of Progress exposition at Chicago this summer.

M. S. Robinson, harbor master, who was president of the Balboa Angling club when the fish was caught and registered at the club's weigh scales; W. S. Smith jr., who was the club's weighmaster at the same time; J. M. Cooper, fish dealer, who weighed it at another scale; Capt. Harry Rider, operator of the boat from which the fish was caught, and Hamann himself made affidavits as to its weight and other particulars.

DRY FORCES OF LA HABRA FORM ORGANIZATION

LA HABRA, May 25.—Formation of the United Dry organization took place following a meeting of the Methodist brotherhood Tuesday evening at the Social hall. Officers of the organization are Ross N. Hodson, chairman; Paul M. Thornton, vice president; J. A. Scofield, assistant chairman, and the Rev. A. M. Blackmon, secretary.

Other members of an executive board will be representatives to be chosen by each church to represent them in the organization.

The petition presented to the city last week by business men asking the city council to either pass an ordinance allowing the sale of 3.2 beverages or to call an election of the people for their decision on the question, was brought up at this meeting and the petition with the names signed thereon was read. It was decided by the members that they would pledge themselves to support only the dry merchants, those who did not sign the petition. A vote of commendation was also ordered sent to Councilmen H. A. Randall and Mayor John T. Knudson, for their "no" vote at the council meeting at which the election on the subject was called for June 17.

A second meeting will be held at 7:30 p. m. Saturday night in the Methodist league room and all interested in the work are invited to attend. The purpose of the meeting will be to organize workers for the coming elections on the beer proposition.

Gillord Gordon, Australian orator, addressed the Brotherhood.

Mr. Gordon was sent to the United States by his government to study and investigate the effect of the 18th amendment and the conditions of prohibition in America since its passage. He has travelled 30,000 miles in the United States and 5000 miles in Canada studying liquor conditions.

When the United States passed the amendment, he said, it was one of the greatest moral achievements and was of vast interest to other countries of the world, who thought it could not be done. Although the Canadian government has control of its liquors, there is a large increase there of crime and bootlegging, he stated.

The Brotherhood meeting was well attended and a 6:30 dinner was served 125 guests preceding the program of the evening, which included Mr. Gordon's talk. The H. E. Hains orchestra of La Habra furnished musical numbers during the dinner.

A nominating committee was selected and officers will be elected at the next meeting to be held in June. Members of the nominating committee are Edgar Luehm, L. E. Proud, J. A. Scofield.

All teachers will remain at Orangethorpe school next year.

WAKE UP YOUR LIVER BILE— WITHOUT CALOMEL

And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.

It takes those good, old CARTER'S LITTLE LIVER PILLS to get these two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely.

But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Resent a substitute. 25c at all stores. © 1931 C. M. Co.

CHANGE TIME FOR FARM DISCUSSIONS

At 8 o'clock tonight KREG will put on the air the last broadcast of "Farm Flashes" presented under the auspices of United States Department of Agriculture and the Agricultural Extension Service of the state university. In the future these programs will be on the air at 12:30 p. m. daily.

Tonight's broadcast will continue the discussion of parity in the Farm Act and its two important proposals. Tomorrow's broadcast will include an explanation of the origin of the surpluses that have helped throttle farm purchasing power. This explanation will be given by federal and state officers.

BING CROSBY TO BE PROGRAM STAR

Bing Crosby will be the featured artist tonight on the "Tiernan Typewriter Tempos" scheduled for 6:15 over radio KREG.

Among the numbers the featured crooner will sing during the presentation by electrical recording will be "Please," "Paradise," "You're Still in My Heart" and "Waltzing in a Dream."

The broadcast tonight will tell of the opening of additional quarters for the Tiernan Typewriter company.

KREG NOTES

Alexander Kirkland will reveal intimate details of the thrilling experience he and Ann Harding encountered when their boat capsized recently off the Cuban coast, when he is presented by Raymond Paige in an interview with Eleanor Barnes, as a highlight of "California Melodies," 6:15 to 6:45 tonight, over KHJ.

"An American Memorial Bouquet" is the title of the current Inglewood park concert, 7 to 7:30 tonight, over KHJ. Frederick Stark, eminent German-American conductor, has lined up a particularly attractive program paying tribute to Memorial day.

Georges Enesco's "Roumanian Rhapsody" will be the principal work which Alfred Hertz will present to the Standard Symphony Hour over an NBC network including KFI at 9 o'clock tonight. Two prominent French composers also are represented in this concert program—Saint-Saens with the "March Militaire" from his "Suite Algerienne" and Prelude to "Le Deluge" and Chabrier with his celebrated "Espana Rhapsody."

FRIDAY

Concluding a series of three programs in connection with the National Congress of Parents and Teachers, now in session in Seattle, Wash., two speakers will be heard over an NBC network including KECA and KFSD between 1:15 and 1:30 p. m. tomorrow. Mrs. B. F. Langworthy, first vice president of the National Congress, will talk on "Children and the Radio." Miss Marion L. Telford, field secretary of the National Safety Council, will discuss "Are You Fit to Drive a Car?"

ROUND TABLE HAS MEET WEDNESDAY

ANAHEIM, May 25.—Following a policy of having the chairman of each week's program act as presiding officer the latest club in the city, the Anaheim Round Table club, met yesterday noon at the Elks' clubhouse for an impromptu program presided over by Thomas McFadden.

Paul Tedrick was elected permanent secretary. Those who attend the first three meetings of the organization will become charter members it was decided.

Those present yesterday were Thomas McFadden, Paul Tedrick, Joe Henthorne, Leonard Evans, F. A. Yungbluth, J. H. Whitaker, H. H. Benjamin, Dean Love, J. E. Elliott, D. M. Winans, George F. Holden, Dr. Homer Nelson, Evan Alsip, L. H. Loudon, A. P. M. Brown, Harry Macres, Rudolph Boysen, W. M. Martenet jr., Charles Harbeson, Carl Monahan, Ernest Dubois, Jack Burkhardt, William Payne and August Eltiste.

ANAHEIM PERSONALS

ANAHEIM, May 25.—A daughter was born last night to Mr. and Mrs. Howard Casseriel of El Monte. Both mother and child are in the Anaheim sanitarium.

BREAKFASTERS AND GUESTS ENJOY PARTY

Voted as one of the most successful events in the annals of the organization was the fifth anniversary celebration of the Orange County Breakfast club, originally organized as the Santa Ana Breakfast club, held this morning at Campi's cafe, on the Santa Ana-Anaheim highway, attended by close to 200 "Ham and Eggers" and invited guests, including many of the fair sex.

Quantity and quality featured the elaborate entertainment program arranged for the occasion, presided over by Bruce Switzler, first president of the organization, and which included tuneful selections by "Brick" English's famous dance orchestra, snappy songs, and clever dancing numbers.

The program, designated as "Founders' and Ladies' Day" opened with selections by the orchestra followed by the Johnson Sisters "Harmony Trio," featuring the Misses Dee and Iris Johnson and Miss Wanda Prather in several late Broadway hits.

Music and D ncing

They were followed by Pete Apratio who entertained the guests with selections on his De Luxe accordion, and vocal numbers by the "Four Harmony Boys," made up of the Elsner and Rohr brothers.

Making a decided hit with the audience was little Betty Jean Koster, whose clever dancing and singing were well applauded.

Other outstanding number on the program was a vocal splo by Miss Sally Lee Scales, a talented Santa Ana soprano, accompanied by Miss Ruth Armstrong, and a vocal number by Mrs. Walter Kogler, accompanied by Miss Christine Lambert, both of Orange.

A touch of Spanish atmosphere was added to the program by Miss Henrietta Armendariz, of the Santa Ana Junor college, who, dressed in the traditional attire of Seville, appeared in several dancing numbers.

Surprise Number

A surprise number on the program was the appearance of "Gandhi," who carried in a chair by two stalwart followers, was taken to the platform and introduced to the "Ham and Eggers." Though sorely tempted to break his fast by the tempting dishes brought before him, "Gandhi" alias "Skinny" Skervin insisted on keeping his fast.

Receiving what amounted to a small ovation was Miss Evelyn Furtsch, of Tustin, a nationally known sprinter, who is an honorary member of the breakfast club. It was announced that arrangements are being made to send Miss Furtsch to Chicago where she is expected to enter the contests to be staged in connection with the fair.

Others to be singled out for tribute by the club were Mrs. Edith M. Ritter, principal of the Fremont elementary school, also an honorary member, for her welfare work among undernourished children, and D. C. Cianfoni, for his interest in community activities.

SECOND PHASE OF TRIAL IS LAUNCHED

NEW YORK, May 25.—(UP)—The second phase of the government's case against Charles E. Mitchell was under way today with testimony bearing on the sale of stock to W. D. Thornton, president of the Greene Cananea Copper company—a deal on which the banker claimed a $783,000 loss.

The Thornton transaction is similar to that involved in the first count against Mitchell based on an alleged fictitious sale of stock to Mrs. Mitchell. This phase of the prosecution was concluded yesterday after ten days of testimony. The third and final charge is that Mitchell failed to report an income of $666,666 from the National City Management fund.

FLIER FORCED TO LEAP FOR HIS LIFE

HOLLISTER, Calif., May 25.—(UP)—Aviation's Caterpillar club gained a new member here today when Jack Herman, 27, local commercial flier, bailed out of a falling plane at 300 feet and safely descended by parachute.

Herman, a participant in the 1932 national air races, had taken the plane up for a test flight. At 2500 feet he forced it into a spin. Unable to bring the craft out of the spin, Herman clung to the controls until 300 feet above the ground and then abandoned the falling craft for his parachute.

The plane crashed into a field adjoining the airport and was demolished.

Pleads Guilty To Non-Support

Leonard Flint, 30, of Woodland, California, pleaded guilty to a charge of non-support of minor children when he appeared before Judge Kenneth E. Morrison in the Santa Ana justice court yesterday afternoon. Time for pronouncement of judgment was set for May 26 at 9 a. m.

Flint was lodged in the county jail yesterday on the non-support charge. Judge Morrison set his bail at $1000, which was not made and Flint was returned to jail.

NATIONAL WHIRLIGIG

News Behind the News

(Continued from Page 8)

of people. The answer is hooked up with the public works bond issue. Plenty of arguable details about this issue are still unsettled and the federal reserve wants to find out how much assistance it will have to give in that connection before it does any large scale buying of outstanding issues.

So far as authentic inflation is concerned the federal reserve has actually been sitting on the lid to date. All of its activities up to now have been mildly but definitely deflationary. They will be changed soon

* * *

There was a hot inside argument in federal reserve circles before publication of member bank loans, investments and deposits were resumed last week. One school of thought held that the figures were too incomplete to mean anything. Their opponents said the public would begin to suspect there was something to hide if they didn't at least release the figures they had. Carl Snyder of the New York bank belonged to the second group and helped influence the final decision.

MORTGAGE COMPANIES

Mortgage companies have been reprieved from serious trouble by not being allowed to pay out more than they receive. But that hasn't made them any more lenient toward their debtors. Several of them are pushing foreclosures more aggressively than ever. Moreover, in the rare cases where mortgage bondholders have agreed to a reduction of interest the mortgage company has usually taken the benefit itself and refused to pass it on to the original mortgagor.

The situation has aroused plenty of resentment underneath and there may be a public blow-off shortly.

TEACHERS

Influential New York educators have protested vigorously to the National Education association against holding its summer meeting in Chicago. They maintain that Chicago has treated its teachers particularly badly and therefore does not deserve the benefits deriving from the teachers' convention.

The N. E A. officials in turn protested to Chicago officially and the recent part payment to Chicago teachers is attributed to this intervention. The Century of Progress Exhibition will suffer seriously from a teachers' boycott.

There is very good evidence that the teachers are not through applying pressure. The Chicago group is getting sympathetic groups all over the country to adopt resolutions threatening to stay away from the exhibition and urging everyone else to do so.

BRITAIN

Britain's experts view the proposed partial payment of debt installments in silver as a fictitious saving. They argue that the silver would have to be purchased by gold and that American acceptance of silver at a premium of roughly one-third would be offset by the fact that the pound is at a discount of one-third in relation to gold.

FRANCE

Informed New York hears that the French government is dismayed by the loss of confidence in French banks. British banks in France are crowded with depositors while the French ones are empty. Many French citizens evade taxes by hoarding their wealth in private safe deposit boxes in British banks. They cannot legally be forced to declare the contents.

Tax losses on money secreted in orchards and vineyards throughout rural France are estimated at half a billion dollars. Tax cheating has risen to enormous proportions. The report is that only civil servants and a very few business men pay up.

THREE JAILED ON THEFT COUNTS

Three men were lodged in the county jail yesterday afternoon on petty theft charges.

Manuel Terres, 29, Gilbert street, Anaheim, and Manuel Murillo, 19, also of Anaheim, are facing charges of petty theft in connection with the alleged theft of an automobile tire from Walter Paulus of Sunkist avenue, near Olive. Terres was said by officers to have served time in San Quentin.

LeRoy Moore, 48, Long Beach public accountant, was jailed on petty theft charges by sheriff's officers after he had been returned here from Los Angeles in connection with the issuance of several small checks, it was reported.

MERCHANTS GROUP ELECTS MEMBERS

Election of new members and discussion of summer activities featured the directors meting of the Santa Ana Merchants association held yesterday at Ketner's Cafe, presided over by President Walter Swanberger.

New members elected were the Bell Dry Goods company, A. P. Kerth, Nadine Millinery; Ernest Spencer, manager of KREG radio station, and Brooks Clothing company.

VETERANS PLAN SERVICES FOR MEMORIAL DAY

ANAHEIM, May 25.—Paying tribute to the honored dead of all past wars the Memorial day services will again be held in the Anaheim Cemetery on Tuesday, May 30, it was announced this morning by Ray Smith of the American Legion and general chairman.

The first call will be given at the flag pole in the cemetery at 9:55 a. m. and will be followed by the assembly at 10 o'clock. Here the raising of the flag by Anaheim Post 72, troop of Boy Scouts will be given and music to the colors by the Anaheim Bugle corps, American Legion.

FORMER LEADER G.A.R HERE DIES

News of the death of William A. Packard of Los Angeles, a past commander of Sedgwick post, G. A. R., Santa Ana, was received here this morning by friends of the old soldier. The place of funeral services, to be held in Los Angeles on Saturday, could not be learned today.

He passed away last night following an illness occasioned by a recent fall. Although he had not made his home in this city for 20 years, Mr. Packard has many friends here, where he established his home many years ago. He was one of the first music teachers in this community, teaching piano and voice.

Mr. Packard was a past department commander of the G. A. R., and has taken active part in patriotic meetings held throughout the state for many years. Despite his age, he gave vocal solos at recent G. A. R. encampments.

He is survived by his widow, Mrs. Martha Packard, a past president of Sedgwick, W. R. C. of Santa Ana. Mr. Packard held membership in Stanton post No. 200, G. A. R.

MAN ARRESTED FOR DRUNKEN DRIVING

Eldon Ellege, 31, fumigator, who lives at 941 West Bishop street, was arrested yesterday afternoon on a charge of driving an automobile while under the influence of intoxicating liquor by Ray Bradpatrol.

He was booked at the county jail on the charge with Clark Nichols, 21, 619 West Sixtxh street, Santa Ana, who was booked on a drunk charge.

Alex Young, 31, 325 South Claudina street, Anaheim, was brought to the county jail yesterday to serve 12 1-2 days on a liquor charge.

Ramon Gonzales, Delhi barber, was fined $15 on a drunk charge by Judge J. G. Mitchell when he pleaded guilty to the charge in police court this morning. He was allowed to pay the fine at $3 a week. He was arrested by Santa Ana officers.

Joe Rameriz, 42, Placentia, was lodged in the county jail yesterday by Placentia pouice on a drunk charge.

POPE PIUS MAKES SCALA SANTA VISIT

VATICAN CITY, May 25.—(UP)—Pope Pius XI today made his fourth trip from Vatican City since the signing of the Italian-Vatican treaty, and became the first pope since 1870, when relations between Italy and the Roman Catholic church were broken off, to hear a mass said outside the papal precincts.

The pope attended mass at the Basilica of St. John's in Lateran, and visited the Scala Santa or Holy Staircase and the Sancta Sanctorum.

U. P. Official To Lecture On Parks

A. T Jackson, district passenger agent of the Union Pacific system, Los Angeles, arrived in Santa Ana today for an inspection of the Santa Ana territory.

While Jackson is in this district he will deliver a lecture on Yellowstone National park and Southern Utah parks before the adult educational travel class, Frances Willard school, North Ross street, at 7:15 this evening. Mrs. Jackson will assist Jackson in his lecture and show stereopticon slides in natural colors of the scenery in both parks. The public is invited.

Hold Funeral For Kathryn W. Logue

Funeral rites for Mrs. Kathryn Agnes Watkins Logue, who passed away yesterday at her home, 918 Baker street, were held at 4 p. m. today at the Harrell and Brown chapel, observing the rites of the Roman Catholic church, it was announced today. Services and interment will be at Oakland, it was added. The deceased is survived by her husband, Robert E. Logue; one sister, Mrs. A. C. Canfield, Salinas, Calif., and several nephews and nieces.

THE "INSIDERS"

The revelations which have just been made in the examination of J. P. Morgan, and others in connection with the "House of Morgan," are anything but happy, and they strike, in some particulars, at the very same men that all the revelations have exposed.

When the "inside" special list of the Insulls was revealed, some of the same men were shown up as were in this list. One of them, Owen D. Young, had endorsed the loan of several million dollars to the Insull company, when he was unable to borrow money elsewhere. Dawes is another. It seems as though any time the blanket is pulled back, and there is an exposure of shady dealing in finance, among those connected with the whole business, you will find Dawes' name somewhere.

It was so years ago in the Lorimer case; it has been so in the money he received from the Reconstruction Finance Corporation; in the Insull company it was shown that he had loaned the depositors' money, and now, in this case, he is shown to have been on the "inside" in the deals with Morgan.

President Roosevelt will have something to look after immediately, as this brings out in an unsavory way, the Secretary of the Treasury, Mr. Woodin.

We are glad to note the statement of Senator McAdoo, as published in today's paper, for it clears him of the implications involving these others.

We are rather weary of having these so-called "noted", "able", "outstanding" financiers, like Owen D. Young and "Charley" Dawes and Charles Mitchell, and all the rest, advising the country as to what is for the country's best interest, when, as a matter of fact, behind the scenes they are manipulating things with the very institutions whose activity in question is for their own interest and against the interest of the people.

It is such things as these that destroy confidence in our institutions. And it is only by the exposure and the complete clean-up that confidence can be restored. If President Roosevelt permits Secretary Woodin to remain; if there is no change made, we will be greatly surprised. It would indicate that this kind of thing is approved by our national chief executive. It is frankly unthinkable.

The people are beginning to understand how they have been robbed of their money; how the "insiders" have made money out of the uninitiated by buying their stock at actually lower prices, and then being able to sell to the "suckers" outside.

And withal, note how the "House of Morgan" has received the deposits of great financial institutions, almost to the extent of their total assets, no securities being given these institutions keeping on deposit a million or more, for which the Morgans have been paying at the highest rate, 2 1-2 per cent, and now 1-2 of one per cent. Depositors' money from all over the country being placed in Morgan's bank at a half of one per cent interest and the farmers throughout the country paying seven and eight per cent interest, starving, going into bankruptcy, and raising riots!

Pulling back the blanket, and showing this rotten mess, certainly will justify the farmers in their action, in the minds of millions of people, and will cause a greater determination on the part of all to have a real clean-up. But a clean-up that permits any such condition to be repeated will be no clean-up at all.

Behold the spectacle as described by one on the scene:

> The aristocratic Morgan with a background of steam yachts, hunting lodges in Scotland, and a domination of American finance that staggers the imagination—and opposing him the almost unheard of struggling Italian-born lawyer, arising from an American sweat shop, to aim his slingshot at the mighty Goliath.
>
> Just down the marble steps outside of the hearing room telegraph wires are monotonously clicking off the inside story of how the men once described as "the rulers of America" actually operate.
>
> It is the timing of these disclosures which gives them their terrific impact. First the house committee was considering raising the income taxes of the average citizen. Next it is revealed that Morgan, although apparently not pressed financially, inhabiting three floors of Washington's most expensive hotels, attended by his retinue, paid no income taxes in America for three years. Then it develops he paid taxes to the British government while not paying them at home.
>
> Then it appears that many of the country's leading bankers because they were "good fellows" and friends of the Morgans, were given large personal loans running into millions, on which shrinking collateral was far inadequate. Next it develops that key men and two men who will be in the key positions ten years hence were given favored opportunities to buy stock below the market.
>
> These are facts which the average man, unversed in the intricate windings of high finance, can understand. They strike him at a moment when he already feels a deep sense of outrage at the way the world has gone of late. It is this situation, which might not have been as striking against the background of 1929, that makes the Morgan story one of the epics of the century.

CREDIT EXPANSION

Beginning Tuesday, the Federal government inaugurated its program of credit expansion. The plan is for the government to buy farm mortgages and to pay for them with the money it derives from the sale of new bonds. The government will also buy some of its own bonds and pay for them with newly printed federal reserve money.

The idea is to raise the price of staple products and to restore the value of property and investments.

In 1920 the national wealth of the United States was 488 billions of dollars. Farms and farm prices were at their peak.

In 1929, when city real estate and business investments were at their peak, the national wealth had already dropped to 362 millions.

In 1932 our national wealth had fallen to 247 billions of dollars, according to the national industrial conference board. National wealth means the dollar value of the country's land, factories, buildings and other tangible goods.

The amount of business done by check in 1929 is estimated at 1,000 billion; in 1932 this figure had dropped to 300 billion. The data from which these figures are derived are contained in the federal reserve board's annual report which was submitted to Congress on Monday.

Everybody is aware of the tremendous loss of business in all lines; and the cry has been for more money. Yet it appears that there exists more money to do business with in proportion to the business done, than existed in 1929.

Every dollar deposited in our bank in 1929 changed ownership 45 times during the year. But each dollar deposited in 1932 changed ownership only 16 times. In other words, the rate at which money is passing from hand to hand is only one-third the speed at which the transfer was made in 1929.

The conclusion is that we have plenty of money to do business with; that if money changed hands as rapidly today as it did in 1929, we have sufficient bank credit to do 3 times the present volume of business.

Roosevelt's declaration to extend credit in generous amounts, and "go easy" on the issue of new currency, would appear to be in line with the facts as they have been set out.

What this country needs now is not more five-cent cigars; it needs credit. Home, farm and business owners must have cheaper money. They must have money at lower rates of interest. Unless they get it, it will not pay to own property for the simple reason that the lender on such property takes all the benefits deriving from ownership in the form of interest and the owner has nothing but "grief." Under such conditions, owners become discouraged and property is sacrificed; and values decline; and the awful truth is that values can decline to the point where no investment is "safe." In some farming areas, and in some industrial sections abandoned farms, homes, places of business and factories are mute testimony of the depth to which values can sink. The mythical rock bottom has turned out to be no bottom at all in some sections of the country.

Those people who have loaned money and are not now receiving interest, should put forth every effort to make the home and farm loan acts a success. The first principle of all investment is to safeguard the principal. These new government bonds are the answer to many worried investors. The unqualified success of the government's program alone will stop the continuous decrease of investment values, and unless investments become "safe," unless the principal of a loan is sure to be returned, we can have no prosperity. The interest of all are therefore bound up in the administration's program to rehabilitate first our credit structure, and then our price structure.

WHITTIER BOYS' SCHOOL NOW ON FINE FOUNDATION

We believe that Governor Rolph should be commended for the fine work that is now being done in the Whittier School for Boys.

We have had occasion to criticize some of the appointments in that school, as we felt that the Governor did not realize the character of the institution, and the obligations that the state was under, as trustees and guardians for those placed in its charge. But when the full realization came, changes were made, and Judge E. J. Milne was placed in charge. He is a man who by training, temperament, and experience is well qualified to carry on this institution in the same manner as it was carried on by Dr. Scudder and others.

We had the pleasure a few days since of sitting in at a trustees' meeting, where reports of the work that is being done were made by the superintendent, and recommendations of various kinds were presented. A representative of the Governor attended. The spirit of the group, the harmony in carrying their plans out, the intelligent interest that all showed in the work, left little to be desired.

Knowing something of the conditions through which the institution has recently passed, we congratulate the Governor and the trustees in working out the whole matter so well. We are confident that the most severe critics of Governor Rolph, in respect to the institutions, are highly pleased over the final developments. Whittier School for Boys is carrying on its work with high purpose.

Accident Takes Great Collegian

Pasadena Star-News

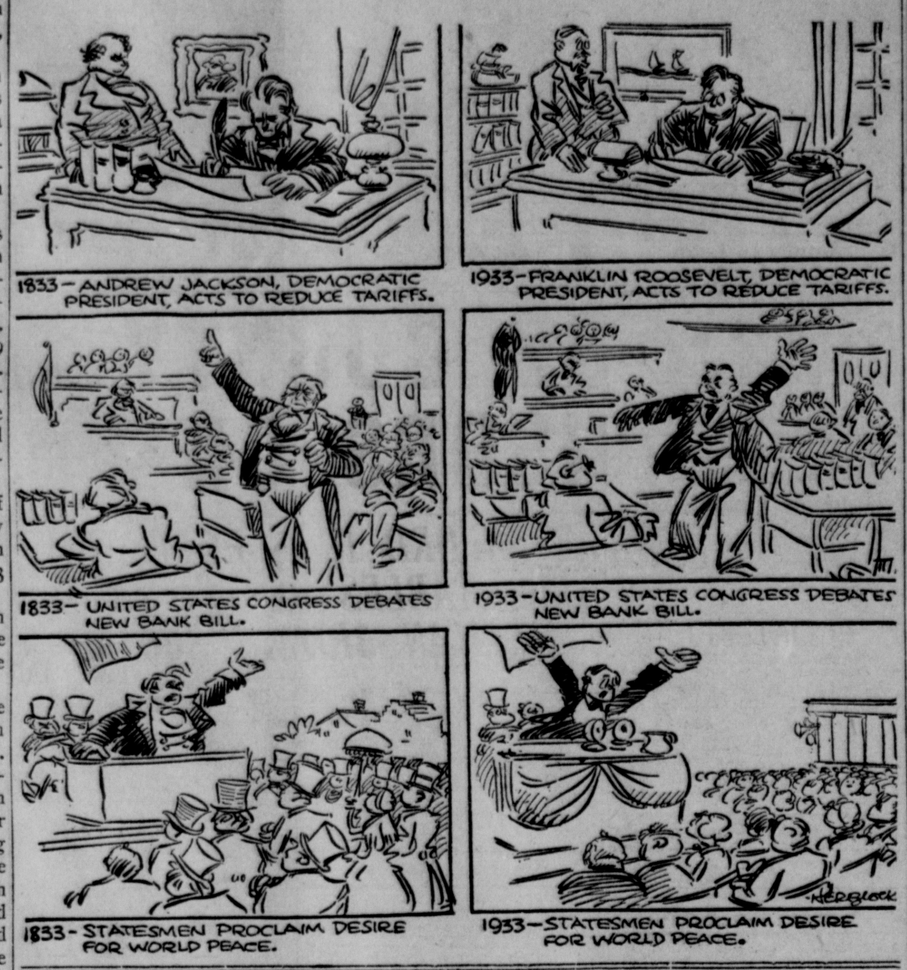

Within a month death has taken two great and internationally known scholars and educators whose lives and names are to be forever linked with Princeton University. Following the passing of Henry Van Dyke comes the sudden and tragic death of President Emeritus John Grier Hibben, the victim of an automobile crash.

While perhaps less versatile in his talents and therefore less widely known, Dr. Hibben in his own field stood shoulder to shoulder with Dr. Van Dyke and by those who knew him was equally beloved.

Closely connected with the interests of Princeton University for more than a half century, the life of Dr. Hibben is curiously marked by ten-year cycles. Receiving his bachelor's degree from that university in 1882, he subsequently studied in Germany, attended the theological seminary at Princeton, preached, and ten years later returned as a member of the faculty. His appointment to a professorship followed approximately a decade later and just three decades after he received his diploma he became President of that institution.

Dr. Hibben served as President for two decades retiring in 1932 as President Emeritus. During his term as President he was successful in greatly increasing the university's endowment and achieving the surprising feat of approximately doubling the school's enrollment in the face of greatly stiffened entrance requirements.

FRIENDLY WARNING

No more the tiny pungent clove
Will prove the toper's treasure-trove
Because it hides
The scent of "tides"
In fashion most effective.
For science now has found a way
To locate any faint bouquet
That still remains
In bibblers' veins;
In brief, it's turned detective.

A needle sunk beneath the skin
Will ferret out rye, rum or gin,
Though none remain
To fog the brain
When they have been partaken.
It works its wonder in a trice
Directs its methods, and precise,
It never slips,
It never trips,
It cannot be mistaken.

So, if you've told your better half
That only temp'rance stuff you quaff,
And would not drink
E'en mild red ink,
Please do not let it grieve you
When you find out that she's more wise
Than in your folly you surmise.
She'll know what's what,
And you cannot
Expect her to believe you.

CORRECT THIS SENTENCE: "WE'VE LEARNED OUR LESSON," SAID HE, "AND WE WON'T BE SUCH EASY MARKS WHEN TIMES ARE GOOD AGAIN."

(Copyright, 1933, Publishers Syndicate)

We was eating supper, being stake under onions, and ma said to pop, Well, it took me practically the whole afternoon, but I found out the truth.

That w as quick work, pop said. It takes a lot of people all their lives, and even then they dont find out the truth, he said, and ma said, I've felt these twinges in my fingers for several days now. Were they roomatizm or weren't they, that was the question. If it wasn't roomatism I wanted to ease my mind by finding out as quickly as possible, and on the other hand if it was roomatism I didn't want to continue living in an ignorant blissful fool's paradise. In other werds, there's nothing I detest more than uncertainty. I want to look the truth in the face and not hide behind its back. So I went strate to Dr. Rorer and asked him in point blank English whether I had roomatism or whether I didn't, ma said.

Yes yet go on, pop said, and ma said, Well, he asked me a few insignificant questions, and then announced in an irritating cock-sure manner that the twinges were roomatism and that I would haff to go on a long diet. Well, I can assure you I wasn't going to take a casual offhand diagnosiss like that as final when what I wanted was the absolute truth, so I hide me to Dr. Riggly, he's the Hewses doctor and Maud tells me he's wonderful, and so he is, because it didn't take him 5 seconds to discover that the twinges were ony a temporary passing simtom, practically meeningless, so now I know the truth and my mind is at rest, ma said.

By gollies, that's remarkable and I propose a toast to the fair truth seeker, may all her twinges be happy ones, pop said, and ma said, That's very sweet of you Willyum.

Wich by that time he was in back of the sporting page.

Thoughts On Modern Life

By GLENN FRANK

THE HUMANIZATION OF GOVERNMENT

I am not at all alarmed, as some observers seem to be, over the extraordinary powers lately lodged in the hands of the President.

Responsibly used, this delegation of extraordinary powers is likely to result in the humanization and nationalization of government p olicy and action rather than in the abdication of popular government.

It has readily resulted in a very real humanization of the national government.

The realization that the people will sooner or later call him to account for his trusteeship of these extraordinary powers has prompted the President to talk about the problems of government in intimate fashion with the people over the radio.

Quite apart from the content of the President's latest fireside chat with the American people, the act itself, which I hope will be repeated as occasion demands, is salutary in bringing the government close to the minds of the voting millions who, save in times of unusual stress, have shown a growing disinclination to make use of their right of suffrage.

Our representative system in later years has failed to give us a national voice.

The Senate, no less than the House of Representatives, has tended to become a battle ground of competing local interests.

It has been virtually impossible to work out a realistic and integrated foreign policy.

The President is the one person best placed to speak for the whole people above the battle of special and local interests.

As government has become more and more democratic, self-government has tended to become selfish government.

Quite apart from the present emergency, I think we must move more and more in the direction of making the President, in fact as well as in theory, the national leader in policy and action, with Congress more and more a body with the utmost freedom of debate for the criticism and clarification of presidential leadership, but less and less a body able to bring about a practical paralysis of creative government.

Out of the experience of this emergency we may find some light to lead us into governmental policies and procedures w hich will be less a venture in mutual cancellation of effort than the government of the last ten years has been.

Our Children

By Angelo Patri

MISDIRECTED LABOR

Poor Aunt Mary was very tired. She had been through a long hard day. No, she couldn't think of going to the theater. Bed was the only place for her. All day long she had been taking mother's place. "How she ever goes through with it day after day is a mystery to me. It is enough to kill a horse." The family listened in polite silence. They were sorry Aunt Mary was so tired, but why was she that way? Mother would not have minded it at all.

Poor Aunt Mary was a conscientious, earnest, thorough soul and did her duty if she died for it. Did it hard. If she could have done it easily she might have enjoyed the doing and gone to the play as well. When she rode in the car with the children on the way to school she sat stiff as a ramrod, holding on the strap, feet braced against the rail and her teeth locked. Every time a car approached she set her teeth harder and braced herself against the floor of the car more rigidly. When she reached the school she was so stiff in the knees that she tottered when she reached the sidewalk.

The children raced up the walk, which was alive with children, some on roller skates, some on kiddy cars, some on flying feet. Aunt Mary held her breath until her charges had passed through safely. Then she heaved a sigh and entered the car to go to market. All the way she held herself hard and drove the car in her mind as well.

When the butcher cut a steak she pressed on his knife. When the grocer lifted a heavy bag of sugar, took down a can from the high shelf, Aunt Mary did it for him behind her rigid mask. She shook and trembled inwardly at the dangers through which mankind had to force its way from sunrise to sunset and she suffered. Poor Aunt Mary.

Once at home she took up the burden of the household. She went from room to room on her heels, clip, clip, clip, jarring her spine with every footfall. When she went upstairs she drove t he full power of her one hundred and sixty pounds into each step. She charged her voice with all the stored up energy in her body. "Did the mailman come?" carried as much pressure and anxiety as though it were a matter of life and death. In the words of Gerald Stanley Lee, "Aunt Mary spilled herself all over the street." No wonder she was tired.

We are all guilty of wasting energy. We drive ourselves instead of allowing our power to carry us. We make what ought to be an almost unconscious motion a matter of sternly directed will. We sit down in a chair and hold it down with grim determination when, if we had the good sense to remember it, the chair was there to do the holding and we were there to rest.

Even when we lie down to relax we press the bed down under us instead of remembering to let the bed carry us. We get ourselves all mixed up with what ought not to concern us. We have charged our minds and bodies with sufficient energy to carry us through any ordinary day without tenseness and rigidity but we make ourselves work under the brakes of our will and so drag our own weight after us w herever we go. The human mind will carry a great part of one's body weight if we will only give it a chance. It is useless to tense ourselves as we do. We end by going to bed. I know—take my word for it.
